Pandora Robert Burleigh,2002 An inspired retelling of a classic tale

Pandora Anne Rice,2010-11-17 Anne Rice, creator of the Vampire Lestat, the Mayfair witches and the amazing worlds they inhabit, now gives us the first in a new series of novels linked together by the fledgling vampire David Talbot, who has set out to become a chronicler of his fellow Undead. The novel opens in present-day Paris in a crowded café, where David meets Pandora. She is two thousand years old, a Child of the Millennia, the first vampire ever made by the great Marius. David persuades her to tell the story of her life. Pandora begins, reluctantly at first and then with increasing passion, to recount her mesmerizing tale, which takes us through the ages, from Imperial Rome to eighteenth-century France to twentieth-century Paris and New Orleans. She carries us back to her mortal girlhood in the world of Caesar Augustus, a world chronicled by Ovid and Petronius. This is where Pandora meets and falls in love with the handsome, charismatic, lighthearted, still-mortal Marius. This is the Rome she is forced to flee in fear of assassination by conspirators plotting to take over the city. And we follow her to the exotic port of Antioch, where she is destined to be reunited with Marius, now immortal and haunted by his vampire nature, who will bestow on her the Dark Gift as they set out on the fraught and fantastic adventure of their two turbulent centuries together. Look for Anne Rice's new book, Prince Lestat and the Realms of Atlantis, coming November 29, 2016.

Pandora Voltaire,2013-08-02 Fate would make us wretched here, But hope shall dry up every tear; In sorrow he shall give us rest, And make us even in anguish blest: Love shall preserve us from the paths of vice, And strew his flowers around the precipice.

Project Pandora Aden Polydoros,2017-08-01 Tyler Bennett trusts no one. Just another foster kid bounced from home to home, he's learned that lesson the hard way. Cue world's tiniest violin. But when strange things start happening—waking up with bloody knuckles and no memory of the night before or the burner phone he can't let out of his sight—Tyler starts to wonder if he can even trust himself. Even stranger, the girl he's falling for has a burner phone just like his. Finding out what's really happening only leads to more questions...questions that could get them both killed. It's not like someone's kidnapping teens lost in the system and brainwashing them to be assassins or anything, right? And what happens to rogue assets who defy control? In a race against the clock, they'll have to uncover the truth behind Project Pandora and take it down—before they're reactivated. Good thing the program spent millions training them to kick ass... The Assassin Fall series is best enjoyed in order. Reading Order: Hades Rising (prequel novella) Book #1 Project Pandora Book #2 Project Prometheus

Pandora's Vase Cari Meister,2011-07 Pandora is always curious. When a messenger arrives with a beautiful golden vase from Zeus, Pandora is entranced by it. She longs to open its lid, but Zeus has told her not to. Will Pandora be able to keep her curiosity under control?

Be Patient, Pandora! (Mini Myths) Joan Holub,2014-09-16 When Pandora is warned by her mother not to open a box, her spirited curiosity trumps her obedience. Pandora harmlessly touches the box, innocently leans on the box, and eventually, albeit accidentally, bursts the box open! The cupcakes that were hidden inside are ruined, except for one last vestige, which Pandora presents in the hope that her mother still loves her. Leslie Patricelli's depictions of this physical comedy bring a lively narrative to Joan Holub's carefully crafted text. Includes a summary of the original Pandora's Box myth at the end. Also available in the Mini Myths series: Don't Get Lost, Odysseus and Good Job, Athena! Praise for Mini-Myths: Be Patient, Pandora! These adorable volumes feature the title characters learning important life lessons with slight allusions to their Greek mythology counterparts. --School Library Journal

Pandora Brown Mary Sheldon,2004 Dreaming of finding success outside of her Palm Springs upbringing, Pandora Brown takes over her uncle's Los Angeles agency after his unexpected death, only to encounter backstabbing, the cutthroat world of Hollywood ambition, politics, revenge, and obsession. 25,000 first printing.

Pandora Laura Layton Strom,2012 What if you were given a locked box as a gift and told to never open it? Pandora received this gift from Zeus, the head of the Greek gods. What could be so important that it needs to be padlocked shut?

Pandora Driver John Picha,2011-03-17 It was the 1930s. The avarice of the elite had plunged the country into the Great Depression. Class warfare was being waged, and someone was about to snap! Young Betty McDougal discovered how hard life could be when her family was evicted from their farm and forced to live in a Citadel City shelter. They struggled to survive. It was a time of desperation, sin, mistakes and lessons Betty didn't want to learn. Her life felt pointless until a mysterious stranger delivered her an ominous black car. It transformed her. Pandora Driver was the relentless avenger of the common man sifting right from wrong in a realm where the villains were the local gentry and the heroes were outlaws. Pandora was a mistress of disguise who used sly audacity and an unstoppable Car-of-Tomorrow to unleash chaos into the halls of wealth and power. She infiltrated the unscrupulous rulers of Citadel City and adopted their unsavory methods to usurp them. Her fight was the fight of the ages. She was the fist of the people battling greed, graft, inequality, and exploitation. Her time was in the past, but the problems were the same blights facing society today. She intervened when law enforcement or the justice system failed citizens. Sometimes her methods were unsettling. Battling sin in the filth where it resides can dirty even the purest hearts; the good old days we remember in monochrome were lived in color. In a time when good and evil was simply black and white, Pandora lived in the gray area. Pandora Driver: The Origin, summons the spirits of pulps past and adds dieselpunk hardware. This retro-hero tale is for mature readers. It ain't Shakespeare. It's pure Pulp!

Pandora the Curious Joan Holub,Suzanne Williams,2012-12-04 Pandora is quite an inquisitive Goddess Girl—but she could stand to be more cautious. Pandora is one of the few mortals at Mount Olympus Academy—and probably the most curious of all the students in school. Her quizzical nature is famous—not that she thinks there is anything wrong with being curious, of course! When a godboy named Epimetheus brings a mysterious and fantastical box to school, Pandora's curiosity is piqued. And when it unexpectedly lands in her lap—literally—she can't help but take a look at what's inside. What could be the harm in that? But little does she know that opening the box will open up more trouble than she thought...

The Pandora Sequence Frank Herbert,Bill Ransom,2013-03-06 All three novels in the New York Times—bestselling science fiction fantasy series about the survival of a

human colony in the wake of AI. From Frank Herbert, the Hugo and Nebula Award-winning author of *Dune*, in collaboration with Bill Ransom, the bestselling series that began with *Destination Void*. The Jesus Incident opens as Ship, an artificial intelligence with godlike powers delivers the last survivors of humanity to a horrific, poisonous planet, Pandora—rife with deadly Nerve-Runners, Hooded Dashers, airborne jellyfish, and intelligent kelp. Chaplain and psychiatrist Raja Lon Flattery is brought back out of hibernation to witness Ship's machinations as well as the schemes of human scientists manipulating the genetic structure of humanity. The Lazarus Effect takes place centuries later. The descendants of humanity, split into Mermen and Islanders, must reunite . . . because Pandora's original owner is returning to life . . . The series concludes with *The Ascension Factor*. Pandora is now in the grip of the clone known as Director. The resistance's main hope is Crista Galli, believed by some to be the child of God, and the fight for Pandora spreads ever wider.

Pandora: Resistance Eric L. Harry, 2020-01-07 THE BATTLE LINES ARE DRAWN Scientist Emma Miller was the first American infected in the Pandoravirus pandemic, which triggers violent rages and sociopathic homicide. No longer fettered by morality or emotion, she has attracted millions of followers, both infected and uninfected. But is she America's worst nightmare—or its only hope? Emma's twin sister Isabel and brother Noah struggle against the threats posed by rampant infection, deadly civil unrest, and desperate government measures. Their—and humanity's—only chance for a future may lie in an alliance with Emma and her expanding community. Will it be peace between Infecteds and Uninfecteds, or eradication of one group by the other? While cities burn and social order crumbles, one family's fight to survive will determine the future of civilization. Praise for Eric L. Harry and *Pandora: Outbreak* “Like Crichton and H.G. Wells, Harry writes stories that entertain roundly while they explore questions of scientific and social import.” —Publishers Weekly “Harry's vision of an apocalyptic plague is as chilling as it is plausible. This masterful thriller will leave you terrified, enthralled, and desperate for the next entry in the series.” —Kira Peikoff, author of *No Time to Die* and *Mother Knows Best* “After a devastating epidemic that changes the very nature of humans, two sisters, an epidemiologist and a neurobiologist, hold the key to humanity's survival.” —Library Journal

Revelation Wesley D. Pillay, 2013-07-15 It has only been six weeks since Lucas gave his all in the brutal battle against Nicholas. A day that still sends shivers down his very human spine. Now his sights are set on obtaining the impossible! The United Nations are sending Luke and his friends on the Fairy-tale quest to find Pandora's Box. Only this time, the story isn't a Fairy-tale but a Nightmare! The box was hidden for a reason and hidden it should stay! Lucas soon realizes he bit off more than he could chew. Is it possible for their destiny's to meet once again?

Healing Pandora Gail Thomas, 2009-09-29 The story of Pandora is one of the most resonant in Greek mythology. As *Healing Pandora* shows, it's also one of the most relevant. Psychologist Gail Thomas has used Pandora in her practice for two decades, often with profound results. Cast in popular accounts as the evil bringer of doom to humanity in divine retaliation for Prometheus stealing fire, Pandora, in Thomas' view, is a much more complex character, with enormous healing powers as well as her better-known destructive capacity. In this revelatory book, Thomas shows Pandora's true nature as the dark but all-giving feminine, the archetypal vessel of culture and city with the power to heal our culture. Pandora's task is to help us transform our overwhelmingly material civilization into a culture of undivided participation and engagement. Part one discusses Pandora's multifaceted persona as both beautiful evil and divine benefactress. Here Thomas contextualizes Pandora in the cycle of myth and archetype. In part two, the author proposes a series of healing rituals—“Healing Our Fear of Sacrifice,” “Healing Our Dis-Ease,” “Healing the Control of Patriarchy,” and others—inspired by Pandora. Both practical guide and inspiring study, *Healing Pandora* argues persuasively for manifesting our inner work concretely on the cultural, not just personal, level.

Pandora's Book David Birch, 2021-06-25 Trees occupy a place of enormous significance, not only in our planet's web of life but also in our psyche. A Spell in the Forest - Tongues in Trees is part love-song, part poetic guidebook, and part exploration of thirteen native sacred British tree species. *Tongues in Trees* is a multi-layered contribution to the current awareness of the importance and significance of trees and the resurgence of interest in their place on our planet and in our hearts.

Pandora Gets Angry Carolyn Hennesy, 2011-02-01 Pandora and her friends are off to Persia to track down the fifth evil, Rage. Though they have camels to help them travel across the desert, mysterious sandstorms and frightening strangers keep them from moving quickly. And they are down one team member with Alcie stuck in the underworld (but not for long). The underworld's coolest teenager, Persephone returns Alcie to her friends. With their team back in full force, Pandie & Co begin asking everyone they meet about the evil. And a boy named Douban thinks he knows where Rage is hiding. He tells the tale of an evil genie who has cursed his family. Now the genie is trapped in a lamp and there's a good chance the evil is trapped in there with him.
