Tiff Sherrill Grace,2020-08-25 Timothy Findley (1930-2002) was one of Canada's foremost writers—an award-winning novelist, playwright, and short-story writer who began his career as an actor in London, England. Findley was instrumental in the development of Canadian literature and publishing in the 1970s and 80s. During those years, he became a vocal advocate for human rights and the anti-war movement. His writing and interviews reveal a man concerned with the state of the world, a man who believed in the importance of not giving in to despair, despite his constant struggle with depression. Findley believed in the power of imagination and creativity to save us. *Tiff: A Life of Timothy Findley* is the first full biography of this eminent Canadian writer. Sherrill Grace provides insight into Findley's life and struggles through an exploration of his private journals and his relationships with family, his beloved partner, Bill Whitehead, and his close friends, including Alec Guinness, William Hutt, and Margaret Laurence. Based on many interviews and exhaustive archival research, this biography explores Findley's life and work, the issues that consumed him, and his often profound depression over the evils of the twentieth-century. Shining through his darkness are Findley's generous humour, his unforgettable characters, and his hope for the future. These qualities inform canonic works like *The Wars* (1977), *Famous Last Words* (1981), *Not Wanted on the Voyage* (1984), and *The Piano Man's Daughter* (1995).

Pronoun Envy Anna Livia,2000-11-30 Controversy over gendered pronouns, for example using the generic he, has been a staple of feminist arguments about patriarchal language over the last 30 years, and is certainly the most contested political issue in Western feminist linguistics. Most accounts do not extend beyond policy issues like the official institution of non-sexist language. In this volume, Anna Livia reveals continuities both before and after the sexist language reform movement and shows how the creative practices of pronoun use on the part of feminist writers had both aesthetic and political ends. Livia uses the term pronoun envy ironically to show that rather being a case of misguided envy, battles over gendered language are central to feminist concerns. Livia examines a broad corpus of written texts in English and French, concentrating on those texts which problematize the traditional functioning of the linguistic gender system. They range from novels and prose poems to film scripts and personal testimonies, and in time from the 19th century to the present. Some withhold any indication of gender; others have non-gendered characters. Livia's goal is two-fold; to help bridge the divide between linguistic and literary analysis, and to show how careful study of the manipulation of linguistic gender in these texts informs larger concerns. This fresh and highly interdisciplinary work lies at the intersection of several vital areas, including language and gender, sociolinguistics, and feminist literary analysis.

The Oxford Handbook of Canadian Cinema Janine Marchessault,Will Straw,2019-03-20 The chapters in The Oxford Handbook of Canadian Cinema present a rich, diverse overview of Canadian cinema. Responding to the latest developments in Canadian film studies, this volume takes into account the variety of artistic voices, media technologies, and places which have marked cinema in Canada throughout its history. Drawing on a range of established and emerging scholars from a range of disciplines, this volume will be useful to teachers, scholars, and to a general readership interested in cinema in Canada. Moving beyond the director-focused approach of much previous scholarship, this book is concerned with communities, institutions, and audiences for Canadian cinema at both national and international levels. The choice of subjects covered ranges from popular, genre cinema to the most experimental of artistic interventions. Canadian cinema is seen in its interaction with other forms of art-making and media production in Canada and at the international level. Particular attention has been paid to the work of Indigenous filmmakers, members of diasporic communities and feminist and LGBTQ artists. The result is a book attentive to the complex social and institutional contexts in which Canadian cinema is made and consumed.
