HIV/AIDS in India Sunita Manian, 2017-06-14 India ranks third in the number of people living with HIV/AIDS globally. The country has high levels of poverty and inequality, poor healthcare infrastructure, especially away from the metropolitan areas, and a legacy of colonialism that bequeathed laws criminalizing non-heteronormative sexualities. These factors mean that many minority groups do not receive adequate access to preventative and treatment programs. This book explores the HIV/AIDS epidemic in India. Based on research in Tamil Nadu, it presents experiences of those marginalized by their sexuality and/or gender, their struggles and their triumphs. Based on interviews with male and female sex-workers, men who have sex with men, aravanis (male to female transgenders) and HIV positive women—groups usually not included in the policy-making by Indian government agencies, international donors and international NGOs—the author uses an interdisciplinary approach. The approach highlights the historical and cultural context, while providing contemporary narratives. The book thus presents a deeper, multi-dimensional, understanding of the context of the disease and comprehends the roots of the stigma and discrimination that exacerbate the epidemic. An important study of the global HIV/AIDS epidemic, this book will be of interest to researchers in the field of South Asian Studies, Sexuality and Gender Studies, Health Sciences and Public Health.

Connecting With Consumers Allan J. Kimmel, 2010-06-03 These are exciting times for business marketing professionals, yet the challenges imposed by ongoing social and technological developments are daunting. This book calls on marketers to make a choice: embrace the ongoing changes as opportunities for reshaping relationships with consumers, or cling to the past at the risk of becoming irrelevant.

Social - Local - Mobile Gerrit Heinemann, Christian Gaiser, 2014-11-20 In the future, shopping will be greatly influenced by a combination of localization issues, mobile internet at the point of sale, and use of social networks. This book focuses on the 'SoLoMo synergies' that arise from this paradigm shift in future shopping, which also promises new and effective marketing options for traditional

retailers. It also reflects the current status of research and business practice, analyzing the basic factors of SoLoMo in detail. The importance of Location-based Services (LBS) is elaborated and analyzed in an empirical study using a market based case of kaufDA – a leading German online shopping network. The evidence shows that customers see LBS as an attractive tool and are prepared to change their buying behavior. Though LBS is still in its early stages and its professional longevity remains to be seen, it also promises tremendous potential for the future.

Manifestations of Masculine Magnificence Teresa N. Washington, 2014-02-25 Manifestations of Masculine Magnificence: Divinity in Africana Life, Lyrics, and Literature is a remarkable study and the first of its kind. Teresa N. Washington eschews popular culture's pimp myths and thug sagas and traces the Africana man's power, creativity, and consciousness to his inherent divinity. Manifestations of Masculine Magnificence takes the reader to the source of power with an analysis of African Divinities and divine technologies. Washington explores the permanence and proliferation of African Gods from oppressive plantations to the empowering proclamations of such leaders as W. D. Fard, Marcus Garvey, Father Divine, and Allah, the Father. Washington analyzes the summonses to and from the Gods that resonate in the music of such artists as Erykah Badu, The RZA, Sun Ra, X Clan, and Rakim. Using literary analysis as a prism to display the diversity of Africana divinity, Washington reveals the literature of such writers as August Wilson, Walter Mosley, Toni Morrison, Ngugi wa Thiong'o, and Ishmael Reed to be three-way mirrors that eternally reflect and project the Gods, their myriad powers, and their weighty responsibilities. Manifestations of Masculine Magnificence will prove indispensable to independent scholars as well as scholars of Comparative Literature, Hip Hop Studies, Gender Studies, Africana Studies, Literary Criticism, and Religious Studies.

Tarekat Qadiriyyah Naqshabandiyyah : Studi Etnografi Tarekat Sufi Di Indonesia Emawati, Syukran Makmun dan Gunawan Anjar Sukmana, 2015-01-08 Islam adalah agama komprehensif yang mengaturseluruh aspek kehidupan manusia. Semua aktifitas manusia dimulai dari hal-hal yang bersifat dahir seperti ibadah dan muamalah hingga masalah-masalah aqidah spiritual yang kasat mata telah diatur dan diajarkan oleh Islam. Apabila kita telisik lebih mendalam maka nilai-nilai spiritual selalu ada dalam setiap ibadah dalam Islam.
