**Phantom Warriors: Book 2** Gary Linderer, 2007-12-18 MORE GRIPPING, NO-HOLDS-BARRED LRRP ACCOUNTS FROM THE FRONT LINES During the Vietnam War, few combat operations were more dangerous than LRRP/Ranger missions. Vastly outnumbered, the patrols faced overwhelming odds as they fought to carry out their missions, from gathering intelligence, acting as hunter/killer teams, or engaging in infamous "Parakeet" flights—actions in which teams were dropped into enemy areas and expected to "develop" the situation. PHANTOM WARRIORS II presents heart-pounding, edge-of-your-seat stories from individuals and teams. These elite warriors relive sudden deadly firefights, prolonged gun battles with large enemy forces, desperate attempts to help fallen comrades, and the sheer hell of bloody, no-quarter combat. The LRRP accounts here are a testament to the courage, guts, daring, and sacrifice of the men who willingly faced death every day of their lives in Vietnam.

*Unholy Warrior's Handbook* Robert J. Schwalb, Kyle Anderson, 2003-04-01 Green Ronin's critically acclaimed Book of the Righteous introduced the holy warrior, a customizable core class that lets you build unique paladins for all the good gods of your campaign. But what of the gods of evil? Surely they are not without their devoted champions, their anti-paladins? Enter the Unholy Warrior, a towering figure of depravity and unspeakable evil. He wields fire and sword in the name of dark masters, spreading blood and terror in equal measure. The perfect complement to The Book of the Righteous and The Book of Fiends, the Unholy Warrior's Handbook takes an unflinching look at evil's most dedicated servants.

*Phantom Warriors* Gary Linderer, 2008-12-10 Here are some of the most courageous missions executed by six-man teams on their own deep behind enemy lines. Ranging from the Central Highlands to the Mekong Delta to excursions—authorized and unauthorized—into Cambodia, these gripping accounts begin when the call first went out for covert U.S. long-range reconnaissance patrols in late 1965, continue through the battles of Tet, and go all the way up to the final, tortured pullout. These are LRRP, LRP, and Ranger units at their finest, under the most desperate circumstances: one team surrounded by the enemy with no choice but to break out of the trap—or die, another caught in an ambush of horrific proportions. When recon missions suddenly became contact missions, when grenades started flying and AK-47s were smoking, each man's life was instantly on the line—and only his skills and the grit of his teammates could prevent certain death. These highly trained warriors were among the best America had to offer, and they

gave their best, no matter how high the price. . . .

Phantom Soldier H. J. Poole, 2001 Phantom Soldier is now on the U.S. Army's most prestigious pre-deployment reading list for a reason. It won't please those who have come to believe that wars are won and casualties limited through technology, or that the victor's version of one is always correct. But, all U.S. security personnel should read it. Possibly the West's best treatise on Oriental warfare, it sheds new light on what Asian infantry can do: (1) alternate between guerrilla, mobile, and positional warfare; (2) use ordinary forces to engage and extraordinary forces [infiltrators] to defeat; and then (3) retreat to save lives. What occurred in history doesn't change, but one's perception of it does--as he comes to better understand his former foe. Here's what really happened at Guadalcanal, Iwo Jima, Chosin Reservoir, and Hue City. Those who believe this book's cover art to be fantasy have only to google the term *dac cong*. Through how the NVA held their own without resupply, tanks, artillery, or air power, U.S. grunts could better survive the more lethal enemy weaponry of the 21st Century.

Phantom Warrior Forrest Bryant Johnson, 2007-08-07 This is the story of John McKinney who received the Medal of Honor for his actions against a Japanese surprise attack. On May 11, 1945, McKinney returned fire on the Japanese attacking his unit, using every available weapon--even his fists--standing alone against wave after wave of dedicated Japanese soldiers. At the end, John McKinney was alive--with over forty Japanese bodies before him. This is the story of an extraordinary man whose courage and fortitude in battle saved many American lives, and whose legacy has been sadly forgotten by all but a few. Here, the proud legacy of John McKinney lives on.

This book contains everything you will need to play or run a game in *Dead Stars* as well as rules for using the Universal Decay system in alternate genres, incorporating everything from swords and sorcery to vehicle energy weapons, personal armor, nanotechnology and starships.

**Warriors at 500 Knots** Robert F. Kirk, 2017-01-17 This book is a sequel to the author's first book about the F-4 and its pilots during the Vietnam War. It adds ten additional stories. These stories show the commitment to duty of the brave men who flew the F-4 and the pain that duty cost them. As the ground war struggled for success in Vietnam, it became intensely clear that the skies had to be owned by the Allies for victory to have a chance. It was the F-4 and its pilots that made that possible. The author, a Phantom pilot himself, details intense stories of undaunted and valiant American pilots

with their legendary fierce Phantom. These are personal stories of intrepid courage and self-sacrifice to get the mission done whatever the cost. Fierce and unflinching battles to save friendlies and destroy a ruthless enemy are all recorded over forty years later. These are true tales of war at five hundred knots.

**Black Ninja Handbook** The Dark Lords, 2018-08 This full-color, hardcover book is a training manual for the shadow warriors of our Empire. It is written for Acolytes of our Black Brotherhood who choose to specialize in the dark arts of espionage, sabotage, assassination, stealth, scouting and covert operations of every kind. Make no mistake: this is a dangerous book. The skills and ideas described herein are based on the hard-won knowledge of real shadow warriors who operated for centuries in harsh conditions, where the price of failure was often terrible death. Their very name--Ninja--meant those who lived with their hearts under a blade; those who walked a path of danger and faced death as a way of life. Such dangerous knowledge is not meant for armchair ninjas who enjoy stories about Leagues of Shadows but have no intention of putting any of it into practice. No! This book is for those with the courage and will to act, to train and to transform themselves into lethal shadow-beings. Our Empire will need an army of such men of action to take our visions from the realm of imagination into the realm of material reality. With the publication of this book, we are putting out a call and a challenge to those who wish to become the most feared operatives of our new Imperial order: the dark knights we call Black Ninjas. So read on, and discover if this is to be your destiny. In the words of a haiku I wrote the other day: Ninja clans unknown In shadows training, creeping Are you one of us? DRED NIGHTSTALKER Master of Black Ninjutsu The Black Temple Complex, Imperial Year 6, Month 6 (February, 2017)

**F-4 Phantom II Society** Turner Publishing, 2001-09 (From the introduction) The Phantom was, and still is, used as a term of measurement in fighter talk. As this was written, some forty-two years after first flying, the Phantom is still receiving upgrades as a front fighter noise, smoke and forward motion by the Phantom. But the day will come when the Phantom will no longer take the skies in military service. Then it will only be seen by the public as an exotic flying warbird and perhaps on the ground of a museum where it joins other icons of the past. With this book the Phantom Society honors all those who have manufactured, worked, maintained, and flew the F-4. To those fortunate enough to have the Phantom in their past, even if only to see it fly, reminisce; to those in the future who will never see the Phantom fly, you missed the show.
