*Within the Frame* David duChemin,2016-06-06 Within the Frame (2009) received critical recognition for its humanity and practical teaching, and in this revision of his classic best-selling book, David duChemin encourages you to search for what matters to you and not give up until you convey it

through your photography: “I’m chasing my vision, and you will chase yours in the places best suited to that. What’s important is that you chase that vision intentionally and with passion, refusing to let it be anything but yours and yours alone.” Through a heartfelt discussion about creating photographs of people, places, cultures, and the discovery of a personal point of view that makes those stories compelling and authentic, David teaches how to seek and serve your creative vision through the art of photography by highlighting images from his adventures around the world. Regardless of the setting, it’s the lessons about the central role of vision and expression in photography that sets this book apart, even if you never wander far from home. David shares the nuances of approaching different subjects, the value of scouting locations (and wandering in unfamiliar places), techniques for photographing landscapes, how to capture a sense of place and culture with sensitivity through images of food, festivals, art and faith, and more. This edition includes new images, creative exercises, updated chapters, a streaming companion video, and discussions about changing perspectives, including an increased focus on landscape photography. Most importantly, David maintains the crucial theme of vision—and he helps you find, cultivate, and pursue your own, and then fit it within the frame. “If the book simply stayed right there in the realm of how-to, go-to advice, it would be a wonderful book indeed. But it crosses the line from useful to inspired because David opens up much more than his camera bag. He opens his considerable heart and mind, both of which belong to a masterful storyteller driven by an acute sympathy for the human condition, coupled with an intense curiosity and respect for both the differences and the sameness of the world.” –Joe McNally, photographer, author of *The Hot Shoe Diaries* and *The Moment It Clicks* “David does something here that few have ever done—he not only shows his absolutely captivating images, he shows the thought process behind those images, as well as how to start capturing the types of images we all long to take. People will be talking about this book for years to come. It’s that good!” –Scott Kelby, photographer and best-selling author “Some photographers inspire you with how great their photographs are, while other photographers inspire you to be a better photographer; David duChemin does both in *Within the Frame*.” –John Paul Caponigro, photographer

**Ghost in the Tamarind** Subramanian Shankar, 2017-09-30 Who can you love? What do you owe to love and what to the world at large? Such are the questions that drive the story of Ramu, a Brahmin man, and Ponni, a woman of the Dalit “untouchable” caste. Set against the backdrop of twentieth-century South India, the novel takes readers from the 1890s village where Ramu’s grandmother grew up to the Emergency years of 1970s Madras. Against this sweeping canvas unfolds the drama of Ramu and Ponni’s forbidden love, inescapably intertwined with the great struggle against caste oppression. Caught up in the entanglements of love and politics, the couple risk everything to fight for a better society. Will they succeed? Steeped in history, this memorable inter-caste love story shows ordinary people moved to uncommon courage in their desire to make a difference in a ruthless world.

**The Canwell Files** M. Kienholz, 2012 Court-certified expert on Soviet Communism and controversial figure in the Pacific Northwest, Albert Canwell, born in Spokane, Washington, followed his father (one-time Pinkerton detective), with his brother Carl (Spokane Public Safety Commissioner) and nephew David (CIA), into law enforcement. He married the daughter of a prominent Harvard-educated surgeon and raised six children at Montvale Farms on the Little Spokane River. Elected Washington State representative, Canwell was aptly chosen to investigate the notorious Democratic Capitol Club, and served as appointed chairman of the state's un-American activities committee. After unsuccessful campaigns for Congress, Canwell established the American Intelligence Service providing material from his personal files to private parties, businesses, and government agencies (FDA, FBI, INS). His life, effective activism, and network (security experts J.B. Matthews, Louis Budenz, and Whittaker Chambers; legislators, and U.S. presidents) were a lightning rod for approbation and condemnation by friends and enemies. Repeated smear campaigns, professional agitation, and uninformed pseudohistorians, left a wake of disinformation and historical inaccuracies about his career and data contained in his files. As political historian and biographer, Kienholz shares the contents of his files and corrects a web of distortions and propaganda promoted by adherents to Soviet Communism.

**Postcommunist Film - Russia, Eastern Europe and World Culture** Lars Kristensen, 2013-02-28 A post-communist condition has arisen from the fall of the Berlin Wall and later the Soviet Empire: this book looks at how this condition has manifested itself globally in the production of post-communist film. It argues post-communism is a shared experience on a geopolitical level, unlimited by national state

borders, and examines post-communist cross culturalism and global totalitarianism within film. The book examines different national cinemas and dissimilar cinematic modes - from Russian blockbuster cinema to Chinese independent cinema; from Serbian city films to revolutionary films of Mozambique - all formulated as within the postcommunist condition. It considers the postcommunist film in terms of transnational and World cinema. It covers a wide range of films from small and independent filmmaking to mainstream, popular cinema, and explains post-communist signifiers as manifested in visual culture both inside and outside former, and current, communist countries.
