Tech-Savvy Reading Promotion Nancy J. Keane,2019-04-17 Unleash new possibilities for reading promotion and readers' advisory with these technological tools that can help you to catch the interest of young readers and direct them toward positive reading experiences. Gone are the days of browsing library bookshelves—today's readers live much of their lives on their devices. Learn how to meet these young readers in their online activities by using technological tools that support independent reading and reading choices. This book shows you how to use not only more traditional social media such as Facebook and blogs but also video, audio and print applications, databases, and more. You'll learn how to use new apps such as Moovly, Koma Koma, and Booksnap; well-known media including Twitter, Skype, Flickr, and Goodreads; and Soundcloud, Smore, Flipgrid, and ebook clubs for reading promotion and readers' advisory. For each of these technologies, you'll find a brief description of the platform, its content and applications, notes about the platform and its cost, how to use it for book promotion, and step-by-step instructions for promotional activities. Screenshots and drawings illustrate the instructions.

Hands-On Science and Technology for Ontario, Grade 2 Jennifer E. Lawson,2023-12-01 Hands-On Science and Technology for Ontario, Grade 2 is an easy-to-use resource for teaching the five strands of the Ontario science and technology (2022) curriculum: STEM Skills and Connections Life Systems: Growth and Changes in Animals Matter and Energy: Properties of Liquids and Solids Structures and Mechanisms: Simple Machines and Movement Earth and Space Systems: Air and Water in the Environment Hands-On Science and Technology for Ontario, Grade 2 encourages students' natural curiosity about science and the world around them as they participate in hands-on activities and explore their environment. Innovative elements developed specifically for the Ontario curriculum include the following: plugged and unplugged coding activities in nearly every lesson land-based learning activities opportunities for students to use the scientific research process, scientific experimentation process, and engineering design process a fully developed assessment plan to guide assessment for, as, and of learning ideas and prompts for STEM Makerspace project

The Really Useful Physical Education Book Gary Stidder,Sid Hayes,2016-11-10 The Really Useful Physical Education Book offers support, guidance and practical ideas for effective, innovative and imaginative physical education lessons. Underpinned by easy-to-understand theory, this second edition is fully updated in line with the National Curriculum for Physical Education at Key Stages 3 and 4 and provides a wide range of high-quality lessons alongside engaging teaching examples and methodologies. With an emphasis on inclusive physical education, it highlights the ways in which schools can re-design the curriculum to ensure maximum enjoyment for all pupils. Key topics covered include: • Planning, progression and assessment • Health and safety issues • Inclusive track and field athletics • Adapting activities to support SEND • Swimming and water-based activities • Alternative activities including street-surfing and combat sports • Introducing dance into the curriculum • Enjoyable gymnastics for physical literacy • On-site adventurous activities • Values-based teaching • Teaching accredited awards • Using new and emerging technologies The Really Useful Physical Education Book offers essential advice and inspiration for both trainee and practising teachers responsible for the 11–16 age range. It is a must-read for all those who want to make their lesson inclusive and fun whilst promoting a healthy lifestyle and enthusiasm for lifelong activity.

Community Partnerships with School Libraries Bridget Crossman,2019-06-07 Providing a treasury of community partnership opportunities and resources for innovative learning experiences, this title helps Future Ready Librarians to create authentic, student-centered experiences that address American Association of School Librarians (AASL) standards. As school librarians strive to become Future Ready and meet the new AASL standards, community partnerships can help them to build innovative programs within their districts to realize their school's mission and goals. Placing value on the importance of preparing students for the future, this book encourages librarians to learn, leap, and grow and form community partnerships to create learning experiences both in and outside of school. Innovative learning experiences can have a positive impact on student engagement, empathy, knowledge, skills, and local and global awareness. This book introduces ideas, materials, resources, and a step-by-step action plan while highlighting how learning experiences meet AASL standards. A user-friendly and invaluable resource for librarians who desire to be Future Ready, it will catapult librarians to the forefront of their practice and support them as they create innovative learning experiences for their students.

Handbook of Research on Adapting Remote Learning Practices for Early Childhood and Elementary School Classrooms Courtney-Dattola, Ashley, 2021-12-17 Teaching is a demanding profession as there is constant fluctuation and evolution. A portion of teaching is the ability to be able to adapt to various environments, especially shifting from in-person instruction to online practices. Over the last few years, early childhood and elementary school classrooms have been thrust into hybrid and remote learning environments, and it is vital that educators and institutions adapt to new practices and create various outlets for teachers to be able to more adequately reach their young audience. The Handbook of Research on Adapting Remote Learning Practices for Early Childhood and Elementary School Classrooms is a critical resource to assist teachers as they develop online teaching practices and work to cater to young students so that they can receive the strongest benefits from their education. Through coverage of topics such as hybrid learning and parental involvement, paired with sample lesson plans, course formats, concepts, ideas, and additional components to further the body of research pertaining to remote learning, this book is tremendously beneficial to administrators, researchers, academicians, practitioners, instructors, and students.

Technology and Critical Literacy in Early Childhood Vivian Maria Vasquez, Bryan Woods, Carol Branigan Felderman, 2022-05-05 Now in its second edition, this popular text explores classrooms where technology and critical literacies are woven into childhood curricula and teaching. Using real-world stories, it addresses what ICTs afford critical literacy with young children, and how new technologies can be positioned to engage in meaningful and authentic learning. Concise but comprehensive, the text provides strategies, theoretical frameworks, demonstrations of practice, and resources for teachers. Updated with discussions of media literacy and new pedagogical tools, the second edition features new classroom examples and experiences that highlight the ways in which critical literacy, technology and media literacy come together in everyday life in the early childhood classroom. The inviting examples model how to use the interests and inquiry questions of young learners as a springboard for creating a critical curriculum. Each chapter includes Reflection Points, pedagogical invitations, and Resource Boxes to imagine new possibilities of working with students in engaging and supportive ways. The inspiring stories, guidance, and tools this book make it a great resource for pre-service teachers and students in Early Childhood Education and Literacy Education, and primary teachers and educators.

Hands-On Science and Technology for Ontario, Grade 1 Jennifer E. Lawson, 2023-11-02 Hands-On Science and Technology for Ontario, Grade 1 is an easy-to-use resource for teaching the five strands of the Ontario science and technology (2022) curriculum: STEM Skills and Connections Life Systems: Needs and Characteristics of Living Things Matter and Energy: Energy in Our Lives Structures and Mechanisms: Everyday Materials, Objects, and Structures Earth and Space Systems: Daily and Seasonal Changes Hands-On Science and Technology for Ontario, Grade 1 encourages students' natural curiosity about science and the world around them as they participate in hands-on activities and explore their environment. Using the inquiry approach, this comprehensive resource fosters students' understanding of STEM (science, technology, engineering, and mathematics) skills makes coding and emerging technologies approachable for both teachers and students emphasizes personalized learning using a four-part instructional process: activate, action, consolidate and debrief, enhance relates science and technology to sustainability and our changing world, including society, the economy, and the environment focuses on practical applications of the engineering design process as students work on solutions to real-life problems builds understanding of Indigenous knowledge and perspectives specific to Ontario explores contributions to science and technology by people with diverse lived experiences Using proven Hands-On features, this book provides resources for both teachers and students including background information on the science topics; complete, easy-to-follow lesson plans; materials lists; and digital image banks and reproducibles (find download instructions in the Appendix of the book). Innovative elements developed specifically for the Ontario curriculum include the following: plugged and unplugged coding activities in nearly every lesson land-based learning activities opportunities for students to use guided research, hands-on inquiry, and the engineering design process a fully developed assessment plan to guide assessment for, as, and of learning ideas and prompts for STEM Makerspace projects

Nordic Childhoods in the Digital Age Kristiina Kumpulainen, Anu Kajamaa, Ola Erstad, Åsa Mäkitalo, Kirsten Drotner, Sólveig Jakobsdóttir, 2022-07-05 This book adds to the international research literature on contemporary Nordic childhoods in the context of fast-evolving technologies. It draws on the workshop program of the Nordic Research Network on Digital Childhoods funded by the Joint Committee for Nordic research councils in the Humanities and Social Sciences (NOS-HS) during the years 2019–2021. Bringing together researchers from Finland, Norway, Sweden, Denmark and Iceland, the book addresses pressing issues around children's communication, learning and education in the digital age. The volume sheds light on cultural values, educational policies and conceptions of children and childhood, and child–media relationships inherent in Nordic societies. The book argues for the importance of understanding local cultures, values and communication practices that make up contemporary digital childhoods and extends current discourses on children's screen time to bring in new insights about the nature of children's digital engagement. This book will appeal to researchers, graduate students, educators and policy makers in the fields of childhood education, educational technology and

communication. The Open Access version of this book, available at www.taylorfrancis.com, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

Jumpstart! Apps Natalia Kucirkova,Jon Audain,Liz Chamberlain,2016-08-08 This collection of engaging and simple to use activities will jumpstart students' learning and help the busy teacher to reinvigorate their teaching through the use of mobile apps and activities that can be used in the classroom. A wealth of practical activities and advice on how to incorporate over 40 lively and exciting apps into the classroom will enable teachers to deliver creative lessons. This essential guide focuses on a range of apps, including Skitch, QR codes, Comic Life, Do Ink Green Screen, Puppet Pals, Our Story and much more. This book offers much needed guidance on creative ways to integrate apps within the National Curriculum and how they can be incorporated into the teaching of Key Stages 1 and 2. Enabling teachers to deliver effective and imaginative lessons through the use of apps and providing links to a wide range of online resources, it covers all core areas of the curriculum: English, Maths, Science, Modern Foreign Languages, ICT, History, Geography and PE. Jumpstart! Apps is an essential classroom resource that will encourage creative and independent learning in children and is the perfect solution for helping teachers, teaching assistants and students integrate apps into their daily practice, make the most of technology at their disposal and deliver imaginative and effective lessons.

Direct Selling For Dummies Belinda Ellsworth,2015-09-14 Become a direct sales success story with this insider guide to making it big Direct Selling For Dummies is the perfect resource for anyone involved or interested in direct sales. Written by a 35-year veteran of this booming industry, this useful guide teaches you everything you need to know to achieve and maintain lasting success. You'll learn the insider tips that only the pros know, and how to structure your business, your time, and your customer relationships to optimize sales and achieve your goals. Compare party plans, multi-level marketing, and hybrid models to see where your talents fit best, and discover the most effective ways to promote your products and get people interested. You'll leverage social media as one of the most powerful tools in modern sales, and gain new ideas for recruiting, booking, and time management. With clear guidance and a fun, friendly style, this book gives you the strategies you need to be a direct sales success. The direct sales industry is going strong, with more participants now than any time in the past, yet with less face-to-face engagement. Businesses are operating online, people are shopping online, and more people are recruiting through platforms like social media. If you hope to be a direct sales success, now is the time to get up to speed on what that means today. This book shows you everything you need to know, and gives you the tools you need to put your ideas into action. Choose the right direct sales model Secure bookings and manage your time Recruit and drive interest in the product and company Harness the power of social media to make sales Direct sales can be your ticket to independence. Stop punching the clock and become your own boss – and watch your income grow. With Direct Selling For Dummies, you'll have the skills and information you need to be a success.

Books as Partners Lesley Colabucci,Mary Napoli,2020-09-30 How can diverse literature be woven throughout the early childhood curriculum? What kind of learning opportunities do high quality diverse books offer young children? Diverse books in the early childhood classroom can facilitate dialogue and understanding about differences, diversity, and respect. Books as Partners incorporates research from literacy, early childhood education, and multicultural education to support educators in their daily work with K-3 students. This professional resource provides research-based evidence for incorporating diverse literature in the early childhood classroom and features annotated bibliographies with a critical analysis based on knowledge of child development and best practices in literacy education. With the increased instructional demands within the early childhood setting, teachers can incorporate diverse text sets to meet national standards, ensure that selections are authentic and developmentally appropriate, and provide engaging literature responses across the curriculum. Teachers will be able to transform their classroom practices based on suggestions from the supporting research, classroom vignettes, multimodal text sets, and author/illustrator spotlights embedded throughout the book.

One Word Pearl Nicole Groeneweg,2013-08-01 Pearl loves words, but she only uses one word at a time until one day she is at a complete loss for words. After days of nothing to say, Pearl has a dream that teaches her words are all around us. The dream comes true and changes her from One Word Pearl to a gazillion word girl. The book will entice children into the discovery and power of words and what they are capable of accomplishing.

The Vanishing Coin Kate Egan,Mike Lane,2014-04-22 Mike reluctantly bonds with good-girl neighbor Nora while learning fun skills at The White Rabbit magic shop, the owner of which believes Mike could become a great magician.

Student Voice Russell J. Quaglia,Michael J. Corso,Julie Hellerstein,2015-05-05 Involve and inspire students with these one-of-a-kind activities! Help your students reach their fullest potential. Create unique learning experiences adaptable to their needs and aspirations with this extraordinary activity book from internationally acclaimed education experts Dr. Russell Quaglia, Michael Corso and Julie Hellerstein. Based on hundreds of teacher and student interviews, the authors implement 3 Guiding Principles and 8 Behaviors and Conditions that profoundly affect student success in grades K-8. You'll discover student centered ideas and activities that

powerfully engage K-8 students in important content areas. Timesaving and easy-to-implement activities help you to: Promote student self expression, values, hopes and dreams Foster student engagement, purpose and self worth Provide a creative and challenging learning environment for all ability levels Align activities with Common Core, ISTE Standards (NETS) and 21st Century Skills Promote student leadership and responsibility Capitalize on technology and promote interdisciplinary connections Includes a handy correlation chart and group discussions, personal reflections, and extended learning opportunities for each stand-alone lesson. An inspiring resource for any educator, use these fun, extensively researched activities to help your students reach their full potential! The authors have once again designed an extraordinary roadmap for teachers to use in guiding students to find their true voice. A research-based roadmap yes, but more importantly, a map teachers can use to guide students to find their voice through their experiences. The wonderful activities herein are inspiring, engaging and interactive and ultimately lead students to discover their own unique voice and aspirations! Rich McBride, Ed.D., Superintendent 2014 AESA National President

Literacy Changemakers Kenneth Kunz, Maureen Hall, Rachel Lella, 2020-09-04 This inspiring book shows how K–12 teachers, literacy specialists and coaches, and school- and district-level administrators can work together to make needed instructional improvements while fostering a lifelong love of reading and writing. The book presents collaborative leadership strategies and research-based best practices for creating joyful, effective learning environments. It includes ways to evaluate and recalibrate literacy programs for sustainable change, provide students with a wide variety of engaging reading opportunities, meet the needs of English learners and adolescent learners, partner with families, and enhance professional learning and development. Teacher-friendly features include practical tips and Stop, Think, and Take Action sections in each chapter. Several reproducible forms can be downloaded and printed in a convenient 8 1/2 x 11 size.

Teaching with Tablets Helen Caldwell, James Bird, 2015-03-19 The presence of handheld technologies in the classroom isn't enough - you need to know how to use them to enhance teaching and transform learning. As more and more primary schools acquire devices such as iPads and tablets, it is becoming clear that adding them as a classroom resource is not enough. Teachers and trainees need strategies to integrate these into existing learning contexts in a meaningful way. Without this, these fantastic resources lose their value. This book helps teachers to make the most of these devices in the primary classroom. It offers guidance on: how to use tablets to devise meaningful learning activities embed them in genuine curriculum contexts, drawing upon case studies from existing practice It is written for non-specialists and explains technical terms in an accessible, practical way. Each chapter begins with a case study contributed by a teacher using tablets in schools. Real life examples and comments like this give the text a truly practical focus. The book's Pinterest board includes the apps mentioned in the book as well as a handy infographic for a snapshot guide on starting off your tablet teaching journey. A note from the authors The use of technology in schools continues to evolve rapidly as new devices and tools become available, and the adoption of mobile devices such as iPads and tablets has been a particularly exciting development in recent years. The benefits offered by these technologies, such as their portability, connectivity, accessibility and range of media, present new challenges and opportunities for teaching and learning. As the take up of tablets gathers pace in our schools there is a need for advice on the best approaches and apps to help achieve successful learning outcomes. Teachers need to find meaningful ways to integrate the devices into their own practice and to evaluate which of the many thousands of educational apps might be appropriate for their pupils. This book considers how iPads and tablets can be used to enhance teaching and learning in primary schools. It is especially relevant in the light of the computing curriculum, which puts a new emphasis on children as makers and creators of digital content. Across other curriculum subjects too, the introduction of mobile devices that can be quickly and reliably accessed has precipitated a shift in practice. For example, they have enabled teachers and children to spontaneously pursue lines of inquiry, to connect, collaborate and publish in many different ways, and to use their digital skills to enhance their exploration of the physical world outside the classroom. With these opportunities in mind, we offer anecdotes from the classroom and examples of how tablets might be embedded within current pedagogy and practice as a natural learning tool. Each chapter combines a practical case study with discussion of related pedagogy, and recommends apps to support a personalised, inclusive and active approach to teaching and learning.

Teaching Science in the Primary Classroom Hellen Ward, Judith Roden, 2016-03-10 Who was right about gravity - Aristotle or Galileo? Do woodlice like the damp or the sunshine? Now in full colour, the new edition of this core textbook is packed full of exciting ideas and methods to help trainees and teachers looking for creative ways of teaching science to primary school children. It's the perfect step-by-step guide for anyone teaching science for the first time. Reflecting the new curriculum, the third edition has been extensively updated throughout and now includes: · a brand new chapter on teaching science outdoors · lots of guidance on how to work scientifically in the classroom · a new focus on assessment of 'secondary readiness' · new activities and case studies, with helpful links to developing scientific skills With practical examples, case studies, clear guidance on how to turn theory into creative practice, and lots of ideas for lively science lessons and activities, this is the ideal book for anyone studying primary science on initial teacher education courses, and teachers looking for new ideas to use in the classroom.

Living Literacies Kate Pahl, Jennifer Rowsell, 2020-09-22 An approach to literacy that understands it as lived and experienced in the everyday across varied spaces and populations. This book approaches literacy as lived and experienced in the everyday. A living literacies approach draws not only on such official, schooled activities as reading, writing, speaking, and listening but also on such routine, tacit activities as scrolling through Instagram, watching news footage, and listening to music. It goes beyond well-worn framings of literacy as an object of study to reimagine literacy as constantly in motion, vital, and dynamic, filled with affective intensities. A lived literacies approach implies a turn to activism, to hopeful practice, and to creativity. The authors examine literacies through a series of active verbs: seeing, disrupting, hoping, knowing, creating, and making. Case studies--ranging from an exploration of photography as a way to shift perspectives to a project in which adults teach young people how to fish--show lived literacies in both theory and practice. With these chapters, Pahl and Rowsell, along with contributors Collier, Pool, Rasool, and Trzecak, make it possible to see literacy in everyday activities, woven into the modes of seeing and knowing. By disruption and activism, literacy can encompass a wide array of practices--exchanging information at a school gate or making a collage. Grounding theory in the sites and spaces of their research, working with artists, photographers, poets, and makers, the authors issue a call to action for literacy education.

The School Librarian's Technology Playbook Stacy Brown, 2020-02-06 Using concrete examples, The School Librarian's Technology Playbook offers strategies for school librarians to initiate and support innovative practices throughout their school community. The role of school librarians has evolved: no longer do they primarily support teachers with reading and literacy resources. Many librarians now support teachers in integrating technology tools and innovative teaching practices in their classrooms. At her school, author and learning coordinator Stacy Brown has pioneered the transition to innovation and technology use in the classroom. In The School Librarian's Technology Playbook, she showcases different technology tools and innovative strategies that can be incorporated into the classroom, such as 3D printing, augmented reality, green screen applications, gamification, coding, makerEd, and more. She details the many ways in which school librarians can support teachers as they implement these new practices into their curriculum. School librarians will learn how to collaborate with teachers and how to empower them to step outside of their comfort zones to try new tools and teaching methods. Readers of this book will also learn how to support teachers as the technology continues to change in this dynamic educational landscape.

Preparing Pre-Service Teachers to Integrate Technology in K-12 Classrooms: Standards and Best Practices Webb, C. Lorraine, Lindner, Amanda L., 2022-06-30 With the evolving technologies available to educators and the increased importance of including technologies in the classroom, it is critical for instructors to understand how to successfully utilize these emerging technologies within their curriculum. To ensure they are prepared, further study on the best practices and challenges of implementation is required. Preparing Pre-Service Teachers to Integrate Technology in K-12 Classrooms: Standards and Best Practices focuses on preparing future teachers to integrate technology into their everyday teaching by providing a compilation of current research surrounding the inclusion and utilization of technology as an educational tool. Covering key topics such as digital assessment, flipped classrooms, technology integration, and artificial intelligence, this reference work is ideal for teacher educators, administrators, stakeholders, researchers, academicians, scholars, practitioners, instructors, and students.

The Enigmatic Realm of Piccollage: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Piccollage** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.
