**The Culture of Body Piercing** Don Rauf, 2018-07-15 Piercing the body to wear jewelry is an ancient practice that has grown in popularity and acceptance in recent years. Today, people of all ages have embraced piercing, along with tattoos and other forms of body modification, as a way to express themselves. Piercing isn't just for ears anymore; noses, lips, eyebrows, navels, hands, tongues, and other body parts are all fair game. With captivating photographs, this dramatic book helps readers consider the cost and benefit of body piercing, as well as safety and health issues.

The Piercing Bible, Revised and Expanded Elayne Angel, 2021-06-01 Everything you need to know about ear, face, and body piercings—from how to find a skilled professional piercer to best practices for safe healing and optimal results. “As a piercer, nurse, and educator, I can say without a doubt that this is the most complete book ever written for all people in our industry.”—David A. Vidra, founder and president of Health Educators, Inc. Piercing expert Elayne Angel has performed over 50,000 piercings since the 1980s and has pioneered many placements, including tongue piercing and the triangle, lorum, and other genital piercings. Her authoritative and groundbreaking guidebook has been the definitive resource on body piercing since its publication in 2009. Many people are unaware of the elevated risks of getting pierced at a mall kiosk, by an untrained tattoo artist, or by a novice piercer; a skilled professional is necessary for safety and optimal results, whether piercing the ear, nose, or elsewhere. This revised and expanded edition is the only comprehensive reference book available to help you navigate the entire piercing process. It contains new illustrations, diagrams, and photos, along with fully updated information, including: • The best piercings and placements for various body parts and body types • Terminology, techniques, and tools of the trade • Vital sterility, sanitation, and hygiene information • Jewelry designs, sizes, materials, and quality • Piercing aftercare and troubleshooting

advice for successful healing • How to become a piercer, piercing throughout history and in modern culture, and the future of body piercing The Piercing Bible, Revised and Expanded, includes essential medical and technical updates, as well as refreshed illustrations and jewelry photography, to reflect today's standards and best practices for safe, professional piercing.

*The Art of Body Piercing* Genia Gaffaney, 2013-01-15 “To some, piercing is just another accessory; to others, it’s the beginning of a new life.” —Dennis Sullivan, Certified Body Piercer, Spokane, Washington Body piercing has become more commonplace in today’s society. It can be artistic and expressive and a reflection of your personality. But there is more to piercing than shoving a needle through the skin. In *The Art of Body Piercing*, author Genia Gaffaney provides a thorough guide to getting a body piercing and follows the procedure step-by-step to ensure a successful experience. In this guide, Gaffaney, a certified body piercer since 2000 and business owner since 1993, answers a host of questions related to the body-piercing process—before, during, and after: How do you select a body-piercing shop? What is the appropriate age at which to get a piercing? What type of jewelry should you choose? How should you clean body jewelry? How should you change body jewelry? What should you know about genital piercing? How can you avoid infection? Should you get more than one piercing in the same area? With charts and photos, *The Art of Body Piercing* details a host of practical information to let you express yourself through piercings and body jewelry.

*The Law of Corporate Groups* Phillip I. Blumberg, Kurt A. Strasser, Nicholas L. Georgakopoulos, 2007-01-01 Traditional corporation law (or entity law) no longer covers the challenges presented by today's multinational corporate integration and control. Now, Blumberg's ground-breaking analysis of the law of

corporate groups (or enterprise law) brings current trends in business law into sharp focus, with detailed examination of thousands of cases. Every corporate lawyer must deal with state statutory issues, and this is the source to turn to for information and guidance. Blumberg provides expert, practical analysis of the statutes -- and their application -- in such areas as: Public utilities, banking, and Savings and Loan Associations following federal models -- Insurance Alcoholic beverages and gambling -- The vital topic of professional responsibility in the representation of affiliated corporations is also covered here.

Encyclopedia of Body Adornment Margo DeMello, 2007-08-30

People everywhere have attempted to change their bodies in an effort to meet their cultural standards of beauty, as well as their religious and/or social obligations. Often times, this modification or adornment of their bodies is part of the complex process of creating and re-creating personal and social identities. Body painting has probably been practiced since the Paleolithic as archaeological evidence indicates, and the earliest human evidence of tattooing goes back to the Neolithic with mummies found in Europe, Central Asia, the Andes and the Middle East. Adornments such as jewelry have been found in the earliest human graves and bodies unearthed from five thousand years ago show signs of intentional head shaping. It is clear that adorning and modifying the body is a central human practice. Over 200 entries address the major adornments and modifications, their historical and cross-cultural locations, and the major cultural groups and places in which body modification has been central to social and cultural practices. This encyclopedia also includes background information on some of the central figures involved in creating and popularizing tattooing, piercing, and other

body modifications in the modern world. Finally, the book addresses some of the major theoretical issues surrounding the temporary and permanent modification of the body, the laws and customs regarding the marking of the body, and the social movements that have influenced or embraced body modification, and those which have been affected by it. All cultures everywhere have attempted to change their body in an attempt to meet their cultural standards of beauty, as well as their religious and or social obligations. The Piercing Bible Elayne Angel, 2011-02-16 Piercing pioneer Elayne Angel has performed over 40,000 piercings since the 1980s and has brought many practices, such as tongue-piercing, into the mainstream. She brings her exhaustive knowledge to this groundbreaking manual that covers everything you need to know about the process, including: • The best piercings and placements for various body parts and body types • Terminology, tools, and techniques of the trade • Vital sterility, sanitation, and hygiene information • Jewelry designs, shapes, and materials • Advice for people with stretch marks, plastic surgery, and unique anatomy • Healing, aftercare, and troubleshooting for problem-free piercing As a piercer, nurse, and educator, I can say without a doubt that this is the most complete book ever written for all people in our industry. --DAVID A. VIDRA, FOUNDER AND PRESIDENT OF HEALTH EDUCATORS, INC. No one is more qualified to write this book than Elayne Angel. With more than three decades of personal experience to her credit, no one knows the subject better. --JIM WARD, FOUNDER OF GAUNTLET, THE WORLD'S FIRST BODY PIERCING STUDIO This is an exciting book for a field that has exploded in the last two decades. National industry standards are needed, and Elayne provides important data. --MYRNA L. ARMSTRONG, RN, EdD

### **Blueprint Reading and Sketching, NAVPERS 10077A**

Bureau of Naval Personnel, 2018-09-17 Beginning with a general discussion of the uses and kinds of blueprints, the text explains the language of a blueprint--lines, sections, symbols, dimensions,

conventions, notes, and titles. Technical sketching is described and illustrated. Ways are suggested by means of which anyone can produce correct and attractive sketches. The sections on wiring and schematic diagrams are fairly extensive in accordance with the increased training demands in electrical and electronic equipment and in order to acquaint operating personnel more rapidly with the symbolic notation now being standardized throughout the armed services. Sections on welding, structural, and architectural symbols are included to help the ratings concerned with these subjects and to introduce them to standards now established in these fields. An index, a list of useful references, and a list of abbreviations are included as aids to the trainee using this book.

**Limited Liability Entities** Bradley T. Borden,Robert J. Rhee,2012-05-17 The foremost authority on state laws governing limited liability companies, limited partnerships, and limited liability partnerships. This resource covers choice of entity, formation, admission, dissociation, dissolution, wind up, tax treatment; statutory and case sources are brought together in an accessible manner. By Bradley T. Borden, Robert J. Rhee **Limited Liability Entities: State by State Guide to LLCs, LPs and LLPs** is the country's foremost authority on the state laws governing limited liability companies, limited partnerships, and limited liability partnerships. It contains expert analysis and commentary by two of the nation's most renowned experts in this area of the law and compiles statutory and case sources in an accessible manner. Authors Bradley Borden and Robert Rhee provide seven annual updates to this product, making it the most timely and comprehensive work of its kind. Volume 1 provides a

comprehensive overview of limited liability entities. It begins with a detailed review of the history and evolution of limited liability entities. It then provides an in-depth examination of the general state-law principles that govern limited liability entities, using the uniform limited liability entity laws as a basis for the discussion. Volume 1 also provides comprehensive coverage of the tax treatment of limited liability entities. Starting with Volume 2, the treatise provides in-depth coverage of the respective state laws that govern limited liability entities. For each state, the treatise provides commentary about the state law, including discussion of relevant case rulings. In these commentaries and when appropriate, comparisons are made to other state law and the uniform laws. These volumes also reproduce the relevant state laws that govern limited liability entities. Volume 2 covers the states of Alabama through Colorado Volume 3 covers the states of Connecticut through Hawaii Volume 4 covers the states of Idaho through Kentucky Volume 5 covers the states of Louisiana through Minnesota Volume 6 covers the states of Mississippi through New Hampshire Volume 7 covers the states of New Jersey through Ohio Volume 8 covers the states of Oklahoma through South Dakota Volume 9 covers the states of Tennessee through Vermont Volume 10 covers the states of Virginia through Wyoming

Henderson, 2016-09-30 The modern corporation has become central to our society. The key feature of the corporation that makes it such an attractive form of human collaboration is its limited liability. This book explores how, by allowing those who form the corporation to limit their downside risk and personal liability to only the amount they invest, there is the opportunity for more risks taken at a lower cost.
