Pixy Pink Goes Bon Voyage Pixy Pink,2012-10-31 Hi. I'm Pixy Pink. I'm 10 years old and I'm a prima blunderina at the fabulous La Petite School of Ballet. But lately I've been saying bon voyage! That means good journey in French, because I went all the way to London, England (where people trill their r's), with all of my blundering ballerina friends, to participate in a big ballet festival. It was loads of fabulosity! I wrote all about it in my Super Special Ballerina Diary. Believe me, it was an experience I'll never forget! Pixy Pink is a spunky, spirited young ballet student who makes every day a wonderful, blunderful day! This is BOOK 2 in the Pixy Pink series. Visit www.fantasticalchildren.com for more Pixy titles.

Pixie Pushes On Tamara Bundy,2020-01-14 A young girl learns bittersweet life lessons on the family farm after her sister gets polio, in this poignant and funny novel set in the heartland in the 1940s. Pixie's defenses are up, and it's no wonder. She's been uprooted, the chickens seem to have it in for her, and now her beloved sister, Charlotte, has been stricken with polio and whisked away into quarantine. So it's not surprising Pixie lashes out. But her habit of making snap judgements--and giving her classmates nicknames like Rotten Ricky and Big-Mouth Berta--hasn't won her any friends. At least life on the farm is getting better with the delivery of its newest resident--a runt baby lamb. Raising Buster takes patience and understanding--and this slowing down helps Pixie put things in better perspective. So too does paying attention to her neighbors, and finding that with the war on she's not the only one missing someone. As Pixie pushes past her own pain to become a bigger person, she's finally able to make friends; and to laugh about the fact that it is in places where she least expected it. Pixie is full of heart! A laugh-out-loud book that also wades into poignant life lessons. A must read!--Lynda Mullaly Hunt, author of *Fish in a Tree* Pixie has bad luck--and is bad luck if you ask her. But she also has grit and gumption, so when her bad luck doesn't let go, she opens her eyes and her heart wider. Her world changes when she changes how she looks at her world. I loved Pixie and her story--a story filled with humor, hope, and everyday heroes.--Lynn Plourde, author of *Maxi's Secrets*

Buyology Martin Lindstrom,2010-02-02 NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

Antifascisms David Ward,1996 This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become known as Italy's First Republic.
