Sherril Dodds

The Dancing Face Mike Phillips,1997

Facial Choreographies Sherril Dodds,2023-12-12 The face contributes a vital, yet often overlooked, component of dance performance. *Facial Choreographies: Performing the Face in Popular Dance* examines what the face does in dance and what it may mean. Author Sherril Dodds focuses on popular presentational dance, which permits the face to be one of excess and spectacle, as well as disclosure or deception. The concept of facial choreography resists the idea that the expressive countenance in dance is simply by chance, and instead conceives its movement as purposeful, creative, and communicative. The book centers on three facial case studies: global celebrity Michael Jackson, whose face has occupied a site of fervent controversy; Maddie Ziegler, child star of the reality television series *Dance Moms* and de facto face of pop star Sia; and a community of hip hop dancers who engage in fiercely contested dance battles. Chapters are organized according to action-expressions, actively working even in times of stillness: SMILE, LOOK, FROWN, CRY, SCREAM, and LAUGH. Across each case study, the book explores pedagogies of facial composition, the purpose of codified expressions, and how dancers re-choreograph their faces as a critical unworking of what a dancing visage might represent. Facial choreographies engender opportunity for startling creativity, the articulation of identity, a cathartic expression of emotions and attitudes, and the capacity to dismantle previously held assumptions. As the dancing face tauntingly slips between visual, sensory, and kinetic registers it ensures that nothing can be taken at face value.

The Dance Has Many Faces ,1968

Dancing at Home and Abroad C. H. Cleveland (Jr.),1878 Cleveland's manual opens with an interesting account of the building blocks required for setting up a successful private dancing academy. He includes discussion on the architectural requirements, music, progress of students, hours and division of classes, dealing with children, and how to manage balls. The second part of the manual covers fashionable dances, and the author describes quadrilles, the Boston Waltz, and twenty-nine figures for the German (also known as cotillon), a group dance comprised of a series of party games.

Your Face Tomorrow: Dance and Dream Javier Marías,2008-05-17 A book unlike any other, a daring experiential unfolding Spanish masterpiece, *Your Face Tomorrow* now leaps into uncharted new territory in Volume Two: *Dance and Dream*. *Your Face Tomorrow*, Javier Marias's dazzling unfolding magnum opus, is a novel in three parts, which began with Volume One: *Fever and Spear*. Described as a brilliant dark novel (*Scotland on Sunday*), the book now takes a wild swerve in its new volume. Skillfully constructed around a central perplexing and mesmerizing scene in a nightclub, Volume Two: *Dance and Dream* again features Jacques Deza. In Volume One he was hired by MI6 as a person of extraordinarily sophisticated powers of perception. In Volume Two Deza discovers the dark side of his new employer when Tupra, his spy-master boss, brings out a sword and uses it in a way that appalls Deza: You can't just go around hurting and killing people like that. Why not? asks Tupra. Searching meditations on favors and jealousy, knowledge and the deep human desire not to know, violence and death play against memories of the Spanish Civil War as Deza's world becomes increasingly murky.

Colourful, believable characters, a strong sexual thread plus action in Geneva, the Monte Carlo Rally and Chelsea make up a heavily self experienced 'story'. About the AuthorBrian Walker is bipolar which has dictated his life but he is a confirmed seeker. His interest is in life and it's purpose rather than it's glittering prizes. People and their motivations fascinate him as do Life's intangible elements, love, faith, fate, death, compassion, sex, good, evil, and friendship He cut his creative teeth in marketing for three major PLC's working on adverts, products and media liaison winning many writing plaudits. He has also performed as a solo singer songwriter. His first book 'Face the Music and Dance' is a wonderful story, which entertains while exploring many of life's deepest emotions such as love infidelity and compassion. Regular scene changes to interesting places like Geneva, hold the reader's interest as his characters and story develop. The book has already had very favourable previews.

Nicholas Galanin Nicholas Galanin,2018-05-04 This publication spans the multiple generations and forms of media that inform Nicholas Galanin's vessels of knowledge, culture and technology—inherently political, generous, unflinching, and poetic. He creates and speaks through multiple visual, audible, and tactile languages, a practice succinctly articulated through the introduction by artist Merritt Johnson, and further explored in conversation and critical analysis through scholars Negarra A. Kudumu and Erin Joyce. Galanin's practice includes numerous collaborations, including with his brother and fellow artist Jerrod Galanin under the moniker Leonard GetintheCar, through his participation in two artist collectives, Black Constellation, and Winter Count, and with the recently-announced group Indian Agent, along with Otis Calvin III, and Zak Dylan Wass—their first album, *Meditations in the Key of Red*, was released in 2017. Through two- and three-dimensional works and time-based media, Galanin encourages reflection on cultural amnesia that actively obscures collective memory and acquisition of knowledge. Galanin's work has been exhibited extensively nationally and internationally. This is his first monograph.

Alex Katz Alex Katz,Galerie Thaddaeus Ropac (Paris, France),2011 In 1960, Alex Katz (born 1927) began to collaborate with the Paul Taylor Dance Company, commencing a relationship with dance that has spanned his entire career. Undertaken for the company's performance of The Red Room (later known as Post Meridian) at the legendary Festival of Two Worlds in Spoleto, Katz's contribution consisted of three enormous red panels that defined the stage, and round wooden discs capable of holding two dancers, which floated down from the top of the theater rafters. During the collaboration, Katz also made numerous portraits of both dancers and dances. Katz and Taylor collaborated again in the 1980s, but the painter has only recently returned to the depiction of dance, with a new series of portraits of leading figures in the New York dance scene. Alex Katz: Face the Music surveys Katz's career-long involvement with dance, reproducing canvases, cartoons, drawings and studies in oil.
