My City Links: November 2023 Issue My City Links, 2023-11-01 Faith, practice, devotion, and celebration. These are some of the abiding realities that have kept societies glued together since time immemorial. In Odisha, nothing illustrates this better than the holy month of Kartika. From Deepawali, Gajalaxmi Puja, and Kartika Purnima to the popular Balijatra festivities, this month has something to cherish for all. Our Cover Story for this edition is a comprehensive walk-through of everything that this month is associated with. When it comes to evolving fashion trends, nothing perhaps comes close to the passion people have had for hair colour as a means of expressing themselves. From the plants, herbs, and metals used in ancient times to the chemical-based dyes that are in vogue these days, the world has seen them all. Over the past decades, the trend of celebrities using hair dyes has gradually caught on with other people as well. City Fashion brings you a special feature on hair dyes, including some useful dos and don'ts. The success of Chandrayaan-3, India's mission to the Moon, has again turned the spotlight on the technological advances which have helped put the country on the global space map. In recent years, the private sector has played the crucial role of an enabler by turning the Indian Space Research Organisation's ambitious plans into reality. City Tech takes a close look at the evolution of the space technology industry and the role of startups,

including those from Odisha, in India's impressive space forays. On October 17, 2023, the Supreme Court of India delivered a much-anticipated judgement while addressing the issue of same-sex marriage and highlighted the need for the legislature to bring in necessary laws on this. We break down the judgement, and what it means for the LGBTQ+ community, in City Beat. It takes a very special talent to not only stride across decades but also successfully straddle diverse domains like acting, writing lyrics, and composing music. Swaroop Naik, who passed away last month, did just that as he graduated from acting in films from the early 1960s onwards to establishing himself as a renowned lyricist and music composer in the coming years. In Screen Shots, we talk to those who worked with him as we pay tribute to the legend. Elsewhere in this edition, City Sports discusses why the 2023 Men's Cricket World Cup does not feel the same as earlier; City Green takes up the issue of veganism.

World Cup Nations Michael Hurley, 2014 This title tells you everything you need to know about the countries and teams that take part in World Cup tournaments.

Cricketing Cultures in Conflict Boria Majumdar, J A Mangan, 2004-05-20 The 2003 World Cup was of vital importance to the participating countries. For India, a world cup triumph would make cricket the nation's leading industry; for the host, South Africa, a successful campaign might realize its dream of political unity. Dealing with themes of racial/political unification,

commercialization, the media and globalisation, this book explores the role of cricket and sport in each of the competing nations. Looking at recent developments such as match-fixing, the abolition of the quota system and the performances of the South African national team, the collection examines the importance of the Cricket World Cup in providing a unified political, social and economic stage from which a united South African identity can finally emerge. The book also explores the role of the Cricket World Cup in relation to West Indian unity, Pakistani economic regeneration, Sri Lankan, Kenyan and Zimbabwean peace.

Cricket World Cup Ashis Ray, 2019-06-24 This is a riveting read for a cricket lover, especially an India fan. A remarkable, eye-witness history of the Cricket World Cup from an Indian perspective the book details the little-known story of India's turning point in one-day cricket in Guyana, when Kapil Dev's team in March 1983 beat the previously unassailable West Indies in their backyard. It also reminds readers of the tremor that was felt in the cricketing world when India repeated the success at Manchester in the World Cup 10 weeks later, before defeating the same side in the final two weeks later. It relives India's forgotten triumph in the 1985 World Championship and the rekindling of hope when Sourav Ganguly's team finished as runners-up in the 2003 World Cup. The book further depicts how MS Dhoni planned victory, together with Sachin Tendulkar inspiring Yuvraj Singh to perform at his best, in the 2011 tournament. The book is embellished by illuminating reports and

scores on each India match and every semi-final and final in the World Cup since its inception. Finally, it discusses India's prospects in the 2019 World Cup.

Cricket, Race and the 2007 World Cup Boria Majumdar, Jon Gemmell, 2013-09-13 Cricket has been subject to a number of changes over the last twenty years. We can no longer talk of a sport particular to an out-dated English way of life. Cricket has become global and has to exist within the global environment. Primarily the world game has become commercialised. This collection of essays assesses the developments within major playing nations between the World Cups. Do we now live in a world where commercialism is the primary factor in determining sports, or are wider historical prejudices still evident? Seeking to answer these questions, Cricket, Race & the 2007 World Cup focuses on racial and ethnic tensions and their place in the new globalized, cricketing environment. This book was previously published as a

special issue of Sport in Society.

Headlines From the Heartland Sevanti Ninan, 2007-05-08 In the 1990s a newspaper revolution began blowing across northern and central India. In

these Hindi-speaking states, when literacy levels rose, communications expanded, and purchasing power climbed, Hindi newspapers followed-picking up readers in small towns and villages. Even while these newspapers surged to the top of national readership charts, they localised furiously in the race for readers. But in this universe of local news, questions arose about what localisation was doing to regional identity and consciousness. Using notes from her pioneering field-study in eight states, Sevanti Ninan brings alive India's ongoing rural newspaper revolution, and its impact on politics, administration and society. Set against the socio-economic and political changes in the countryside, it is a remarkable story of how journalism flowered in unexpected and unorthodox ways, and colourful media marketing unfurled in the Hindi heartland.
