**Pocket Password Book (Password)** Ceri Clark, 2017-03-10 Are you always forgetting your website logins, usernames and passwords? Do you have lots of sticky notes, old envelopes or labels around the house to remember them? Would you like to find a better way? Password is a discreet password notebook that is

disguised as a technological thriller novel. Add all your website information in one handy place to organize your internet life. The design is a password journal with a difference. It was created so that opportunist thieves won't know what it is at a glance. This means that you can hide it in plain sight on your bookshelf at home with other books. What you can expect from this internet password organizer: Tabbed effect alphabetical pages Are you looking for a password book with tabs? This password book has alphabetical tabs running down the right page. Disguised cover to make it not so obvious what it contains There are several password logbooks on the market but this one was created so it could be hidden in plain sight. It looks like a thriller book from the outside but inside there are 3 boxes for your login information on each page. Section on creating secure passwords There are risks to however a password is stored. These can be from online thieves or opportunist burglars. At the front of the book is a brief section for creating a secure password that can be written down but can't be used by someone who has the book (unless you tell them the extra password information needed). Notes and other pages to add other useful information like software licenses There is a section at the back to add information that won't fit in the usual password boxes.

There are notes pages but also places to add home network settings and license information. If you have a friend coming around who wants to use the WiFi, just add it in here and you will be able to instantly find it when you need it. More space to write in your information This handy (pocket) sized password keeper is 5.06 inches wide by 7.81 inches high to fit into your bag easily. There are 3 boxes per page. If you are looking for a password logbook that is a bit different and you love technological thrillers, look no further. Password is part of the Disguised Password books series which include: 5.06 x 7.81 (Pocket-size) \* Foal Play by Ceri Clark (horse book) \* Password by Ceri Clark (technological thriller) \* Broken Hearted by Ceri Clark (victorian romance) 6- x 9- (Mid-size) These are animal themed password books \* Meow-nificent Kittens by Ceri Clark \* Paws-itively Puppies by Ceri Clark \* Birds: A Secret Life by Ceri Clark \* Find your Hoppy by Ceri Clark \* Horse Play by Ceri Clark \* The Secret Lives of Cats by Ceri Clark 8.5- x 11- Large format \* Diesel Engine Repair Manual by Ceri Clark \* Foal Play by Ceri Clark - Knitting for Beginners by Ceri Clark \* Secrets of the Freemasons by Ceri Clark \* Whittling: Carving for Beginners by Ceri Clark For more advice on security, please take a look at A Simpler Guide to Online Security for
