Brain and Behavior David Eagleman,Jonathan Downar,2023-03-26 Brain and Behavior: A Cognitive Neuroscience Perspective captures the excitement of cognitive and behavioral neuroscience by focusing on fundamental scientific principles, patterns, and ways of thinking. Brain and Behavior is clear and vibrant writing, with fascinating real-life examples and applications that help to emphasize the dynamically changing nature of the brain. This text covers a wide territory critical for understanding the brain, from the basics of the nervous system to the sensory and motor systems, sleep, language, memory, emotions and motivation, social cognition, and brain disorders. Throughout the narrative, the authors emphasize the dynamically changing nature of the brain, through the mechanisms of neuroplasticity. The text pulls together the best current knowledge about the brain while acknowledging current areas of ignorance and pointing students toward the most promising directions for future research.

Life from Scratch Sasha Martin,2016-03 It was a culinary journey like no other: Over the course of 195 weeks, food writer and blogger Sasha Martin set out to cook--and eat--a meal from every country in the world. As cooking unlocked the memories of her rough-and-tumble childhood and the loss and heartbreak that came with it, Martin became more determined than ever to find peace and elevate her life through the prism of food and world cultures. From the tiny, makeshift kitchen of her eccentric, creative mother, to a string of foster homes, to the house from which she launches her own cooking adventure, Marin's heartfelt, brutally honest memoir reveals the power of cooking to bond, to empower, and to heal--and celebrates the simple truth that happiness is created from within--

Our Imperfect Story Ryan Fernandes,2019-09-24 This is not a love story!Rohan is an average confused medical student who doesn't seem to be getting the answers to the question's life is throwing him. He wants to know why his best friend Aakash wants to end their friendship even though he did nothing wrong. He wants to know why his roommate Sid has a fear of bikes. He wants to know why his friend Joseph has joined engineering even

though he is interested in something else. He wants to know whether or not his batchmate Shweta loves him. Most of all, he wants to know from his mother who his father is. But no one will answer his questions and so he has to discover the answers himself, all of which has a major impact on his life. This is a story about the journey of four friends as they battle their way through their medical and engineering courses. This is a story about friendship and family.... Maybe this is a love story after all!
