**The Professor, the Banker, and the Suicide King** Michael Craig,2008-06-17 The Players: the best poker professionals in the world The Challenger: a wealthy banker from Dallas The Game: the richest poker stakes of all time... In 2001, a rich stranger from Texas descended upon the high-stakes poker room in the opulent Bellagio casino in Las Vegas. A self-made billionaire by the name of Andy Beal, the stranger challenged some of the world's greatest poker players-including Doyle Brunson, Chip Reese, Howard Lederer, and Jennifer Harman-to heads-up matches in the richest poker game ever played This is that story... Beginning the scintillating contest that would shock the world of poker, Andy and each opponent had \$1 million, betting \$10,000 and \$20,000 per round. As the games intensified over the coming months and Andy developed into a great player, he realized how he could take his adversaries out of their comfort zone-he raised the stakes to put everything they had on the line. By the time the battle of wits ended, there was more than \$20 million on the table. For the first time ever, here is the detailed, true account of the Big Game that has already achieved legendary status in poker lore. Putting you railside to observe the pulse-pounding action, where you can almost hear the distinct sound of clay chips on felt, Michael Craig takes you inside the iron-nerved mind and pathological psyche of the professional gambler. Filled with vivid characters, sensational tales, and riveting human drama, The Professor, the Banker, and the Suicide King is a unique, suspenseful journey into the world of people who live on the razor's edge of fortune-where incredible wealth, or utter ruin, turns on the flip of a card.

The tension and surrealism of Casino poker is vividly recounted and he teaches the knowledge necessary to win excellently.

Pot Limit Omaha Secrets From Max King Max King,2020-11-15 1. This book contains the secret framework where I used the style of play in PLO cash games to take down online poker at Lock Poker until the room shut down, a small 50 dollar depost had become over 10,000USD. 2. There are many secret frameworks and playing styles provided in the book which can take you from zero to a million dollars fast in Pot Limit Omaha. 3. Several professional poker players who have gone bust have focused on PLO to regain their riches and in this fast game if you are skilled enough money comes fast!4. These are poker secrets which could give you an edge of 2 to 5 percent in the games, enough to make you six figure wins in your local poker rooms in PLO, some frameworks will apply to NLHE also. This book contains all the Pot Limit Omaha secrets which have allowed me to win over 40,000k USD in the past 5 months and these are all the secrets which I cannot share on my Youtube Channel Max King Poker Secrets. I can reveal all the secrets of Baccarat and Roulette on my YouTube Channel but if I reveal PLO secrets and the secret frameworks I use to crush the competition everyone will start using them. Let me tell you a story, there was a time when I was preparing for Chess Tournaments and taking training, I discovered a new kind of attack and when I would play online I started using the new attack and used that successfully in over 50 games and in just a period of 1 year I would notice that the online players had adopted my new attack as their tool. This is because everyone was reviewing their games and finding out new kinds of attacks and were able to successfully defend it. Now coming back to poker and Pot Limit Omaha, it is a very simple game to learn but complexity and the amount of secrets contained is immense, most players go with the theory that everything has been discovered and yet the secrets at any poker table are all waiting to be discovered, for example a tell is a kind of secret that if you discover could you reward with immense profits. There are several other secrets for example what kind of ranges opponents are using, this needs you to concentrate very carefully in the game. The amount of research and framework to process this kind of information at any live poker game is not built, you just hear Alec Torelli kind of players discuss a range narrowing funnel system but it is rudimentry. Now if these poker pros who have made millions of dollars are not going ot reveal their poker secrets and frameowrks because it would mean cutting into their profits. What you will learn in this?1. Secrets to win over 1 million dollars from Pot Limit Omaha2. Everything that you need to become a master in PLO 3. A short crisp, to the point and concise book that you can finish, but several readings are necessary to grab all the points in details. 4. It would be better if you buy paperback version so that you can have it handy and also note down few points. 5. The Q and A session with every reader is going to be extremely rewarding and you know that the author is learned and has a long history of poker. 6. The best smallest investment in poker that is going to give you a big edge and hopefully make a big positive difference in your bank account over the next year!7. Never stop learning, learn all the strategies which allowed Max King to travel the world and play in over a dozen locations around the world and different geographies and learn from his extremely vast experience!

*Optimizing Ace King* Adam Jones,James Sweeney,2018-10-08 Ace King is a massively profitable hand. In fact, AK is in the top-5% of winning hands and accounts for a good chunk of your winrate. But despite that fact, many players are confused about how to approach this hand. Should you 3bet it preflop, or just call it? Should you play the suited and offsuit versions the same, or differently? Should you c-bet with air, or check instead? And how many streets of value is top pair really worth?Most players struggle with AK due to small leaks in their strategy. So Optimizing Ace King (OAK) doesn't look to give you a bunch of memorized plays and tactics. Instead, OAK shows you how AK fits within your strategy and ranges. This prepares you for playing AK, among other hands, in a variety of spots and under a variety of conditions.James SplitSuit Sweeney and Adam W34Z3L Jones co-wrote this book to take an in-depth look at poker strategy through the lens of a single hand. Concepts include 3betting, 4betting, cbetting, barreling, GTO vs. exploitative play, and deducing lines from GTO solver output. You will play AK 99.9% of the time you are dealt it, and since it makes up such a large chunk of your winrate, doesn't it make sense to strengthen your approach with it? Each chapter builds upon the last, walking you through preflop play, flop play (when you hit, miss, and flop draws), and turn + river play. Plus there is an entire chapter full of examples and a chapter dedicated strictly to tournaments. If your winrate with AK could use a boost, invest a few chips and see the ROI in no time at all!(The foreword is written by legendary poker author Ed Miller)

So in the vein of it takes one to know one, a winning small-stakes Hold 'em player (and gambling writer) shares insights as to how you, too can Be the King (of small stakes tournaments.This easy-to-read guide is specifically designed for the poker novice and the nervous. It contains real-world ideas and strategies to so that players can play aggressively (but not like a maniac), understand opponents' thinking (and lack thereof), and make the final table. And win!
