Compasito Nancy Flowers,Maria Emília Brederode Santos,Zsuzsanna Szelényi,2007-01-01 Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for.'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence.The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

Language & Teaching Peter Herriot,2012 Language is the basic means of communication in the classroom. It is therefore vital that teachers should know something about its acquisition, development, possible defects and the ways in which they may understand and develop its communicative powers. Peter Herriot describes the relationship with thinking, with personal and social development and its manifestations in the classroom. All this is described from the point of view of the psychologist and incorporates many of the findings of contemporaneous psychological research. But the author carefully avoids the jargon of psychology nor does he assume any prior knowledge of linguistics or psychology. Thus Language and Teaching should be especially useful to the student of education or those already engaged in teaching. It is a primer of communication.

The Salt Road Jane Johnson,2011-11-01 From the author of The Tenth Gift comes another story of exotic, foreign lands, entwining storylines spanning generations, and the quests to overcome love lost. The desert lay before them, and the secrets of the amulet . . . From Taфраout's magnificent mountainside, Isobel absorbs the heat and romance of the Moroccan vista before her, with mosque and homes scattered far below. But a mere slip sees her tumbling uncontrollably into the arms of handsome rescuer Taïb, who notices her unusual silver amulet, and that her fall has revealed a tiny scroll hidden within. Entranced by the possibilities of its intricate and illegible script, they set out for the Sahara in search of a Tuareg elder to unlock the riddles of its past. Little does Izzy realize that the desert holds the key to more mysteries than the amulet's. From beneath the beating sun emerges nomadic Princess Mariata, whose stories of tortured love bind her to the precious talisman in Izzy's hands. She's battled the sands; she's found and lost love among its dunes. And where the amulet crosses both their paths, answers to the deepest secrets lie.

Ruta Tannenbaum Miljenko Jergovic,2011-05-06 The novel Ruta Tannenbaum is by prolific, award-winning Croatian author Miljenko Jergović. First published in 2006, the story illuminates life and society in Yugoslavia between the world wars. The title character was inspired by real-life figure Lea Deutsch, the now-forgotten Shirley Temple of Yugoslavia, who was murdered in the Holocaust. Using their shared Jewish heritage as a starting point, Jergovic constructs a fictional family history populated by historical figures with the precocious Ruta at the center. Stephen Dickey's translation masterfully captures Jergović's colloquial yet deeply observed style, which animates the tangled and troubled history of persecution and war in Croatia.
