Compasito Nancy Flowers, Maria Emília Brederode Santos, Zsuzsanna Szelényi, 2007-01-01 Living among other people, in their families and communities, children become aware from a very early age of questions related to justice, and they search for the meaning of the world. By fostering an understanding of human rights, shaping opinion and developing attitudes, human rights education strongly supports this natural interest and learning process. This is what human rights education is about and this is what 'Compasito manual on human rights education for children' is for. 'Compasito' is a starting point for educators, teachers and trainers who are ready to deal with human rights education with children of 7-13 years. The book covers the key concepts of human rights and children's rights, and provides substantial theoretical background to 13 key human rights issues, such as democracy, citizenship, gender equality, environment, media, poverty, and violence. The 42 practical activities serve to engage and motivate children to recognise human rights issues in their own environment. They help children to develop critical thinking, responsibility and a sense of justice, and help them learn how to take action to contribute to the betterment of their school or community. The manual also gives practical tips on how it can be used in various formal and non-formal educational settings.

Language & Teaching Peter Herriot, 2012 Language is the basic means of communication in the classroom. It is therefore vital that teachers should know something about its acquisition, development, possible defects and the ways in which they may understand and develop its communicative powers. Peter Herriot describes the relationship with thinking, with personal and social development and its manifestations in the classroom. All this is described from the point of view of the psychologist and incorporates many of the findings of contemporaneous psychological research. But the author carefully avoids the jargon of psychology nor does he assume any prior knowledge of linguistics or psychology. Thus Language and Teaching should be especially useful to the student of education or those already engaged in teaching. It is a primer of communication.

The Salt Road Jane Johnson, 2011-11-01 From the author of The Tenth Gift comes another story of exotic, foreign lands, entwining storylines spanning generations, and the quests to overcome love lost. The desert lay before them, and the secrets of the amulet . . . From Tafaout's magnificent mountainside, Isobel absorbs the heat and romance of the Moroccan vista before her, with mosque and homes scattered far below. But a mere slip sees her tumbling uncontrollably into the arms of handsome rescuer Taïb, who notices her unusual silver amulet, and that her fall has revealed a tiny scroll hidden within. Entranced by the possibilities of its intricate and illegible script, they set out for the Sahara in search of a Tuareg elder to unlock the riddles of its past. Little does Izzy realize that the desert holds the key to more mysteries than the amulet's. From beneath the beating sun emerges nomadic Princess Mariata, whose stories of tortured love bind her to the precious talisman in Izzy's hands. She's battled the sands; she's found and lost love among its dunes. And where the amulet crosses both their paths, answers to the deepest secrets lie.

Shadow Man Cody McFadyen,2006-06-13 Once, Special Agent Smoky Barrett hunted serial killers for the FBI. She was one of the best—until a madman terrorized her family, killed her husband and daughter, and left her face scarred and her soul brutalized. Turning the tables on the killer, Smoky shot him dead—but her life was shattered forever. Now Smoky dreams about picking up her weapon again. She dreams about placing the cold steel between her lips and pulling the trigger one last time. Because for a woman who's lost everything, what is there left to lose? She's about to find out. In all her years at the Bureau, Smoky has never encountered anyone like him—a new and fascinating kind of monster, a twisted genius who defies profilers' attempts to understand him. And he's issued Smoky a direct challenge, coaxing her back from the brink with the only thing that could convince her to live. The killer videotaped his latest crime—an act of horror that left a child motherless—then sent a message addressed to Agent Smoky Barrett. The message is enough to shock Smoky back to work, back to her FBI team. And that child awakens something in Smoky she thought was gone forever. Suddenly the stakes are raised. The game has changed. For as this deranged monster embarks on an unspeakable spree of perversion and murder, Smoky is coming alive again—and she's about to face her greatest fears as a cop, a woman, a mother . . . and a merciless killer's next victim.

Ruta Tannenbaum Miljenko Jergovic,2011-05-06 The novel *Ruta Tannenbaum* is by prolific, award-winning Croatian author Miljenko Jergović. First published in 2006, the story illuminates life and society in Yugoslavia between the world wars. The title character was inspired by real-life figure Lea Deutsch, the now-forgotten Shirley Temple of Yugoslavia, who was murdered in the Holocaust. Using their shared Jewish heritage as a starting point, Jergovic constructs a fictional family history populated by historical figures with the precocious Ruta at the center. Stephen Dickey's translation masterfully captures Jergovic's colloquial yet deeply observed style, which animates the tangled and troubled history of persecution and war in Croatia.

A Harper has always lived at Harper House, the centuries-old mansion just outside of Memphis. And for as long as anyone alive remembers, the ghostly Harper Bride has walked the halls, singing lullabies at night... At forty-seven, Rosalind Harper is a woman whose experiences have made her strong enough to bend without breaking—and to weather any storm. A widow with three grown sons, she survived a disastrous second marriage and built her *In the Garden* nursery from the ground up. Through the years, *In the Garden* has become more than just a thriving business—it is a symbol of hope and independence to Roz, and to the two women she shares it with. Newlywed Stella and new mother Hayley are the sisters of her heart, and

together, the three of them are the future of In the Garden. Hired to investigate Roz's Harper ancestors, Dr. Mitchell Carnegie finds himself just as intrigued by Roz herself. I ne samo to, obeca vam vrhunski uzitak. Ne prljavi seks, nista nastrano. Obeca da ce s vama voditi ljubav. Biste li pristali?

The Illustrated Guide to Home Chemistry Experiments steps up to the plate with lessons on how to equip your home chemistry lab, master laboratory skills, and work safely in your lab. The bulk of this book consists of 17 hands-on chapters that include multiple laboratory sessions on the following topics: Separating Mixtures Solubility and Solutions Colligative Properties of Solutions Introduction to Chemical Reactions & Stoichiometry Reduction-Oxidation (Redox) Reactions Acid-Base Chemistry Chemical Kinetics Chemical Equilibrium and Le Chatelier's Principle Gas Chemistry Thermochemistry and Calorimetry Electrochemistry Photochemistry Colloids and Suspensions Qualitative Analysis Quantitative Analysis Synthesis of Useful Compounds Forensic Chemistry With plenty of full-color illustrations and photos, Illustrated Guide to Home Chemistry Experiments offers introductory level sessions suitable for a middle school or first-year high school chemistry laboratory course, and more advanced sessions suitable for students who intend to take the College Board Advanced Placement (AP) Chemistry exam. A student who completes all of the laboratories in this book will have done the equivalent of two full years of high school chemistry lab work or a first-year college general chemistry laboratory course. This hands-on introduction to real chemistry -- using real equipment, real chemicals, and real quantitative experiments -- is ideal for the many thousands of young people and adults who want to experience the magic of chemistry.
