Each passage is accompanied by an explanation to help understand the message easily on topics such as • success and happiness • importance of sharing your wealth • relationships • equality of men and women • treating fellow human beings well • the Islamic way of life As societies change to include people from various backgrounds, it is good to know more about different faiths and practices and find similarities among religions to better appreciate each other. This book is a step in that direction. Clearing up wrong ideas about the Quran and Islam, starting from the roots, the author outlines Islamic rules for behaviour and the benefits earned for the afterlife for good deeds, to provide an understanding of the core concepts of Islam.

THE DIVINE SYSTEM Iman Omeed Khan MD, 2015-06-19

The history of Islam as the faith of God has been buried and lost to antiquity, but the message in the Quran has been gaining renewed visibility as both a very negative and as a positive influence.

In spite of its growing visibility, there are baffling issues, as with all "religions", whether the individual, in reality, adheres to the tenets of the Quran and the Faith. There is clearly a phenomenal misunderstanding prevalent about Islam and the Quran.

The author undertook a serious study of the Quran over several years and dispassionately stresses the importance and relevance of the text to contemporary times where heated arguments persist as to which is the "'better"/true religion.

The author presents direct quotes from the Quran and provides explanations thereof based on textual commentaries and her personal understanding with the sincere hope that those who are interested in knowing the basic facts in the Quran get a clearer understanding of this preserved word of God.

Fortress of the Muslim , 2000

The Qur'an Abdullah Yusuf Ali, 2023-07-25 Complete and unabridged, this is The Qur'an in an elegantly designed, hardcover edition.

Prophets in the Quran Brannon Wheeler, 2002-06-01 What was the name of Noah's son who did not survive the Flood? Why do Pharaoh and Haman build the Tower of Babel? For what reasons does Moses travel to the ends of the Earth? Who is the 'Horned-One' who holds back Gog and Magog until the Day of Judgement? These are some of the questions answered in the oral sources and Quran commentaries on the stories of the prophets as they are understood by Muslims. Designed as an introduction to the Quran with particular emphasis on parallels with Biblical tradition, this book provides a concise but detailed overview of Muslim prophets from Adam to Muhammad. Each of the chapters is organized around a particular prophet, including an English translation of the relevant verses of the Quran and a wide selection of classical, medieval and modern Muslim commentaries on those verses. Quran commentaries include references to Sunni and Shi'i sources from Spain, Central Asia, the Middle East and Africa. An extensive glossary provides an annotated list of all scholarly transmitters and cited texts with suggestions for further reading. This is an excellent book for undergraduate courses, and students in

divinity and seminary programmes. Comparisons between the Quran and Bible, and among Jewish, Christian and Islamic exegesis are highlighted. Oral sources, references adapted from apocryphal and pseudepigraphical works, and inter-religious dialogue are all evident throughout these stories of the prophets. This material shows how the Quran and its interpretation are integral to a fuller and more discerning understanding of the Bible and its place in the history of Western religion.

The Butterfly Mosque G. Willow Wilson, 2010-06-01 "In this satisfying, lyrical memoir," an American woman discovers her true faith—and true love—by converting to Islam and moving to Egypt (Publishers Weekly). Raised in Boulder, Colorado, G. Willow Wilson moved to Egypt and converted to Islam shortly after college. Having written extensively on modern religion and the Middle East in publications such as *The Atlantic Monthly* and *The New York Times Magazine*, Wilson now shares her remarkable story of finding faith, falling in love, and marrying into a traditional Islamic family in this "intelligently written and passionately rendered memoir" (*The Seattle Times*, 27 Best Books of 2010). Despite her atheist upbringing, Willow always felt a connection to god. Around the time of 9/11, she took an Islamic Studies course at Boston University, and found the teachings of the Quran astounding, comforting, and profoundly transformative. She decided to risk everything to convert to Islam, embarking on a journey across continents and into an uncertain future. Settling in Cairo where she taught English, she soon met and fell in love with Omar, a passionate young man with a mild resentment of the Western influences in his homeland. Torn between the secular West and Muslim East, Willow—with her shock of red hair, shaky Arabic, and Western candor—struggled to forge a "third culture" that might accommodate her values as well as her friends and family on both sides of the divide. Part travelogue, love story, and memoir, "Wilson has written one of the most

beautiful and believable narratives about finding closeness with God” (The Denver Post).

The Message of the Quran, Islam and the Life of Prophet Muhammad Faisal Fahim, 2015-07-05 This book contains a summary of The Bible The Quran and Science 2014 of Dr. Maurice Bucaille, The biography of prophet Muhammad (pbuh), An Islamic prayer book according to Quran and Sunnah, and last but not least is that this book also contains The Qur'an & Modern Science: Compatible or Incompatible? 2014 by Dr. Zakir Naik and Mr. Faisal Fahim. This is an A to Z book on Islam, Quran, Bible, Torah, Science And it also includes the Islamic prayer book with a biography of the prophet. This book seeks to spiritually unite by highlighting similarities in the texts. It sheds new light and dispels many preconceived ideas in separating what belongs to Revelation from what is the product of error or human interpretation. (The Qur'an & Modern Science: Compatible or Incompatible?) Ever since the dawn of human life on this planet, Man has always sought to understand Nature, his own place in the scheme of Creation and the purpose of Life itself. In this quest for Truth, spanning many centuries and diverse civilizations, organized religion has shaped human life and determined to a large extent, the course of history. While some religions have been based on books, claimed by their adherents to be divinely inspired, others have relied solely on human experience. Al-Qur'an, the main source of the Islamic faith, is a book believed by Muslims, to be of completely Divine origin. Muslims also believe that it contains Divine guidance for all humankind. Since the message of the Qur'an is believed to be for all times, it should be relevant to every age. Does the Qur'an pass this test? In this booklet, I intend to give an objective analysis of the Muslim belief regarding the Divine origin of the Qur'an, in the light of established scientific discoveries. There was a time, in the history of world civilization, when 'miracles', or what was perceived to be a miracle, took precedence over human reason and logic. But how do we define the term 'miracle'? A miracle is anything that takes place out of the normal course of life and for which humankind has no explanation. However, we must be careful before we accept something as a miracle. An article in The Times of India', Mumbai, in 1993 reported that 'a saint' by the name 'Baba Pilot' claimed to have stayed continuously submerged under water in a tank

for three consecutive days and nights. However, when reporters wanted to examine the base of the tank of water where he claimed to have performed this 'miraculous' feat, he refused to let them do so. He argued by asking as to how one could examine the womb of a mother that gives birth to a child. The Baba' was hiding something. It as a gimmick simply to gain publicity. THIS BOOK HAS MUCH MORE ADDED INFORMATION ON THE NEW DISCOVERIES OF SCIENTIFIC INFORMATION FOUND IN THE HOLY QURAN & THIS INFORMATION IS ARRANGED AND ORGANIZED BY AUTHOR MR.FAISAL FAHIM. THE LATEST INFORMATIONS ARE ALL ADDED IN 2014 REVEIWED BY FAISAL.Allah (swt) Says: Invite to the Way of your Lord (i.e. Islam) with wisdom (i.e. with the Divine Revelation and the Qur'an) and fair preaching, and argue with them in a way that is better. Truly, your Lord knows best who has gone astray from His Path, and He is the Best Aware of those who are guided.[Quran 16:125]From author: To the people who loved reading & purchasing my book.Please share my book & tell others about it.And please write a positive review about my book on the website.I really appreciate it & thank you very much. Sincerely, Your author Mr.Faisal Fahim

Understanding the Qur'an M. A. Abdel Haleem,2001-02-16 The tenets of Islam cannot be grasped without a proper understanding of the Qur'an. This examines its recurrent themes - life and eternity, marriage and divorce, peace and war, water and nourishment. Shows the popular conceptions of Islamic attitudes to women, marriage and divorce, war and society, differ radically from the true teachings of the Quar'an.

Holy Quran Abdullah Yusuf Ali,2009-10 Muslims believe that the Qur'an represents the words of God as revealed by the Angel Gabriel to Muhammad over a period of approximately twenty-three years, beginning in 610 AD, when he was forty, and concluding in 632 AD, the year of his death. All of it came from the mouth of one man. More people read the Quran than any other book ever written.This new edition of the book has been published to help Muslims not fluent in Arabic to understand the meaning of the words. It includes an English translation by Abdullah Yusuf Ali and a transliteration into Roman text by Abdul Haleem Eliyasee.However, it is important to remember at all times that the authoritative text is the Quran itself. These translations and transliterations are only intended to be helpful guides. They are not substitutes for the original.Every Muslim is required to read and understand the Quran to the extent of his ability. The words To The Extent of his ability is key. Obviously, a man who cannot speak Arabic and who is poorly educated will not be able to achieve the same level of understanding that a

highly literate and educated native speaker of Arabic can. Nevertheless, even the poorly educated man must try to read and understand the actual words of the Quran. There is no Pope or supreme authority in Islam. Every man is his own authority. This is what Muslims believe.

The Holy Quran Allah (god), 2020-11-11 In the Qur'an, a pious Muslim hears God's voice guiding and encouraging, consoling and reproaching, promising the righteous mercy and eternal bliss, while threatening the wicked with wrath and eternal torment. For Muslims, the Qur'an is the word of God, which has entered human time to shape history. According to Muslim sources, the Angel Gabriel revealed himself to Prophet Muhammad in 610 CE while he was in prayerful retreat in a cave on Mount Hira, outside Mecca. It is said that in this initial meeting, the Angel Gabriel pressed Muhammad so vehemently that he felt he was being choked. The Qur'an states that the angel then commanded: Recite in the name of your Lord who created, created man from a blood clot. Recite, for your Lord is most magnanimous - who taught by the pen; taught man that which he did not know. (Qur'an 96:1-5) Muslims claim that God warned Prophet Muhammad: We shall surely lay upon you weighty speech, and enjoined him to rise up through most of the night in prayer, and remember fervently what he was told to be, the Lord of the east and the west (Qur'an 73:5 and 73:8). For Muslims this weighty speech marked Prophet Muhammad as the last Messenger of God to humankind; this event was to have a great impact on the course of human history. The Qur'an is said to have been communicated to Prophet Muhammad in two ways. Muslims believe that it was communicated through the Angel Gabriel. These communications were revealed in small portions: single verses, groups of verses, and entire chapters or suras over a period of twenty to twenty-two years. The Qur'an for Muslims is not only words that can be uttered, heard, and recorded; it is also the heavenly archetype of which the recited and written Qur'an is only an earthly copy. The Qur'an in its heavenly archetypal form is for Muslims the source of divine revelation throughout human history and is eternally preserved by God. It is the covenant of God with humankind which He established with the children of Adam when they were but ideas or essences in the divine realm. Prophet Muhammad also professed to have experienced this heavenly Qur'an, in addition to having been the recipient of revelation. He would experience a profound spiritual state, shivering on a hot summer day or sweating on a cold winter day, hearing sounds like the ringing of a bell. These sounds transformed themselves in his consciousness into human words, which he memorised and had recorded. Muslims also believe that the Qur'an was also sent down in part, to Prophet Muhammad's heart on the night of determination (Qur'an 44:3 and 97:1), a blessed night for all Muslims. This event sanctified his life and made Prophet Muhammad an example for Muslims to follow. In the Qur'an, God asked: Am I not your Lord? and those who chose to worship God affirmed as Lord responded with the words: Yes, we bear witness... (Qur'an 7: 172). The Qur'an is the seal and testimony to this covenant. Its message is, for Muslims, a powerful affirmation of divine lordship and Muslim commitment. The Qur'an as an earthly text has been inextricably bound to Muslim history. It served as an answer to the problems of the Arab society in Prophet Muhammad's time. The Qur'an was also a response to Prophet Muhammad's questions about the meaning of human life and the mystery of creation, and was closely linked to the history of the nascent Muslim community in Mecca and, later, in Medina. Many of the Qur'anic verses

are said to have been revealed in answer to specific questions or life situations. The answers given are seen by Muslims to be general principles, moral imperatives, or precepts applicable to all times and places. The family of the Prophet, which the Qur'an directly addressed (see Qur'an 33:32), is seen by Muslims to be a model for all families and all societies in the world
