Islam Without Fear Raymond William Baker,2009-06-01 For the last several decades an influential group of Egyptian scholars and public intellectuals has been having a profound effect in the Islamic world. Raymond Baker offers a compelling portrait of these New Islamists--Islamic scholars, lawyers, judges, and journalists who provide the moral and intellectual foundations for a more fully realized Islamic community, open to the world and with full rights of active citizenship for women and non-Muslims. The New Islamists have a record of constructive engagement in Egyptian public life, balanced by an unequivocal critique of the excesses of Islamist extremists. Baker shows how the New Islamists are translating their thinking into action in education and the arts, economics and social life, and politics and foreign relations despite an authoritarian political environment. For the first time, Baker allows us to hear in context the most important New Islamist voices, including Muhammad al Ghazzaly, Kamal Abul Magd, Muhammad Selim al Awa, Fahmy Huwaidy, Tareq al Bishry, and Yusuf al Qaradawy--regarded by some as the most influential Islamic scholar in the world today. A potentially transformative force in global Islam, the New Islamists define Islam as a civilization that engages others and searches for common ground through shared values such as

justice, peace, human rights, and democracy. Islam without Fear is an impressive achievement that contributes to the understanding of Islam in general and the possibilities of a centrist Islamist politics in particular.

THE PROMISED LAND OF ISRAEL Solomon Pournia, 2023-06-12 What would you say if the Holy Quran turned out to contain components consistent with Zionism? What if the Quran in its very philological content blesses and encourages the Jews to live in the land of Israel? What if billions of Muslims were to be made aware of the clearly pro-Zionist verses in the Quran and were to alter their worldview to welcome the Jews in their ancestral homeland? One of them is Sura Al-Ma'ida 5:21, which has a striking significance as a powerful command from Allah, as interpreted by the renowned Muslim exegetes, including Al-Tabari. On the other hand, the examining of the status of al-Aqsa Mosque being the third-holiest site in the Muslim world, as well as the status of the city of Jerusalem from Muslims' and Jews' viewpoint, would reveal fully new perspectives. Ever since 1937, there have been multiple attempts to resolve the Arab-Jewish conflict to no avail. The hidden religious aspect of the conflict has been generally neglected by the parties. Accordingly, the Muslim world is often subjected to provocation by zealous clerics and politicians who implement anti-Jewish propaganda, including the misinterpretation of the Quranic verses. This book will tackle on the very sensitive topics alluded above and should serve as an eye-opener for Muslim politicians, traditional clerics, Muslims in general and the interested Westerners.. The well-documented accuracy and authenticity of the quoted facts render them beyond malicious interpretation.

Qur'an and Woman Amina Wadud,1999-06-10 Fourteen centuries of Islamic thought have produced a legacy of interpretive readings of the Qu'ran written almost entirely by men. Now, with Qu'ran and Woman, Amina Wadud provides a first interpretive reading by a woman, a reading which validates the female voice in the Qu'ran and brings it out of the shadows. Muslim progressives have long argued that it is not the religion but patriarchal interpretation and implementation of the

Qu'ran that have kept women oppressed. For many, the way to reform is the reexamination and reinterpretation of religious texts. Qu'ran and Woman contributes a gender inclusive reading to one of the most fundamental disciplines in Islamic thought, Qu'ranic exegesis. Wadud breaks down specific texts and key words which have been used to limit women's public and private role, even to justify violence toward Muslim women, revealing that their original meaning and context defy such interpretations. What her analysis clarifies is the lack of gender bias, precedence, or prejudice in the essential language of the Qur'an. Despite much Qu'ranic evidence about the significance of women, gender reform in Muslim society has been stubbornly resisted. Wadud's reading of the Qu'ran confirms women's equality and constitutes legitimate grounds for contesting the unequal treatment that women have experienced historically and continue to experience legally in Muslim communities. The Qu'ran does not prescribe one timeless and unchanging social structure for men and women, Wadud argues lucidly, affirming that the Qu'ran holds greater possibilities for guiding human society to a more fulfilling and productive mutual collaboration between men and women than as yet attained by Muslims or non-Muslims.

The Oxford Dictionary of Islam John L. Esposito,2004-10-21 The dictionary focuses primarily on the 19th and 20th centuries, stressing topics of most interest to Westerners. What emerges is a highly informative look at the religious, political, and social spheres of the modern Islamic world. Naturally, readers will find many entries on topics of intense current interest, such as terrorism and the Taliban, Osama bin Laden and al-Qaida, the PLO and HAMAS. But the coverage goes well beyond recent headlines. There are biographical profiles, ranging from Naguib Mahfouz (the Nobel

Prize winner from Egypt) to Malcolm X, including political leaders, influential thinkers, poets, scientists, and writers. Other entries cover major political movements, militant groups, and religious sects as well as terms from Islamic law, culture, and religion, key historical events, and important landmarks (such as Mecca and Medina). A series of entries looks at Islam in individual nations, such as Afghanistan, the West Bank and Gaza, Bosnia-Herzegovina, and the United States, and the

Sand & Sea Ann D'Silva, 2019-01-07 People don't believe in the unseen, anymore, Only in things they can see for sure. They say love and soulmates exist no more, Yet they breathe an unseen air to live for sure. Not every story begins in the here and now. Some transit through time never ending. If time were to cease, then some things would live forever... It began in the garden beneath which rivers flow, the place where the Sand and the Sea were born before creation -- the first soulmates, the two halves of one whole, the two parts of the eternity sign. A part Koli, East Indian Catholic, Hannah lives in Mumbai where the Sea always watches over her. Yet her dreams are haunted by a voice that calls to her through the breeze... True love walks beside her in another life, yet she is unable to find a way back in time. Riddled with disappointment and distressing heartbreak, she is hopelessly drawn to the path the Universe has laid before her feet. Drawn to Istanbul, she finds part of the puzzle in the Ezan of the Blue Mosque. Could the man from her dreams be real? What could an Indian woman and a Turkish Imam have in common? Will Hannah find what she searches for?

Only those who believe will pass the test. Everyone has their own journey; some get on to the path and to some, the path comes calling. This is the tale of the Sand and the Sea, Hanging on the edge of wait, watch and let's see.

Women Under Islam Christina Jones-Pauly, Abir Dajani Tuqan, 2011-04-30 How Islam treats women is one of the most hotly contested questions of our times. Islamic law is often misrepresented as a single monolithic concept, rather than a collection of different interpretations and practices. To move the debate on Islamic law and gender forward, it is necessary to establish how Islamic law actually operates. This groundbreaking work explores what conditions sustain the most liberal interpretation of Islamic law on gender issues. It examines the different interpretations, histories and practices of Islamic law in different countries. It finds that the political independence of judicial institutions is a far more important factor than the relative conservatism of the society. This wide-ranging book will provide new insights not only for those studying law and gender, but for anyone with an interest in Islamic societies.
