**The Glorious Quran** Dr Shehnaz Shaikh M D,Kausar Khatri,2007-07-01 There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: \* A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. \* Learning extensive grammar before improving vocabulary is like putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).

*What the Qur'an Meant* Garry Wills,2018-12-04 America's leading religious scholar and public intellectual introduces lay readers to the Qur'an with a measured, powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity. In *What the Qur'an Meant*, Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur'an, leading us through perplexing passages with insight and erudition. What does the Qur'an actually say about veiling women? Does it justify religious war? There was a time when ordinary Americans did not have to know much about Islam. That is no longer the case. We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing. We are constantly fed false information about Islam—claims that it is essentially a religion of violence, that its sacred book is a handbook for terrorists. There is no way to assess these claims unless we have at least some knowledge of the Qur'an. In this book Wills, as a non-Muslim with an open mind, reads the Qur'an with sympathy but with rigor, trying to discover why other non-Muslims—such as Pope Francis—find it an inspiring book, worthy to guide people down through the centuries. There are many traditions that add to and distort and blunt the actual words of the text. What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning. He compares the Qur'an with other sacred books, the Old Testament and the New Testament, to show many parallels between them. There are also parallel difficulties of interpretation, which call for patient exploration—and which offer some thrills of discovery. *What the Qur'an Meant* is the opening of a

conversation on one of the world's most practiced religions.

**Universal Qur'an** Shaykh Fadhlalla Haeri, 2021-04-19 In our contemporary world where race, religion, culture and other human characteristics meet, connect, fuse, overlap and clash, so many challenges regarding faith, belief and metaphysical issues present themselves. The Abrahamic traditions are the result of thousands of prophets and messengers coming to guide humankind which culminated with the Prophet Muhammad, whose gift of the Qur'an is of universal value. The Qur'an's miracle is that its verses repeatedly reveal the seamless connection between infinite, unseen, cosmic lights with finite, relative, and limited earthly consciousness. This selection of key verses are universally useful for all times and for all people for every moment in the human journey. This book presents Qur'anic Universal renderings that connects the absolute and the relative in a unified voice that transforms and transports the reader to the eternal reality that is both transcendent and immanent. It is an essential reference for the inner technology guiding towards transformation that echoes in the hearts of the sincere seeker. - Adnan al Adnani, author of Lights of Consciousness: A Sufi view of Science and Spirituality Shaykh Fadhlalla's wise commentary and rendering of the verses enable the reader, whether newcomer or more experienced, to clearly understand the Qur'anic map and guide to life. The Complete Infidel's Guide to the Koran Robert Spencer, 2009-09-21 The Complete Infidel's Guide to the Koran exposes how the Koran incites hatred and violence and is anti-democratic, anti-freedom, and intolerant of any other ideology. Stripping out the obsolete debate, The Complete Infidel's Guide to the Koran focuses on the decrees toward Jews and Christians, how they were viewed by Muhammad, what "the infidels" have done wrong and what the Koran has in store for them. The Complete Infidel's Guide to the Koran is the essential primer to comprehending one of the most cryptic and misunderstood religious texts. Robert Spencer sheds light on the violence inherent in the Koran and reveals the frightening implications for the War on Terror, the U.S. and the world. In The Complete Infidel's Guide to the Koran you will learn: The true meaning of celebrated and seemingly benign verses, such as "Strive in the way of Allah" and "Persecution is worse than slaughter" How the Koran sanctions domestic abuse, honor killing, and murder How the Koran not only discourages Infidels from reading it, but mandates that they don't even touch it Why Obama, Clinton, and others are dangerously close to supporting a multiculturalism based on an ideology that aims to destroy the principles America holds dear

**When Christians Ask** Mohamed Ghounem, 2005-03-01 A list of questions frequently asked by Christian students of theology and their professors alike that are answered in the Islamic holy book, the Quran.

The Future of Islam John L. Esposito, 2010-02-04 John L. Esposito is one of America's leading authorities on Islam. Now, in this brilliant portrait of Islam today-- and tomorrow-- he draws on a lifetime of thought and research to provide an accurate, richly nuanced, and revelatory account of the fastest growing religion in the world. Here Esposito explores the major questions and issues that face Islam in the 21st century and that will deeply affect global politics: Is Islam compatible with modern notions of democracy, rule of law, gender equality, and human rights? How representative and widespread is Islamic fundamentalism and the threat of global terrorism? Can Muslim minority communities be loyal citizens in America and Europe? In the midst of these questions Esposito places an important emphasis on the issue of Islamophobia, the threat it poses, and its vast impact on politics and society in the US and Europe. He also turns the mirror on the US and Europe and paints a revealing portrait of how we appear to Muslims. Recent decades have brought extraordinary changes in the Muslim world, and in addressing these issues, Esposito paints a complex picture of Islam in all its diversity--a picture of urgent importance as we face the challenges of the coming century.

**If the Oceans Were Ink** Carla Power, 2015-04-07 PULITZER PRIZE FINALIST • NATIONAL BOOK AWARD FINALIST • Hailed by The Washington Post as “mandatory reading,” and praised by Fareed Zakaria as “intelligent, compassionate, and revealing,” a powerful journey to help bridge one of the greatest divides shaping our world today. If the Oceans Were Ink is Carla Power's eye-opening story of how she and her longtime friend Sheikh Mohammad Akram Nadwi found a way to confront ugly stereotypes and persistent misperceptions that were cleaving their communities. Their friendship-between a secular American and a madrasa-trained sheikh-had always seemed unlikely, but now they were frustrated and bewildered by the battles being fought in their names. Both knew that a close look at the Quran would reveal a faith that preached peace and not mass murder; respect for women and not oppression. And so they embarked on a yearlong journey through the controversial text. A journalist who grew up in the Midwest and the Middle East, Power offers her unique vantage point on the Quran's most provocative verses as she debates with Akram at cafes, family gatherings, and packed lecture halls, conversations filled with both good humor and powerful insights. Their story takes them to madrasas in India and pilgrimage sites in Mecca, as they encounter politicians and jihadis, feminist activists and conservative scholars. Armed with a new understanding of each other's worldviews, Power and Akram offer eye-opening perspectives, destroy long-held myths, and reveal startling connections between worlds that have seemed hopelessly divided for far too long. Praise for If the Oceans Were Ink “A vibrant tale of a friendship.... If the Oceans Were Ink is a welcome and nuanced look at Islam [and] goes a long way toward combating the dehumanizing stereotypes of Muslims that are all too common.... If the Oceans Were Ink should be mandatory reading for the 52 percent of Americans who admit to not knowing enough about Muslims.”—The Washington Post “For all those who wonder what Islam says about war and peace, men and women, Jews

and gentiles, this is the book to read. It is a conversation among well-meaning friends—intelligent, compassionate, and revealing—the kind that needs to be taking place around the world.”—Fareed Zakaria, author of The Post-American World “Carla Power’s intimate portrait of the Quran, told with nuance and great elegance, captures the extraordinary, living debate over the Muslim holy book’s very essence. A spirited, compelling read.”—Azadeh Moaveni, author of Lipstick Jihad “Unique, masterful, and deeply engaging. Carla Power takes the reader on an extraordinary journey in interfaith understanding as she debates and discovers the Quran’s message, meaning, and values on peace and violence, gender and veiling, religious pluralism and tolerance.”—John L. Esposito, University Professor and Professor of Islamic Studies, Georgetown University, and author of The Future of Islam “A thoughtful, provocative, intelligent book.”—Diana Abu-Jaber, author of Birds Of Paradise and The Language of Baklava

**222 Bible Mysteries SOLVED by Islam** Mohamed Moussa Ghounem,2022-12-17 Can Comparative Religion Be Fair? Peace be upon you brothers and sisters, Loving Humanity, Empathy for our Afterlife, Dueling with deceit, are just a few of the reasons one may have Passion for Comparative Religion. Comparing Scriptures with Rabbis, Priests, Preachers, Presidents of Evangelist Colleges for decades, you come to the realization that Comparative Religion Appears Fair, but is Far from having Equivalent Language and Time Requirements. The Three Abrahamic Religions: [Judaism, Christianity, and Islam], are not Linguistically Equal. The Language Requirements of Christianity are Absolutely Unique to Judaism and Islam. Christianity has Relaxed Requirements in Respects to Language. Bibles are Accepted in All Languages as the exact Authentic words of God. Compared to Judaism and Islam who have the Rigorous Requirement that Scripture is only Authentic in the Original Language. The linguistic inequality is unfair to Christianity

because the Gospel was not Preserved in its original language (Aramaic) and we only have the translated Greek. Early Greek Christians had a business mentality towards Religion, Removing nearly every Requirement to join Christianity, except 10% of our income (Tithes). The Greek business approach to religion didn't Foresee the Consequences of not maintaining Requirements set by God. Instead, Christianity was offered as an Easy Religion: 1) No Requirements to Learn a new language to Read - Hear the Exact words of God, instead, any & Every language was anointed and accepted as authentic 2) No Requirements to follow the Laws of Moses, All sins are forgiven if you accept someone else died for you 3) Holidays such as Christmas & Easter are researched and focused on and Multiple Christmas songs memorized more than any page in the Bible. 4) Jesus was redesigned to resemble the Greeks more than the Hebrews and his original language - words requiring works in Aramaic were destroyed and only the Greek Gospels remain. Changing Christianity into an Easy religion to have Mass appeal has expanded Christianity to be the Largest Religion, but all calculations and censuses forecast more Muslims than Christians by 2075 – If we calculate Either Catholics or Protestants, then Islam is already the largest religion compared to each, proving being Easier does not Prevail being Truthful. Removing the original Language Requirement is the same as Removing the Requirement to be Authentic, giving Christianity a disadvantage when being compared to Judaism and Islam. For example: On average, every 50 years, a different English Bible with a different name, different words, from a different Church is Published and accepted by divisions of Christians as the exact words of God. Christians Relaxing the language and law requirements Worldwide has spawned unlimited Bibles in different languages conflicting with each other because languages can't be perfectly translated, forming hundreds of errors, hundreds of Christian sects, corruption, scandal and closures in many Churches. Comparative Religion is not fair because Christians have an Ocean of Bible – translations - multiplying the cannons for the critics of Christianity to list grammatical, copyist, and translation errors from 40+ times more content compared to Judaism or Islam. For Example, "The King James Bible" may have its own hundreds of Bible mysteries – anomalies - etc., then the opponent of Christianity can find dozens of more errors in the "Good News Bible", "New International Bible", "New Revised Standard Bible", etc.. Just in English, there are 40+ differing Bibles, each with their own issues, because all of them are considered authentic, we can add all the Hundreds of Errors from all 40+ Bibles, giving an unfair advantage to any Jew or Muslim questioning a Christian. Because Christians forfeit the requirement of one Authentic language to Read and Hear Scripture Exactly as said from God, Christians also surrender being able to say the Bibles are anything other than "translations". All Translations – Translators - humans make errors, therefore even if each English Bible only had 1 single error, a rival of Christianity can add all 40+ Bibles to contend with Christianity or even worse, avoid our Creator Christians will never win a Religious debate because of the Bible weakness of Language. The original language (Aramaic) of their deity (Jesus) is extinct, instead their translations are based on Greek and German into English, shifting the entire meaning of Jesus from the Hebrew Moses to Greek Zeus. The second reason the language requirement makes comparative religion unfair for Christians when debating Jews or Muslims is because of Hebrew or Arabic to English Dictionaries. If a Christian Questions an

anomaly in a English translation of the Torah or Quran, a Jew or Muslim can simply Show from Any Hebrew or Arabic to English dictionary any one of the dual meanings of any words in question, thus giving Jews and Muslims Unlimited Correct and Verifiable Answers. Christians neither have an Original Aramaic to English dictionary or the Aramaic verses to try to defend mistranslated Greek to German to English Bible words and furthermore, Christians are sold the English Bible as the exact words of God. Admitting the English Bible is mistranslated and to try to extract a Greek root word is why it's not fair comparing Scriptures because Christians instantly admit and even put it in writing in nearly every Bible commentary that the English Bible has translation/copyist/grammatical errors. In summary, Christians removing the one language requirement and also removing the original language - opens Christianity to a growing number of skeptics towards the English Bible that just by defending it with the Greek root admits the English Bible is not Devine. Keeping the Language Requirements Shields Jews and Muslims from translation critiques because only the Hebrew or Arabic are Accepted as Authentic, not the translations. Additionally, Jews and Muslims have an unlimited amount of translation dictionaries to defend Torah or Quran English mistranslations unlike the Christians. For Jews and Muslims, the English Translations of the Torah and Quran are only tools to Understand the Original Holy Scriptures. The English translations are not considered Holy as in Christianity. God Saved the Christian Bible by Sending the Holy Quran in Arabic 632 Ad, just 300 years after the Aramaic Bibles were destroyed by the Greek Christian council in 325 Ad, nearly 300 years after Jesus. The Holy Quran in Arabic is a relative language to the Middle Eastern Aramaic and has been accepted worldwide by more than a Billion followers and for hundreds of miles in any direction where Jesus was born and preached in Aramaic, we have converted to Islam and pray in Arabic, continuing the Authentic Abrahamic Faith. Jewish Scripture is also not fair for Muslims to compare because unlike the disadvantages of Language in Christianity, Jews have the Disadvantages of Time: 1) Time Verses Nature - Very Devout Generations of Jews have Preserved Scriptures for Centuries, Copying Hundreds of Scrolls for Hundreds of years using candles, bird feathers, crossing Seas (Exodus 14:21) Being Lost in the Wilderness for 40 years (Numbers 14:20:22), Multiple Genocides and Battles, Israelites in the Bible have been attacked 52 times, captured and recaptured 44 times, besieged 23 times, and destroyed twice, Effecting the quality of Jewish Scripture during 6,000 years. For Example: The Horrible Nazi Holocaust that killed millions of Jews was less than 100 years ago and had a major impact on Jewish artifacts, some belongings from 1933 are still being probed. How Fair would it be to compare Jewish documents that suffered nearly 60 Multitudes of Holocausts during 6,000 years, averaging one Holocaust nearly every 100 years according to Bible statistics Compared to the Holy Quran that was written and preserved within 20 years with zero Holocausts? 2) Time Verses Temptation - Jewish Scribes had the Massive Responsibility of passing and teaching the Torah to their children and Community for hundreds of years. Tolkien wrote about Hobbits in "Lord of the Rings" having a similar wrenching struggle to resist putting a human touch on the Devine, graphically displaying the Pressure to Resist the Temptation of Power. The discipline to Keep God great and humans humble in Jewish Scripture For Centuries was perhaps unbearable to some Jewish Rabbis, some even confessed their deceit (Jeremiah 8:8) Jewish Scribes Endured

Resisting power for centuries more than Any Religion, Rome & Riyadh both have many billionaires who benefit from being in vicinity to religious capitals, the Jews struggled with greed for twice as long as Christianity and Islam combined. The Battle of shifting power and resources from the people to the Pope, from Prophets to rabbis, from Muslims to monarchs is a timeless struggle that Jews & the Torah has had to endure longer than any other religions

3) Time Verses Science – Jewish scribes had the disadvantage of writing scripture during a time of minimal Scientific understanding or discovery. Contending with both what their eyes could see and believe and risking deadly persecution by fire or decapitation if the Jewish scribes crossed established societal scientific norms thousands of years ago such as: The Earth being the center of the universe (Psalms 96:10), the Earth being Flat (Isaiah 11:12), the Sun and Moon being equal lights, each turning on depending on the time of day (Genesis 1:16), just to list a few. Thus, Comparative Religion is not fair, Debating Jews and Christians is not fair, the Debates may seem fair because the Jews and Christians usually speak better English, they Usually look like Harvard Professors compared to the average Muslim looking foreign, and many people are swayed by appearance and phonics, thus the debates seem somewhat fair but decades later, you realize they are anything but fair. So what do we do other than debate? We Teach, Teach Jews and Christians how the
