Libertarian Autobiographies Jo Ann Cavallo, Walter E. Block, 2023-10-09

Influential libertarians from diverse backgrounds and professions who have worked toward a freer society across the globe share their personal and intellectual journeys, including what their lives and thoughts were before they embraced libertarianism; which people, texts, or events most inspired them; what experiences, challenges, tribulations, and achievements they have had as participants or leaders in this movement, and how this philosophy has affected their private and professional lives. The volume's 80 contributors span the political-philosophical spectrum of libertarianism, including anarcho-capitalists, minarchists, constitutionalists, classical liberals, and thick libertarians. Their essays express different perspectives on many issues even while articulating such core principles as an appreciation for individual liberty, private property rights, the rule of law, and free enterprise. Together, they represent myriad individual journeys toward libertarianism, however defined. By bringing together a range of contemporary voices from outside the dominant left-right paradigm, this book aims to contribute to the viewpoint diversity that is crucially needed in today's public discourse. These autobiographies not only offer compelling insights into their individual authors and the state of the world today, but may also inspire the next generation to make our society a freer one.

Agrotropolis J.T. Way, 2021-01-26 In Agrotropolis, historian J. T. Way

traces the developments of Guatemalan urbanization and youth culture since 1983. In case studies that bring together political economy, popular music, and everyday life, Way explores the rise of urban space in towns seen as quintessentially rural and showcases grassroots cultural assertiveness. In a post-revolutionary era, young people coming of age on the globally inflected city street used popular culture as one means of creating a new national imaginary that rejects Guatemala's racially coded system of castes. Drawing on local sources, deep ethnographies, and the digital archive, Agrotropolis places working-class Maya and mestizo hometowns and creativity at the center of planetary urban history.

Outlaws Inc. Matt Potter,2011-08-01 This riveting account reveals the secret corners of our supposedly flat world: black markets where governments are never seen but still spend outrageous amounts of money. Journalist Matt Potter tells the story of Yuri and his crew, a gang of Russian military men who, after the collapse of the Soviet Union found themselves without work or prospects. So they bought a decommissioned Soviet plane-at liquidation prices, straight from the Russian government-and started a shipping business. It wasn't long before Yuri, and many pilots like him, found themselves an unlikely (and ethically dubious) hub of global trading. Men like these are paid by the U.S., the Taliban, and blue-chip multinational companies to bring supplies- some legal, some not-across dangerous borders. In a feat of daring

reportage, Potter gets onto the flight deck with these outlaws and tells the story of their fearless missions. Dodging gunfire, Potter is taken from place to place by men trafficking everything from illicit weapons to emergency aid, making enemies everywhere but no reliable friends. As the world changes, we see the options for the crew first explode, then slowly diminish, until, in a desperate maneuver, they move their operations to the most lawless corners of Africa, where they operate to this day. The story of these outlaws is a microcosm of the world since the end of the cold war: secret contracts, guerrilla foreign policy, and conflicts too thorny to be handled in public. Potter uses the story of these men to articulate an underground history of the globalized world. At once thrilling, provocative, and morally circumspect, this book is a must-read for anyone with an interest in espionage, or in how the world works today.

Digital Dharma Steven Vedro, 2013-08-15 Digital Dharma has something for everyone. It is for technology experts and yoga fanatics alike. Whether you're simply seeking the spiritual, already practicing a spiritual tradition, or a Body-Mind-Spirit reader with ambivalent feelings about your computer and cell phone, this book will guide you on the path toward a new consciousness. Similarly, novices of the digital world, media junkies, and technology utopians who understand at some level there is much yet to be learned from the Infosphere, will all find intriguing, useful material here.

Love Street Susan Perly, 2001 You have never read a book like Susan Perly's

first novel Love Street. Open it anywhere, and out comes the voice of Miss Mercy, late-night radio DJ in New Orleans with her jive talk and old vinyl platters. Sam Cooke, Percy Mayfield, Marvin Gaye, Van Morrison, Mark Rothko, Robert Motherwell, war, art, peacetime -- Miss Mercy talks to the lonely. She swings, she bebops, growls, prays, plays blues, soul, jazz, R&B. Miss Mercy is the modern woman of all ages. She is lo-fi, urban, mysterious. She is wacky, she cascades sheets of sound. Remember when you used to listen to a radio under your pillow? Love Street is a radio novel from that world. Miss Mercy -- the sultry vinyl pirate, the Mistress of the Mike -- aims to seduce you. To remind you of the fun of words, to woo you back to the love of reading.

The World of DJs and the Turntable Culture ,2003 (Book). Step behind the wheels of steel and into the world of professional DJs. The World of DJs and the Turntable Culture is the only book that clearly and thoroughly teaches the tools, technologies and techniques of contemporary DJing. It also goes further, exploring the culture, history and aesthetics of hip-hop, dance music and turntablism. Souvignier traces the turntable's evolution from consumer playback device into a professional musical instrument, right up to the latest CD scratching decks. He also traces the evolution of the DJ from selector and record announcer to producer/performer. This book features exclusive interviews with GrandWizzard Theodore (the inventor of scratching) and other superstars including DJ Qbert, Rob Swift (X-ecutioners), Armand Van

Helden and mash-up maven The Freelance Hellraiser. The wide ranging topics covered include a mechanical history of turntables and a DJ technology roundup; Alan Freed, Dick Clark and payola; John Cage's Cartridge Music; Grandmaster Flash; Jamaican sound systems; the rise and fall of disco; house, techno and garage music; a dictionary of scratches; and developing DJ skills. The World of DJs and the Turntable Culture includes hands-on chapters that explain the basic tools DJs use, teaches the fundamental techniques, and explores the creative possibilities for DJs. There is a special focus on state-of-the-art gear, spotlighting the most exciting, cutting-edge features.

Hip Hop around the World [2 volumes] Melissa Ursula Dawn Goldsmith,Anthony J. Fonseca,2018-12-01 This set covers all aspects of international hip hop as expressed through music, art, fashion, dance, and political activity. Hip hop music has gone from being a marginalized genre in the late 1980s to the predominant style of music in America, the UK, Nigeria, South Africa, and other countries around the world. Hip Hop around the World includes more than 450 entries on global hip hop culture as it includes music, art, fashion,

dance, social and cultural movements, organizations, and styles of hip hop. Virtually every country is represented in the text. Most of the entries focus on music styles and notable musicians and are unique in that they discuss the sound of various hip hop styles and musical artists' lyrical content, vocal delivery, vocal ranges, and more. Many additional entries deal with dance styles, such as breakdancing or b-boying/b-girling, popping/locking, clowning, and krumping, and cultural movements, such as black nationalism, Nation of Islam, Five Percent Nation, and Universal Zulu Nation. Country entries take into account politics, history, language, authenticity, and personal and community identification. Special care is taken to draw relationships between people and entities such as mentor-apprentice, producer-musician, and more.

United States Statutes at Large United States, 1939

WMD Machete Mark Plimsoll, 2011-01-26 The Pan-American Huckleberry Finn for the Twenty-first Century, a memoir of the young author's struggle with two realities, one Anglo-Saxon and the other Hispanic. In this picaresque coming-of-age memoir, we see a vision of North America's future in twenty-five years, when the Hispanic population becomes the majority and changes not only the demographics of the United States of America, but its culture. The author sweeps us along on a whirlwind of culture shock. He chronicles the adventures of a disgruntled industrial-age young man who feels a tribal and instinctual reluctance to accept the Third World's view of the United States, and

America's foreign policy. But before he can assimilate the profound changes in language, culture, and reality, along comes a new relationship and an earthquake that stops a war only to kill twenty-two thousand people, and changes blind patriotism into something else.

Billboard ,2007-02-03 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Translation Nation Héctor Tobar,2006-04-04 From the Pulitzer Prize-winning journalist and author of the smash hit Deep Down Dark, a definitive tour of the Spanish-speaking United States—a parallel nation, 35 million strong, that is changing the very notion of what it means to be an American in

unprecedented and unexpected ways. Tobar begins on familiar terrain, in his native Los Angeles, with his family's story, along with that of two brothers of Mexican origin with very different interpretations of Americanismo, or American identity as seen through a Latin American lens—one headed for U.S. citizenship and the other for the wrong side of the law and the south side of the border. But this is just a jumping-off point. Soon we are in Dalton, Georgia, the most Spanish-speaking town in the Deep South, and in Rupert, Idaho, where the most popular radio DJ is known as El Chupacabras. By the end of the book, we have traveled from the geographical extremes into the heartland, exploring the familiar complexities of Cuban Miami and the brand-new ones of a busy Omaha INS station. Sophisticated, provocative, and deeply human, Translation Nation uncovers the ways that Hispanic Americans are forging new identities, redefining the experience of the American immigrant, and reinventing the American community. It is a book that rises, brilliantly, to meet one of the most profound shifts in American identity.

Popular Science ,1923-12 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

World Radio TV Handbook ,2009

Property Rights and Neoliberalism Laura J. Hatcher,2016-04-15 Property rights and efforts to curb state appropriation of private properties for

public purposes have always held high status on the political agenda of the US and many other nations that feature a corporate capitalist economic system. In addition to this, over the last several decades conservative libertarian and neo-liberal groups have put constitutional demands for greater property protection on the agendas of courts in several countries. Studying property rights mobilization in both domestic and comparative contexts, the contributors to this volume bring a range of social science perspectives to address three primary issues: the contours and characteristics of property rights mobilizations; the degree to which property rights movements have influenced development of law in demonstrable ways; and the broader cultural, social and economic implications of modern-era property rights litigation and legal mobilizations. This will be a key text for anyone working within or interested in property rights.

Unveiling the Power of Verbal Art: An Psychological Sojourn through **Radio Dj Guatemala**

In a world inundated with displays and the cacophony of immediate interaction, the profound power and emotional resonance of verbal artistry frequently diminish into obscurity, eclipsed by the regular assault of sound and distractions. Yet, located within the musical pages of **Radio Dj**

Guatemala, a fascinating perform of fictional splendor that pulses with fresh thoughts, lies an unforgettable trip waiting to be embarked upon. Published by a virtuoso wordsmith, that exciting opus guides readers on a psychological odyssey, gently revealing the latent potential and profound affect stuck within the complicated web of language. Within the heart-wrenching expanse of the evocative evaluation, we will embark upon an introspective exploration of the book is central styles, dissect their interesting publishing type, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
