Brunswick Gardens Anne Perry, 2010-09-29 In London's affluent Brunswick Gardens, the battle over Charles Darwin's revolutionary theory of evolution intensifies as the respected Reverend Parmenter is boldly challenged by his beautiful assistant, Unity Bellwood—a "new woman" whose feminism and aggressive Darwinism he finds appalling. When Unity, three months pregnant, tumbles down the staircase to her death, Superintendent Thomas Pitt is as certain as he can be that one of the three deeply devout men in the house committed murder. Could it have been the Reverend Parmenter? His handsome curate? Or his son, a fervent Roman Catholic? Pitt and his clever wife, Charlotte, refuse to settle for less than the truth—or less than justice.

Rastafarian Art Wolfgang Bender, 2005 The Rastafarian religion of Jamaica came into prominence in the late 1960s and early 1970s and was given international exposure through the music of one of its main exponents - Bob Marley. Music, and Reggae music in particular, was the centrepiece of Rasta creativity but Rastafarianism gave rise to a whole new cultural movement of which visual art was one of the many components. 'Official' recognition of Rasta art may be traced to the year 1980 when the National Gallery of Jamaica installed a new section dedicated to 'intuitive' artists, that is, untrained artists who were previously described as primitive or naïve. The works of Rastafarians were prominent among these intuitive including those of Albert Artwell, Ras Dizzy, Ras Daniel Hartman and Leonard Daley, to name a few. Beyond that however, little recognition has been given to Rastafarian art as a particular genre within Jamaica, and the only known attempt to document and survey the art and handicraft of Rastafarians was in the form of an exhibition catalogue prepared for an exhibition in Germany in 1980 and later updated for a second exhibition in Germany. Decades after that first catalogue was produced, comes its first English translation - *Rastafarian Art* by Wolfgang Bender, an ethnomusicologist and editor of the African Music Archives in the Institute for Ethnology and African Studies, Johannes Gutenberg University, Mainz, Germany. The works presented in this volume are meant to introduce a selection of Rastafarian artists from Jamaica. The collection is accompanied by photographs that depict everyday life among Rastas and scenes from the environment in which the artists live. In addition, there are interviews with a number of the artists, a chronology of events in the development of the Rastafarian movement and Rastafarian art, and an index of the artists and their works.

A Modern Translation of the Kebra Nagast Miguel F. Brooks, 1996 Lost for centuries, the Kebra Nagast (The Glory of Kings) is a truly majestic unveiling of ancient secrets. These pages were excised by royal decree from the authorized 1611 King James version of the Bible. Originally recorded in the ancient Ethiopian language (Ge'ez) by anonymous scribes, The Red Sea Press, Inc. and Kingston Publishers now bring you a complete, accurate modern English translation of this long suppressed account. Here is the most startling and fascinating revelation of hidden truths; not only revealing the present location of the Ark of the Covenant, but also explaining fully many of the puzzling questions on Biblical topics which have remained unanswered up to today.

The Holy Piby Robert Athlyi Rogers, 2009-05-01 In the 1920s, Robert Athlyi Rogers founded the Afro-Athlican Constructive Gaathly religion in the West Indies. He wrote The Holy Piby as a guiding text, seeing Ethiopians - in the classical meaning of all Africans - as God's chosen people, and he preached self-determination and self-reliance. The Holy Piby is a major source of influence to the Rastafarian faith, which holds Haile Selassie I as Christ, and Marcus Garvey as his prophet. The Holy Piby consists of four books, and the seventh chapter of the second book identifies Marcus Garvey as one of three apostles of God. Original copies are extremely rare, and it is not even listed in the Library of Congress. The text was banned in Jamaica and many other Caribbean Islands until the late 1920s.

Recollected Work Armand Mevis,Linda van Deursen,Paul Elliman,2005 Nothing about Dutch graphic design duo Mevis & van Deursen conforms to type. Praised for their innovative but clear presentation, they have designed everything from artist's books for Gabriel Orozco and Rineke Dijkstra to an official government stamp commemorating the marriage of Dutch Crown Prince Willem-Alexander, based on the number two, since the wedding date was 02-02-02. This book represents a range of work from the past 15 years, mostly books but also posters and smaller pieces. However, the artists have chosen not simply to present the work again but to make it new through collage and reinterpetative interplay, thus recycling their innovative designs.

Vinyl Mike Evans,2022-09-06 This history of the LP is a must-have for any music connoisseur! When vinyl LP records took over the music industry in the late 1950s, a new era began. No longer bound by the time constraints of the shellac 78s that had been in use since the 1910s, recording artists could now present an entire album—rather than a lone three-minute single—on a vinyl LP, giving listeners a completely new way to experience their music. In recent years, vinyl has found a second life as an art form, collected and appreciated by music connoisseurs across the world. Vinyl: The Art of Making Records examines the origins of the vinyl format and its evolution throughout the 20th century, and also provides an in-depth look at how vinyl LPs are manufactured and packaged—often with striking artwork that makes them beloved by music enthusiasts today. Also included are four removable art prints, each representing a sample of album covers from the 1960s, 1970s, 1980s, and 1990s.

English - One Tongue, Many Voices Jan Svartvik,Geoffrey Leech,2016-01-19 This is the fully revised and expanded second edition of English - One Tongue, Many Voices, a book by three internationally distinguished English language scholars who tell the fascinating, improbable saga of English in time and space. Chapters trace the history of the language from its obscure beginnings over 1500 years ago as a collection of dialects spoken by marauding, illiterate tribes. They show how the geographical spread of the language in its increasing diversity has made English into an international language of unprecedented range and variety. The authors examine the present state of English as a global language and the problems, pressures and uncertainties of its future, online and offline. They argue that, in spite of the amazing variety and plurality of English, it remains a single language.
