How to Read Minds James Palcyon,2015-12-20 So you want to learn how to read minds, huh? Well, understandably so! Mind-reading is an intriguing art form with a much larger scope than that with which it's credited. It smoothly finds its uses in relationships and dating, sales, business, leadership, public speaking and many other everyday avenues of life. Even when you're not performing it to interact with another person, its foundational qualities easily give you a competitive edge in all of the above aspects of life. And the fact that mind-reading can easily be learned and practiced by anyone who's willing to put in the time to practice and gain experience greatly magnifies its appeal as well. If you've tried other mind-reading guides and felt stuck and frustrated, don't worry. The purpose of this book is to help you learn the big HOW. So, are you ready to delve into the world of pseudo-magic? Are you ready to uncover the most basic traits of humanity, and use that sacred information to score your next date, bond deeper with your partner, make your next sale, or simply become the life of the party? If so, grab this book now and let's get started!

The Art of Reading Minds Henrik Fexeus,2019-10-15 The internationally bestselling guide to mind-reading by influencing those around you via non-verbal communication, from human psychology expert Henrik Fexeus. How would you like to know what the people around you are thinking? Do you want to network like a pro, persuade your boss to give you that promotion, and finally become the life of every party? Now, with Henrik Fexeus's expertise, you can. The Art of Reading Minds teaches you everything you need to know in order to become an expert at mind-reading. Using psychology-based skills such as non-verbal communication, reading body language, and using psychological influence, Fexeus explains how readers can find out what another person thinks and feels— and consequently control that person's thoughts and beliefs. Short, snappy chapters cover subjects such as contradictory signs and what they mean, how people flirt without even knowing it, benevolent methods of suggestion and undetectable influence, how to plant and trigger emotional states, and how to perform impressive mind-reading party tricks. Fexeus gives readers practical (and often fun) examples of how to effectively mind-read others and use this information, benevolently, both in personal and professional settings.
