Hell Followed with Us Andrew Joseph White,2022-06-07 A furious, queer debut novel about embracing the monster within and unleashing its power against your oppressors. “A long, sustained scream to the various strains of anti-transgender legislation multiplying around the world like, well, a virus. —The New York Times INSTANT NEW YORK TIMES BESTSELLER Sixteen-year-old trans boy Benji is on the run from the cult that raised him—the fundamentalist sect that unleashed Armageddon and decimated the world’s population. Desperately, he searches for a place where the cult can’t get their hands on him, or more importantly, on the bioweapon they infected him with. But when cornered by monsters born from the destruction, Benji is rescued by a group of teens from the local Acheson LGBTQ+ Center, affectionately known as the ALC. The ALC’s leader, Nick, is gorgeous, autistic, and a deadly shot, and he knows Benji’s darkest secret: the cult’s bioweapon is mutating him into a monster deadly enough to wipe humanity from the earth once and for all. Still, Nick offers Benji shelter among his ragtag group of queer teens, as long as Benji can control the monster and use its power to defend the ALC. Eager to belong, Benji accepts Nick’s terms...until he discovers the ALC’s mysterious leader has a hidden agenda, and more than a few secrets of his own. Perfect for fans of Gideon the Ninth and Annihilation. A New York Public Library Best Book of the Year A defining voice of our generation. –H.E. Edgmon, author of The Witch King Hands down the best YA horror book I've read. –Aden Polydoros, author of The City Beautiful A chimera of horror, romance, and something stranger. –Rose Szabo, author of What Big Teeth A timely and riveting tale. –Ray Stoeve, author of Between Perfect and Real

Illumination in the Flatwoods Joe Hutto,2018-08 An unforgettable story about the fascinating behavior of the most elusive of wild game birds. When Joe Hutto began his experiment in imprinting two dozen wild turkey--in the tradition of the great animal behaviorist, Konrad Lorenz--he had no idea that it would change his life. Told with skill and humor, and vibrating with the natural wonders of the Florida flatwoods, Illumination in the Flatwoods will amaze and enrich all who share this season with the wild turkey.

A Song of Silver and Gold Melissa Karibian,2022-06-15 A sapphic Little Mermaid retelling perfect for fans of To Kill a Kingdom and The Shadows Between Us. Out in the open sea, it's kill or be killed. No one knows that better than Kaelyn. For the past year, Princess Kaelyn of Avalon has disguised herself as a man, Captain Kae, and led her crew into tumultuous waters to eradicate sirens on a journey fueled by revenge for the death of her brother. When they return home and experience a fatal siren attack on Avalon's harbor, Kae sets sail again to destroy the sea demons once and for all. Aqeara is a siren warrior of Meyrial, an underwater kingdom hidden from humans. When her negligence during the Avalon harbor attack causes the death of Meyrial's princess, she accepts the help of a sea witch to overturn her banishment. Aqeara is given a human body and has until the next full moon to carve out Captain Kae's heart in exchange for a spell to bring the dead princess back to life. When Kae's and Aqeara's paths cross, they fall into a whirlwind romance, complicating their respective plans. Kae must decide whether her desire for revenge against sirens overrides her feelings for the woman she's falling for, and Aqeara must choose between resurrecting the dead princess or sparing Kae's life.

Pine Tree Ballads ,2019-03-15 In the early 1900s, artist Paul Thulin's great-grandfather settled on an island off the coast of Maine because it resembled his homeland of Sweden. As a result, his family has returned to Gray's Point each summer for over a century. Throughout his life, his great-grandfather shared exquisitely detailed accounts of the early settlers of the New England apple orchard that included such characters as a one-legged ship cook, a widowed schoolteacher, and an ingenious Native American blacksmith. The tales were an intricate mix of facts and lore that fueled imagination and often had the power to transform daily floorboard creaks and shadows into enduring ancestral spirits. Pine Tree Ballads is a poetic memoir that embraces this spirit of magic realism. This deeply personal photographic sequence is a family generated folktale of place and origins; a story infused with both imagination and reality which, in most instances, are the true ingredients of history.This book adopts a uniquedocu-literary structure that celebrates and fully exploits the duplicitous nature of photography/text to be simultaneously interpreted as both fact and fiction. The project explores the emotive, contextual, and material constructs of history, culture, personal identity, memory, and folklore. The images are made with a variety of photo-based processes including both large format b/w and color film, and hi-resolution digital capture. An aura aesthetic purposely exposes the formal beauty and conceptual profundity of analog-based photographic material disruptions, such as film light leaks, dust and scratches, lens distortion, chemical stains, loss of color integrity, film grain, mold, and the multitude of ways paper stains, rips, and deteriorates over time.

MATLAB® Essentials William Bober,2017-09-11 All disciplines of science and engineering use numerical methods for complex problem analysis, due to the highly mathematical nature of the field. Analytical methods alone are unable to solve many complex problems engineering students and professionals confront. Introduction to MATLAB® Programming for Engineers and Scientists examines the basic elements of code writing, and describes MATLAB® methods for solving common engineering problems and applications across the range of engineering disciplines. The text uses a class-tested learning approach and accessible two-color page design to guide students from basic programming to the skills needed for future coursework and engineering practice.

Exhuming Violent Histories Nicole Iturriaga,2022-02-15 Winner, 2023 Charles Tilly Distinguished Contribution to Scholarship Book Award, Collective Behavior and Social Movements Section, American Sociological Association Honorable Mention, 2023 Peace, War, and Social Conflict Section Outstanding Book Award, Peace, War, and Social Conflict Section, American Sociological Association Many years after the fall of Franco’s regime, Spanish human rights activists have turned to new methods to keep the memory of state terror alive. By excavating mass graves, exhuming remains, and employing forensic analysis and DNA testing, they seek to provide direct evidence of repression and break through the silence about the dictatorship’s atrocities that persisted well into Spain’s transition to democracy. Nicole Iturriaga offers an ethnographic examination of how Spanish human rights activists use forensic methods to challenge dominant histories, reshape collective memory, and create new forms of transitional justice. She argues that by grounding their claims in science, activists can present themselves as credible and impartial, helping them intervene in fraught public disputes about the remembrance of the past. The perceived legitimacy and authenticity of scientific techniques allows their users to contest the state’s historical claims and offer new narratives of violence in pursuit of long-delayed justice. Iturriaga draws on interviews with technicians and forensics experts and provides a detailed case study of Spain’s best-known forensic human rights organization, the Association for the Recovery of Historical Memory. She also considers how the tools and tactics used in Spain can be adopted by human rights and civil society groups pursuing transitional justice in other parts of the world. An ethnographically rich account, Exhuming Violent Histories sheds new light on how science and technology intersect with human rights and collective memory.

Ballad of a Turkey Hunter Hunter Farrior,2021-02-06 Turkey hunting is different. The humbling of nature, found only in the season of spring, is universally understood by those who hunt wild turkeys with a burning passion. There is an associated obsession, within the souls of turkey hunters, that is distinctly different than the mindset of those pursuing deer, duck, or any other realm of wild game. This book was written to celebrate, acknowledge, and ultimately pay respect to those who embrace the sounds, feelings, and appreciations that are experienced while chasing these birds. Through a series of stories, lessons learned the hard

way, and a few unfortunate situations, you will find both helpful tips and entertainment from the author's outlook toward spring turkey season as he enlightens upon his journey. Some advice and how to is also provided for turkey calling, setup strategies, camouflage patterns, roasted gobblers, and more. Through memories compiled from traveling across the southeastern and central states of the US, from his hometown in Mississippi, the author seeks to cure an addiction to the outdoor lifestyle, while providing a unique understanding to the heritage, history, and fulfillment found within the swamp bottoms of public land hunting areas. Each individual chapter is a new journey while unfolding how the mind of a turkey hunter processes the spring woods and the perceptions that eventually lead the author to create what is now known as Spring Legion.

The Mockingbird Next Door Marja Mills,2015-05-05 New York Times Bestseller “A winning, nuanced portrait. . . . It seems unlikely we’ll ever have a better record of a remarkable American life.” —USA Today There are many reasons to be grateful for *The Mockingbird Next Door*....A zesty account of two women living on their own terms yet always guided by the strong moral compass instilled in them by their father.... It is also an atmospheric tale of changing small-town America; of an unlikely, intergenerational friendship between the young author and her elderly subjects; of journalistic integrity; and of grace and fortitude.... The world [Mills] depicts is sadly gone, but—lucky for us—she caught it just in time.—Washington Post To Kill a Mockingbird is one of the best loved novels of the twentieth century. Yet for the last fifty years, the novel’s celebrated author, Harper Lee, known to her friends as Nelle, has said almost nothing on the record. But in 2001, Nelle and her sister, Alice Finch Lee, opened their door to Chicago Tribune journalist Marja Mills. It was the beginning of a long conversation—and a wonderful friendship. Mills was given a rare opportunity to know Nelle, to be a part of the Lees’ life in Alabama, and to hear them reflect on their upbringing, their corner of the Deep South, and how To Kill a Mockingbird affected their lives.

The Loneliest Americans Jay Caspian Kang,2022-10-11 A “provocative and sweeping” (Time) blend of family history and original reportage that explores—and reimagines—Asian American identity in a Black and white world “[Kang’s] exploration of class and identity among Asian Americans will be talked about for years to come.”—Jennifer Szalai, The New York Times Book Review (Editors’ Choice) ONE OF THE BEST BOOKS OF THE YEAR: Time, NPR, Mother Jones In 1965, a new immigration law lifted a century of restrictions against Asian immigrants to the United States. Nobody, including the lawmakers who passed the bill, expected it to transform the country’s demographics. But over the next four decades, millions arrived, including Jay Caspian Kang’s parents, grandparents, aunts, and uncles. They came with almost no understanding of their new home, much less the history of “Asian America” that was supposed to define them. *The Loneliest Americans* is the unforgettable story of Kang and his family as they move from a housing project in Cambridge to an idyllic college town in the South and eventually to the West Coast. Their story unfolds against the backdrop of a rapidly expanding Asian America, as millions more immigrants, many of them working-class or undocumented, stream into the country. At the same time, upwardly mobile urban professionals have struggled to reconcile their parents’ assimilationist goals with membership in a multicultural elite—all while trying to carve out a new kind of belonging for their own children, who are neither white nor truly “people of color.” Kang recognizes this existential loneliness in himself and in other Asian Americans who try to locate themselves in the country’s racial binary. There are the businessmen turning Flushing into a center of immigrant wealth; the casualties of the Los Angeles riots; the impoverished parents in New York City who believe that admission to the city’s exam schools is the only way out; the men’s right’s activists on Reddit ranting about intermarriage; and the handful of protesters who show up at Black Lives Matter rallies holding “Yellow Peril Supports Black Power” signs. Kang’s exquisitely crafted book brings these lonely parallel climbers together and calls for a new immigrant solidarity—one rooted not in bubble tea and elite college admissions but in the struggles of refugees and the working class.

The Wondrous Woo Carrienne Leung,2013 Fiction. Asian American Studies. On the inside, Miramar Woo is a kick-ass kung fu heroine with rock star flash, sassy attitude, and an insatiable appetite for adventure, but she is forced to watch helplessly as her family unravels in the aftermath of her father's unexpected death. Her younger siblings suddenly and mysteriously become savants, in possession of uncanny talents nicknamed The Gifts. As her siblings are swept up into the fantastic world of fame and fortune and her mother fights off madness, Miramar is left behind, feeling talentless and abandoned with no idea who she really is or who she wants to become. She is utterly on her own.

Lying Hair Kendi Kiruja,2020-06 This picture book is about self-acceptance and seeing beauty in diversity. It explores conversations about different kinds of hair with a focus on natural black hair, which is often viewed with curiosity and sometimes misunderstanding. The story is inspired by true events experienced by the author during her travel in South East Asia.

DPM Hardy Blechman,Alex Newman,2004 This encyclopedic art book charts the history of camouflage from its inspiration in nature, through its adoption by the military, to its current uses in design and popular culture. Divided into two books totaling 944 pages, DPM offers comprehensive coverage of this multifaceted and highly engaging subject. It contains more than 5,000 images by the world's leading nature, military and fashion photographers. It includes a comprehensive guide to the camouflage patterns issued to soldiers of 107 nations around the world and documents the rise of camouflage outside the armed forces - its use by anti-war protestors in the 1960s, further exploration by modern artists, and reinvention within areas such as fashion, architecture, music, film and sport. Depictions of camo-clad cultural icons such as David Beckham, Robert De Niro, U2, Notorious B.I.G., Ali G, Neneh Cherry and Joe Strummer illustrate the theme. Rescuing camouflage from its unhappy associations with war and conflict, this book emphasizes its natural beauty. It is the modern reference guide for both the novice and the seasoned camoufler.
