**Darkness** Ellena Restrict,2015-11-11 "You won't recognize my world. Five billion of the population are dead. There are no survivors in London, so why do I feel that there is something I don't know?" Elektra Daniels was born into a world that was no longer run by electricity. Her parents disappeared when she was nine years old, and she can't remember her life before then. As Elektra's world begins to expand, her past becomes both clear and more shrouded than ever. After all, where do you turn when over half the population is dead?"
