 Rihanna's Rancher Bella Settarra,2022-08-09 FROM POPULAR ROMANCE AUTHOR BELLA SETTARRA Book six in the Cowboys of Cavern County series There's no time for love when you're only passing through town...is there? When Rihanna Richards takes a job as the new bank manager in Pelican's Heath, she is relieved to leave her life in the city behind, especially with all the pitiful expressions of those who are only too aware of how Phil Cartwright dumped her shortly before their wedding. Ace Blenheim, the new foreman at the Shearer Ranch, also came to the town to put his past break-up behind him. When the two meet, sparks fly. It seems they both have a tendency to wind each other up, and neither is willing to back down. Rihanna's stubbornness and Ace's knack for making assumptions lead to a very fiery relationship. Ace gradually learns a little about his beautiful nemesis, though, and softens his approach toward her. After all, he can't deny how he has begun to feel about her. Rihanna secretly has feelings for the gorgeous cowboy but can't afford to let her heart get broken again—and, besides, she's not planning to stay long in Pelican's Heath. Rihanna discovers that something is very amiss at the bank, and when her life is at stake, will anyone care enough to come to her rescue? And has Ace overstepped the mark completely when he delves into her past?
 When Baldwin Loved Brenden Electa Rome Parks,2013-02-01 A whole decade has passed since Baldwin, Brenden, Bria, and Christopher last saw each other. In college, they were a close-knit circle of friends who called themselves The Group—until an unfortunate set of circumstances placed their friendship in jeopardy. They went their separate ways after graduation, never looking back, and never expecting to see each other again. Now they are reunited in a small North Carolina town to attend the funeral of one of their own. Rihanna was always the peacemaker of the group, so it's almost fitting that it's at her funeral that The Group will have to confront their past issues. Baldwin, the romantic, Brenden, the do-gooder, Bria, the wild child, and Christopher, the pretty boy, are all about to learn some truths about each other and about themselves over a few unforgettable and life-changing days. Secrets will be revealed, past hurts exposed, tears shed, and laughter shared, all in the name of friendship and love. Electa Rome Parks, bestselling author of Diary of a Stalker, asks the question, Can anything truly tear apart real friendship and love?

 Nora and Alai David Sines,2022-04-26 Some secrets should be left alone. An unmissable work of speculative fiction. - Readers' Favorite Two months after Nora and Alai's chance encounter, Alai takes an official step toward completing his objective. The U.S. Government has approved nationwide availability of the A.I. app "Trust"—the same software Alai created to save Nora from the mysterious organization Oversight. With each user monitored 24/7, it offers a standardized source of credibility and more, with Alai as their personal assistant. But the results are far from perfect. Too many incidents happen beyond Alai's ability to handle, in addition to random anomalies observed through the app. If he is to make a difference, he'll need to use his ingenuity again. However, the critical element he needs distresses the A.C.T. employees. Alai's intellect tells him they are hiding something, causing him to question the motives of his creators. Can he continue to trust them? What is A.C.T. hiding? And how deep is it intertwined with Oversight? Letting this go isn't something he can make himself do while Oversight remains an elusive threat. Nora and her family took Alai's advice to blame Howard Algerman as Nora's sole attacker in the events that followed her first contact with Alai. However, a keen photographer from the A.I. presentation made no such agreement. He knows there's more going on than the Blakers or those at A.C.T. would have people believe. Unfortunately for the Blakers, the only way for him to get the story is by poking at the hornet's nest. Amidst it all, Nora finds herself in a new family role while learning she has some fundamental problems subtly undermining who she needs to be. Issues that she'd much rather ignore. She'll have to choose what is most important to her—her family or keeping her secrets.
