**How to Build a Successful Low-Cost Rally Car** Philip Young,2009-02-15 Simple, cost-effective, basic and reliable tips to ensure any rally car stands a chance of reaching the finishing line. If you are planning a road-based rally, don't even think of leaving home before reading this book and implementing the tried and tested mods it describes so well.

*Off-Road Rally* Justin Woo,2006 Cheer Duke, the dune buggy as he gears up to win the big race.

*The Driver* Alexander Roy,2011-12-31 On his deathbed, Alex Roy's father dropped tantalizing hints about the notorious Cannonball Run of the 1970s, the utterly illegal high-speed non-stop races from New York to LA. Inspired by his father's dying words, and against the advice of his friends, Roy

enters this mysterious world - trying both to find himself, and to locate 'The Driver' - the anonymous organizer of the world's ultimate car race. In this riveting memoir, Roy straps you into his highly modified BMW M5, takes you on a terrifying 120 mph lap of Manhattan, then tackles the Gumball 3000 and the Bullrun - the two most infamous road rallies in the world. His bogus Polizei Autobahn Interceptor sticks out among the Lamborghinis and Ferraris driven by millionaire playboys, software moguls, Arab princes, movie stars, leggy Czech supermodels, gearheads, and tech whizzes. Armed with myriad radar detectors, laser jammers and police scanners, and his trunk crammed with a variety of fake uniforms, the obsessively prepared Roy evades arrest at almost every turn, wreaking havoc on his fiercest rivals and gaining the admiration of police forces around the globe. Filled with insane driving and Roy's quixotic quest to win both for his late father and himself, *The Driver* is the tale of one man's insatiable drive beyond life in the fast lane.

*When The Green Flag Drops* Rod Koch, 2011-01-31 Ride once again with the author, Rod Koch, and share his adventures as he struggles to gain another victory in the epic Baja 1000. His first autobiography, *7 Years from Start to Finish*, covered the early years of the Baja races from 1968-1975, up to the moment when the author became a first place winner in that incredible endurance race down and around the Baja California peninsula. *When the Green Flag Drops* continues those adventures in off-road racing through the 1980s not just in Baja, but back in the U. S. A. with events like the Parker 400, Casinos 350, Mint 400 and the Riverside Off-Road Championships. The author then makes the transition into the intensity of the Pro-Rally race scene, bringing the reader along with him as he takes on some of the best and fastest off-road and performance rally drivers in North America. The action streaks across the High Sierras from San Francisco to Reno, from Las Vegas to Laughlin, Nevada, from Carson City to Virginia City to Yerington, through the

rain, mud, snow, even the heat of the Mojave Desert near Palm Springs and east of Indio, wherever the dirt mountain and desert roads of the performance and Pro-Rally circuit goes. You are there with the author in the co-driver's seat for what may be the ride of your life—if you dare.

**Rally Racing** Sallie Stephenson, 1991 Describes the different kinds of automobile rallies, how they became popular, and what hazards, skills, and equipment are involved.

*7000 Km to Go* Ric Gazarian, 2011-08-01 A travel-photo journal, this work relives a 17-day road rally through the Balkans, Anatolia, and the Caucasus—an adventure of more than 7,000 kilometers.

*The Driver* Alexander Roy, 2009-10-13 The riveting memoir of a life lived at the right-hand edge of the speedometer. Alex Roy's father, while on his deathbed, hints about the notorious, utterly illegal cross-country drive from Los Angeles to New York of the 1970s, which then inspired his young son to enter the mysterious world of underground road rallies. Tantalized by the legend of the Driver—the anonymous, possibly nonexistent organizer of the world's ultimate secret race—Roy set out to become a force to be reckoned with. At speeds approaching 200 mph, he sped from London to Morocco, from Budapest to Rome, from San Francisco to Miami, in his highly modified BMW M5, culminating in a new record for the infamous Los Angeles to New York run: 32:07. Sexy, funny, and shocking, *The Driver* is a never-before-told insider's look at an unbelievably fast and dangerous society that has long been off-limits to ordinary mortals.

**The Cutting Edge** Rod Millen, 2014-08-15 One of New Zealand's greatest rally drivers and a

hill-climbing superstar tells his inspiring story for the very first time. Rod Millen was a hero of New Zealand rallying in the 1970s. Having won several championships he quickly established himself as New Zealand's number one driver. But thereafter Millen went on to do what very few Kiwis have achieved, finding podium success in American motorsport. He won the North American Race and Rally Championship in 1979, 1980 and 1981, then in 1989 Millen achieved perhaps his greatest feat, winning the Pikes Peak International Hill Climb, America's second oldest motor-racing event. Writing his name into history, he went on to win the race more times than any driver. The hill-climb is often referred to as 'Millen's Mountain'. Rod Millen is also a highly successful businessman. As a continuation of his off-road driving interests, he founded Millenworks in California in 1980, specializing in cutting-edge light tactical vehicles, armored and off-road vehicles and subsystems for the US military and theme parks. Millen has recently returned to New Zealand, building a 140-acre, ocean-front estate at Hahei with a racetrack as a driveway, modeled on his favourite hill-climb corners around the world. He's also established Leadfoot Festival, a unique weekend held every two years at the estate, bringing together a mix of classic cars, vintage motorcycles and motorsport legends, inspired by the famous British Goodwood Festival of Speed. Aside from rallying, Rod is well known for other forms racing such as super touring, drifting and extreme off-road races like the Baja 1000 (often considered the most dangerous race in the world) and Transsyberia rally (which he won in 2007). Rod also won the Race to the Sky hill-climb in New Zealand in 2002 and posted the fastest time at the 2002 Goodwood Festival of Speed in England - and he still has the record up his own front driveway. The Cutting Edge is Rod's story, in his own words, of a life lived pushing the boundaries, of record-breaking off-road driving, working at the forefront of motorsport technology, and of creating the ultimate petrol-head heaven, right in his own backyard.

Gumball 3000 teNeues,Maximillion Cooper,2019-01-14 In establishing Gumball 3000 in 1999, Maximillion Cooper created an event which swiftly showed its potential to defy conventions and categories. Like its founder, Gumball 3000 refuses to be pigeonholed; it is a rally and a car show offering live music and action sports. It truly defines the word event in superlative style. Every year, a million visitors join the Gumball tour, with a further 100 million households tuning in via TV and internet broadcasts in 60 countries worldwide. The eight-day long road covers 3,000 miles across different countries and has had host stations in Europe, Asia, and North America. The list of participating celebrities is glittering and, of course, genre-defying: David Hasselhoff, Snoop Dogg, David Guetta, Steve Aoki, Johnny Knoxville, Tony Hawk, Adrien Brody, Daryl Hannah, Dennis Rodman, Lewis Hamilton, Eve, deadmau5, and many more. Celebrating the 20th anniversary of Gumball, this book is an explosion of Gumball fun and facts, featuring breathtaking photographs of the tour's exceptional cars, as well as insider insights from leading participants.

*La Carrera Panamericana* Johnny Tipler,2014-02-11 The Carrera Panamericana was first run to celebrate the inauguration of the Panamerican Highway, and traversed the length of Mexico, from Tuxtla in the south to Juárez near the Texas border. Firms like Alfa Romeo, Mercedes-Benz, Volkswagen and Porsche took advantage, and as class winners, Porsche even applied the event's Carrera name to its sportier models. Since its 1987 revival, it's been run rally-style with half-a-dozen

special stages a day. Just as it did in the early-'50s, half the entry comprises brash American stock cars, today mostly Panamericana specials based on spaceframe chassis and 600bhp NASCAR V8 engines and running gear, lurking beneath period Studebaker, Hudson, Lincoln or Oldsmobile bodywork. The '50s and '60s European classics are no less heavily modified. Mexicans love a fiesta, and the arrival of La Carrera Panamericana at each of the provincial towns on its seven-day, 2000-mile progress through central Mexico last November provided an excuse for wild celebrations. As Johnny Tipler and his co-piloto Sarah Bennett-Baggs experienced when they drove the race in 2011 in a Porsche 914/4, everywhere the entourage is mobbed by enthusiastic spectators, waving, cheering and demanding souvenirs. Crowds throng, brass bands play salsa, and the tequila overflows. Includes over 400 images, maps of the modern and original 1950s routes, plus results of original events.
