

Rome Of Road 2

George Moore

Traffic and Congestion in the Roman Empire Cornelis van Tilburg,2007-01-24 The first book to ever examine ancient Roman traffic, this well-illustrated volume looks in detail at the construction of Roman road, and studies the myriad of road users of the Roman Empire: civilians, wagons and animals, the *cursus publicus*, commercial use and the army. Through this examination, Cornelis van Tilburg reveals much of town planning in ancient cities: the narrow paths of older cities, and the wider, chessboard-patterned streets designed to sustain heavy traffic. He discusses toll points and city gates as measures taken to hamper traffic, and concludes with a discussion as to why the local governments' attempts to regulate the traffic flow missed their targets of improving the infrastructure. This book will interest any student, scholar or enthusiast in Roman history and culture.

Roman Roads Raymond Chevallier,1976

Roman Roads Anne Kolb,2019-07-22 This volume aims to present the current state of research on Roman roads and their foundations in a combined historical and archaeological perspective. The focus is on the diverse local histories and the varying degrees of significance of individual roads and regional networks, which are treated here for the most important regions of the empire and beyond. The assembled contributions will be of interest to historians, archaeologists and epigraphers, since they tackle matters as diverse as the technical modalities of road-building, the choice of route, but also the functionality and the motives behind the creation of roads. Roman roads are further intimately related to various important aspects of Roman history, politics and culture. After all, such logistical arteries form the basis of all communication and exchange processes, enabling not only military conquest and security but also facilitating the creation of an organized state as well as trade, food supply and cultural exchange. The study of Roman roads must always be based on a combination of written and archaeological sources in order to take into account both their concrete geographical location and their respective spatial, cultural, and historical context.

The Roads of Roman Italy Ray Laurence,1999 The Roads of Roman Italy offers a complete re-evaluation of both the evidence and the interpretation of Roman land transport. The book utilises archaeological, epigraphic and literary evidence for Roman communications, drawing on recent approaches to the human landscape developed by geographers. Among the topics considered are: * the relationship between the road and the human landscape * the administration and maintenance of the road system * the role of roads as imperial monuments * the economics of road construction and urban development.

A Handbook of Rome and Its Environs; Forming Pt. II. of the Handbook for Travellers in Central Italy. With a Large Plan of Rome, and a Map of the Environs John Murray (Firm),1862

The Origin of Roman London Lacey M. Wallace,2014 Drawing on both published and archived archaeological evidence, this copiously illustrated book revolutionises our understanding of early Roman London.

The Secret History of the Roman Roads of Britain M.C. Bishop,2014-02-28 There have been many books on Britain's Roman roads, but none have considered in any depth their long-term strategic impact. Mike Bishop shows how the road network was vital not only in the Roman strategy of conquest and occupation, but influenced the course of British military history during subsequent ages. The author starts with the pre-Roman origins of the network (many Roman roads being built over prehistoric routes) before describing how the Roman army built, developed, maintained and used it. Then, uniquely, he moves on to the post-Roman history of the roads. He shows how they were crucial to medieval military history (try to find a medieval battle that is not near one) and the governance of the realm, fixing the itinerary of the royal progresses. Their legacy is still clear in the building of 18th century military roads and even in the development of the modern road network. Why have some parts of the network remained in use throughout? The text is supported with clear maps and photographs. Most books on Roman roads are concerned with cataloguing or tracing them, or just dealing with aspects like surveying. This one makes them part of military landscape archaeology.

A Handbook of Rome and its Environs; forming part II. of the Handbook for Travellers in Central Italy. Fifth edition [of the work originally written by Octavian Blewitt], carefully revised on the spot, and considerably enlarged, etc John Murray (Firm),1858

The Aeneid Workbook - Old Western Culture Callihan Wesley,2014-12-15

Dictionary of Greek and Roman Geography: Abacaenum-Hytanis. 1854. v. 2 Iabadius-Zymethus. 1857 William Smith,1854

Roads and Ruins Paul Baxa,2010-01-01 In the 1930s, the Italian Fascist regime profoundly changed the landscape of Rome's historic centre, demolishing buildings and displacing thousands of Romans in order to display the ruins of the pre-Christian Roman Empire. This transformation is commonly interpreted as a failed attempt to harmonize urban planning with Fascism's ideological exaltation of the Roman Empire. Roads and Ruins argues that the chaotic Fascist cityscape, filled with traffic and crumbling ruins, was in fact a reflection of the landscape of the First World War. In the radical interwar transformation of Roman space, Paul Baxa finds the embodiment of the Fascist exaltation of speed and destruction, with both roads and ruins defining the cultural impulses at the heart of the movement. Drawing on a wide variety of sources, including war diaries, memoirs, paintings, films, and government archives, Roads and Ruins is a richly textured study that offers an original perspective on a well known story.

Roman Life and Manners Under the Early Empire, 4 Ludwig Friedlaender,1913

Revival: Roman Life and Manners Under the Early Empire (1913) Ludwig Henrich Friedlaender,2018-03-29 Every attempted delineation of the manners and customs of Imperial Rome must necessarily include a survey, as exhaustive as may be, of the spectacles, as the best measure of her grandeur, and as indicative in many ways of her moral and intellectual condition. Originally, for the most part, religious celebrations, they became, even in the later Republic, the best means of purchasing popular favour, and, under the Empire, of keeping the populace contented. Augustus, the tale runs, once reproached Pylades the Pantomime for his jealousy of a rival, and Pylades replied: 'It is to your advantage, Caesar, that the people concerns itself about us'. But these spectacles effected more even than the diversion of popular interest; their magnificence was a gauge of the popularity of the sovereign. The emperors, like Louis XIV, knew how admiration aids absolute autocracy; like Napoleon, that the imagination of the people must be excited: splendid festivals were one of their most indispensable and most constant devices. Even Caligula, according to Josephus, was honoured and beloved by the folly of the populace; the women and the youth did not desire his death; distributions of meat, the games and the gladiatorial combats had won their hearts, for such were the delights of the mob: the lavishing of these gifts was nominally due to consideration for the populace, though the gladiatorial combats were only intended to sate the monarch's lust of blood.

Escape Down the Roman Road Stacia Lynn Reynolds,2015-09-25 Escape down the four Roman roads; Jesus is the way. Roman Road 1 For all have sinned, and come short of the glory of God. (Romans 3:23) Roman Road 2 For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord. (Romans 6:23) Roman Road 3 But God commendeth his love toward us, in that, while we were yet sinners, Christ died for us. (Romans 5:8) Roman Road 4 That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation. (Romans 10:9-10)

Ancient Rome George Moore,2000

The Aeneid Vergil,Ovid,2019-02 The Aeneid Reader The Aeneid Reader covers all the readings required for The Aeneid unit of Old Western Culture, including all of Vergil's Aeneid, as well as portions of Ovid's Metamorphoses and other minor Roman poets.
