Strange Aeon 2nd Edition Forever People, 2017-03-10 The Mist meets Silent Hill meets Lovecraft meets Doctor Who... a uniquely terrifying game. Lovecraft's strange aeons are here. The stars were right and yes, in time even death may die. Humanity exists on the precipice, a handful of survivors teetering on the brink of extinction. The dominion of Earth is lost. The Old Ones have returned. Strange Aeon is a roleplaying game in which you, the player, take on the role of survivor and scavenger in a terrifying post-apocalypse setting. With the help of fellow players you must remain alive while battling the forces of the mythos, enduring the toxic fumes of the Morbus mist and the ever crumbling state of human civilisation. You have only one advantage over the other humans still clinging to life in the aftermath of The Event; you have in your possession a mythos relic known as The Celestial Sphere. With the sorcery contained in this artefact you can travel through time, into future and past versions of the Earth.

Mythras (Hardback) Pete Nash, Lawrence Whitaker, 2021-02-06 Mythras Core rules Mythras is the acclaimed roleplaying game from The Design Mechanism. For those new to the game, Mythras is a straightforward, roll-under percentile system. In Mythras your characters are defined by their culture, career, community, background, comrades, skills, magic and cults. Progression is through skill advancement - not levels or similarly abstract concepts. As your characters adventure and quest, their capabilities improve and their relationships deepen and strengthen. Players and Games Masters have complete flexibility over what can be achieved, and the way characters develop is entirely dependent on choices players make, depending on their characters' aspirations and motivations. Games Masters receive a huge amount of support through the Mythras rules. All the concepts and game mechanics are explained clearly with options and considerations explored and presented for ease of use. You need only this rulebook for many years of exciting and imaginative play. Mythras contains everything needed for play, except for dice and friends. It includes five magic systems, innovative combat, over 60 creatures, and copious guidance on how to use the rules and run Mythras games! Come and try one of the best roleplaying systems around...

Gaming Globally N. Huntemann, B. Aslinger, 2016-01-26 Video games are inherently transnational by virtue of industrial, textual, and player practices. The contributors touch upon nations not usually examined by game studies - including the former Czechoslovakia, Turkey, India, and Brazil - and also add new perspectives to the global hubs of China, Singapore, Australia, Japan, and the United States.

Starfinder Adventure Path Eleanor Ferron, 2018-10-16 Deputized by the interstellar police force called the Stewards for freeing a colony from Azlanti occupation, the heroes journey to the Azlanti Star Empire to rescue their captive friend from a well-guarded prison moon. After visiting an outlaw space station nearby, the heroes stage a daring breakout and clash against the penal colony's commandant. But the experimental starship drive is still at large, and the heroes must track it down to prevent the Azlanti from making it operational! Escape from the Prison Moon is a Starfinder Roleplaying Game adventure for four 3rd-level characters. The adventure continues the Against the Aeon Throne Adventure Path, a 3-part, monthly campaign in which players visit and explore some of the worlds of the sinister Azlanti Star Empire. It also includes an overview of the

expansionist Azlanti Star Empire, an article exploring various aliens races under the Azlanti Star Empire's jurisdiction, and a selection of new monsters from alien worlds. Each monthly full-color softcover Starfinder Adventure Path volume contains a new installment of a series of interconnected science-fantasy quests that together create a fully developed plot of sweeping scale and epic challenges. Each 64-page volume of the Starfinder Adventure Path also contains in-depth articles that detail and expand the Starfinder campaign setting and provide new rules, a host of exciting new monsters and alien races, a new planet to explore and starship to pilot, and more!

Virtual Lives James D. Ivory Ph.D., 2012-01-06 This book is the THE source for information on virtual worlds, covering every aspect of this intriguing and fast-changing social practice and the technologies upon which it rests. Virtual Lives: A Reference Handbook describes the history, development, and role of virtual worlds, also known as virtual environments and immersive virtual environments. It provides detailed background about virtual worlds and their societal impact, from early precursors and inspirations to the latest trends and developments. Specifics on user demographics are included, as are descriptions of virtual worlds' functions, discussion of societal concerns and opportunities, and information about relevant research data and key persons and organizations. Although virtual worlds in their current form are a relatively new phenomenon, other online social environments have served as precursors for decades and literary inspirations go back even further. This handbook therefore covers some early developments dating back to the mid-20th century. Its primary focus, however, is on developments since the mid-1990s and especially on the current state and social impact of virtual worlds, including their impact both in the United States and around the

world.

Classic Fantasy Carol Johnson, Rodney Leary, Pete Nash, Lawrence Whitaker, 2016-09-02 Classic Fantasy brings Old School dungeon crawls to the Mythras rules. This book contains everything you need to emulate the fun of class and level-based adventuring, against the classic coterie of monsters, with the classic armoury of spells! If you've ever wanted to convert those old dungeon modules to a d100 system, then Classic Fantasy is for you. Packed with information and new rules additions, Classic Fantasy features a different approach to character creation based on classes such as the bard, cavalier, fighter, magic user, paladin and thief. Choose your race - human or demi-human - and then customize according to class, race and personal preference. If you're a magic user or cleric, the new magic rules for Arcane and Divine spells take the old staples such as Magic Missile, Charm, Fireball and more, and tailor them for the nuances of the Mythras system. For the more combat-oriented, the Classic Fantasy rules provide detailed miniatures-based combat adaptations for the traditional battle-board, complete with guidance

on facings, positioning, and handling detailed movement. And of course, no book like this would be complete without monsters to kill and treasure to take! All the old favourites are accounted for, from Basilisks to Displacer Beasts, Grey Ooze to Gelatinous Masses, Kobolds, Gnolls, Hobgoblins and more. Forty pages of treasure and magic items helps you equip even the deepest dungeon with enough loot to satisfy the keenest adventuring party.

The Evolution of Fantasy Role-Playing Games Michael J. Tresca, 2014-01-10 Tracing the evolution of fantasy gaming from its origins in tabletop war and collectible card games to contemporary web-based live action and massive multi-player games, this book examines the archetypes and concepts within the fantasy gaming genre alongside the roles and functions of the game players themselves. Other topics include: how *The Hobbit* and *The Lord of the Rings* helped shape fantasy gaming through Tolkien's obsessive attention to detail and virtual world building; the community-based fellowship embraced by players of both play-by-post and persistent browser-based games, despite the fact that these games are fundamentally solo experiences; the origins of gamebooks and interactive fiction; and the evolution of online gaming in terms of technological capabilities, media richness, narrative structure, coding authority, and participant roles.

Sigil & Shadow R.E. Davis, 2021-07-22 Set in a mirror of our own world, Sigil & Shadow is a roleplaying game of urban fantasy and occult horror in which players take on the roles of illuminated heroes and shadowed monsters to face the rising tide of supernatural forces. Ancient nightmares lurk behind the closed doors of board rooms, entities from beyond time prowl the city streets, forgotten rituals are reborn as viral memes. Do you take a stand against the encroaching shadows? Or do you seek their power for yourself? Powered by the highly accessible d00Lite system, Sigil & Shadow focuses squarely on the story rather than the mechanics - who the characters are and what they do, not how they do it. Easy to adopt to any mythos, campaigns can be built around a wide range of plots, with players taking the role of anything from paranormal investigators and monster hunters to members of occult cabals or secret societies. The setting offered sees a modern world buffeted by the tides of supernatural power, where beings of myth wake from their slumber while modern cults sacrifice to pop-culture gods and ancient cabals pursue their age-old schemes into the digital age.
