Runes Anders Andersson,2022-04-26 This introductory guide to runic divination reveals how to use these ancient symbols to gain valuable insight. The runic alphabet of ancient Nordic and Germanic peoples has long been understood to possess hidden magic. Medieval mystics accessed this power through a divination system using runic symbols inscribed on small stones or tiles. This book reveals the secrets of rune casting, with instruction on how to read the runes for love, meditation, inner wisdom, health, and prosperity. With full explanations of runic alphabets and groupings, you will be able to create your own personalized set of runes, learn the most effective methods for casting, and try a variety of readings. This volume also explains the connection between runes and gems, and includes dozens of accompanying paintings and photographs.

Nightside of the Runes Thomas Karlsson,2019-02-12 Reveals the occult wisdom and multidimensional layers of meaning hidden in the Nordic Rune stones • Explores the practice of the Uthark divination system encoded within the traditional exoteric Futhark system of reading the runes • Traces the relationship between the rune stones and numerology, the Cabbala, alchemy, Gothicism, and sigil magic • Examines the history of the runes and the ancient spiritual mysticism of Odin Uncovering the dark side of the Nordic rune stones hidden beneath their traditional interpretation, Swedish scholar and runologist Thomas Karlsson examines the rune work of Swedish mystic and runologist Johannes Bureus (1568-1652) and professor Sigurd Agrell (1881-1937), both of whom devoted their lives to uncovering the secret uses of rune stones concealed from all but the highest initiates. Karlsson begins by examining the Uthark system of divination--the Left Hand Path of the runes--that lies hidden under the traditional Futhark system. According to the lore of Uthark, a cryptographic ruse was used to make it impossible for the uninitiated to know the true order of the runes. Exploring Agrell's decryption of the Uthark system, Karlsson reveals similarities between the numerology of ancient mystery cults and the Runic tradition. He explains the multidimensional meaning of each rune from the Uthark perspective, their relationships with the nine worlds of Norse cosmogony, and the magical powers of rune-rows and the three aettir rune groupings. He details how

to create your own magically-charged runes, direct and activate the force of the runes, and use them for rune meditation, divination, sigil magic, galders (power songs), and rune yoga. Karlsson also examines the secret dimensions of the 15 “noble” runes, the Adulrunes, based on the theories of Johannes Bureus. Using his knowledge of the Cabbala and alchemy, Bureus created magical symbols with the Adulrunes as well as one symbol containing all 15 Adulrunes, which Bureus called the “Adulruna.” Karlsson explains Bureus’ spiritual system of initiation, the Gothic Cabbala, revealing the connections between old Norse wisdom and the Cabbala. He explores Bureus’ Adulrune practices and explains how Bureus outlined seven levels of meaning for each rune, with those initiated into the highest rune levels able to conjure spirits and raise the dead. Covering more than just rune practices, Karlsson’s exploration of the dark or night side of the runes provides a comprehensive guide to Norse spirituality and the ancient spiritual mysticism of Odin.

Runes for Beginners Melissa Gomes, 2021-12-15 Everything You Need to Know to Interpret, Read and Cast Rune Stones Runes are enigmatic by nature. This is because the word rune itself originates from the Old Norse word runa, which means secret and comes likely from either the Proto-Germanic runo, which means secret or whisper. Since they are ancient symbols, the runes mean little to the untrained eye. But with practice and a little experience with them, you can activate their magical energies to create positive, impactful change in your life. Even so, what are runes exactly? Runes were considered magical symbols used by spirits to communicate with humanity. Not only are runes considered a writing system, but they are engraved stones used to perform magical spells, cast divination, and even add power to conventional writing. The runic alphabet is referred to as the Futhark and consists of 24 symbols. Runic inscriptions are found all over the world, but especially in Northern Europe. The runic alphabet is broken down into three groups: The Younger Futhark (16 symbols), the Elder Futhark (24 symbols) and the Anglo-Saxon Futhark (between 26 and 33 symbols). The knowledge of runes has been passed down through the centuries, and it is an important form of divination for modern pagans. In *Runes for Beginners*, best-selling author Melissa Gomes explores the history and mythology of the runes, as well as their day-to-day uses in divination, magic, and witchcraft. *Runes for Beginners* is completely accessible to those with no experience in Norse mythology, heathenry or paganism. It is written with an eye toward those starting on their journey into the Viking spirit. Melissa provides a basic introduction to runes and their lore, and she explains how to get in touch with them through the senses. You will emerge from this guide with a solid understanding of the Nordic runes' role in heathenry and with a firm foundation of knowledge to build your own runic practice, regardless of your religious or spiritual pagan path. The rune symbols are central to Nordic pagans' magical systems and can be used in various ways depending upon the tradition and your intent. Each runic symbol represents a specific type of energy, and these energies can be used to achieve a multitude of goals, spanning from protection to fertility, wisdom, or love. Runes can be used as divination tools in the ordinary sense that we use tarot cards today, or in a magical sense to interpret fate. In *Runes for Beginners*, you'll learn how to use runes for divination, magic, and witchcraft, including: History of runes and their role in Norse Magic The origins of rune wisdom in Norse Mythology An overview of the Elder Futhark runes, including their names and magical uses Elder Futhark rune meanings for both divination and spellwork Tips for successful divination Rituals for casting the runes Traditional and contemporary rune spreads After reading the book, you will be able to look at the runes and interpret their meanings. You will also have a working knowledge of how to use them in magic for various purposes such as divination, healing, and more. Mastering runes can be a lifelong journey, but this book will get you started on the right path. 3 Bonuses are included in the book as well, so go check them out! If you're ready to dive into the
