The Curious World of Seaweed Josie Iselin,2019 Marine algae are the supreme eco-engineers of life: they oxygenate the waters, create habitat for countless other organisms, and form the base of a food chain that keeps our planet unique in the universe as we know it. In this beautiful volume Josie Iselin explores both the artistic and the biological presence of sixteen seaweeds and kelps that live in the thin region where the Pacific Ocean converges with the North American continent--a place of incomparable richness. Each species receives a detailed description of its structure, ecological importance, and humans' scientific inquiry into it, told in scientifically illuminating yet deeply reverent and inspired prose. Throughout the writings are historical botanical illustrations and Iselin's signature, Marimekko-like portraits of each specimen that reveal their vibrant colors--whether rosy, olivaceous, or grass-green--and whimsical shapes. Iselin posits that we can learn not only about the seaweeds but also from them: their resilience, their resourcefulness, their poetry and magic.

Elliott,2013-01-16 Community Music Today highlights community music workers who constantly improvise and reinvent to lead through music and other expressive media. It answers the perennial question "What is community music?" through a broad, international palette of contextual shades, hues, tones, and colors. With over fifty musician/educators participating, the book explores community music in global contexts, interconnections, and marginalized communities, as well as artistry and social justice in performing ensembles. This book is both a response to and a testimony of what music is and can do, music's place in people's lives, and the many ways it unites and marks communities. As documented in case studies, community music workers may be musicians, teachers, researchers, and activists, responding to the particular situations in which they find themselves. Their voices are the threads of the multifaceted tapestry of musical practices at play in formal, informal, nonformal, incidental, and accidental happenings of community music.

Tulisa Sean Smith,2012-09-13 Tulisa Contostavlos is the most remarkable new star in the country today. She was an eleven-year-old schoolgirl when her Uncle Byron offered her £20 to be the singer in a new band with son Dappy and his friend Fazer. She held out for £50 and started on a rollercoaster ride to fame that led to her becoming an 'overnight' sensation on The X Factor. Tulisa is the first biography of a girl determined to leave behind a life in which underage sex, smoking weed, drinking cider and bullying were the norm. Her love of music and an unswerving desire to make money, buy a house of her own and drive a sports car provided her with the incentive to escape. The UK's leading celebrity biographer, Sean Smith, has discovered that behind the tough exterior and dazzling smile is a funny, loyal and sensitive young woman. He has travelled to the leafy streets of fashionable Belsize Park in North West London to uncover the truth about her upbringing, her relationship with her musician father, who left home when she was nine, and the mother who abandoned a singing career because of ongoing mental health problems, and whom Tulisa says she loves 'with all my heart.' He tells the story of N-Dubz and their mentor 'Uncle B', who tragically died on the threshold of their success. They rose to become one of the most popular bands in the UK without ever capturing a mainstream audience, but their American adventure ended in disappointment. Tulisa describes her failed love affairs, her mercurial relationship with controversial cousin Dappy, her bond with sometime boyfriend Fazer and a cast of characters including Chipmunk, Tinchy Stryder and Mr Hudson, who make up the urban music scene she embraced. The book relives her X Factor triumph as mentor to the winners Little Mix, her feud with fellow judge Kelly Rowland, her fashion triumphs and disasters and her brave response to the online release of a sex tape. Tulisa is the gripping and inspirational story of how a lonely and bullied young girl transformed herself into 'The Female Boss' - a role model for a generation.

Tulisa - The Biography ,2012-08-06 Tulisa Contostavlos has one of the most fascinating and shocking life-stories in showbusiness. Her childhood included harrowing episodes of self-harm, bullying, witchcraft, drug abuse and suicide attempts. Then there has been the ever-present challenge of her mother's mental disorder which Tulisa - as the only child in a single-parent family - had to face alone. How did she rise from such a troubled and dangerous

childhood to become first an edgy urban artist and then the much-loved people's princess of Saturday night television? This book, written by leading celebrity biographer Chas Newkey-Burden, tells her eventful and inspirational story for the first time. It uncovers the rich showbusiness heritage of her ancestors and then follows her through her childhood, unflinchingly examining the horrors she faced. It then traces how music became her salvation, thanks to the loving mentorship of Uncle B - the man who formed N-Dubz. The book then follows this never satisfied, always ambitious young woman as she moved into the mainstream and became the nation's sweetheart on The X Factor. The reader is taken behind the scenes to discover the reality of her successful first series on the show, as she guided Little Mix to victory. With a fine cast of supporting characters including Dappy, Fazer, Gary Barlow and Simon Cowell, this is a colourful, entertaining, insightful and shocking portrait of one of Britain's most popular female celebrities.
