Anthropological Perspectives on the Religious Uses of Mobile Apps Jacqueline H. Fewkes,2019-10-10 This edited volume deploys digital ethnography in varied contexts to explore the cultural roles of mobile apps that focus on religious practice and communities, as well as those used for religious purposes (whether or not they were originally developed for that purpose). Combining analyses of local contexts with insights and methods from the global subfield of digital anthropology, the contributors here recognize the complex ways that in-app and on-ground worlds interact in a wide range of communities and traditions. While some of the case studies emphasize the cultural significance of use in local contexts and relationships to pre-existing knowledge networks and/or non-digital relationships of power, others explore the globalizing and democratizing influences of mobile apps as communication technologies. From Catholic confession apps to Jewish Kaddish assistance apps and Muslim halal food apps, readers will see how religious-themed mobile apps create complex sites for potential new forms of religious expression, worship, discussion, and practices.

Fully Illustrated.

Islam Faisal Fahim,2014-07-27 This book has the pictures of all the positions of performing the prayer. There has been an urgent need for a simple and concise guide which teaches the basics of prayer for Muslims. This book has been designed for people who don't know how to pray yet or those who aren't sure whether they learned correctly or not. In this book you will learn the prayers by reading clear and simple descriptions of what to do. The 5 times 5 prayers rewards are equal to 50 prayers: ' Then fifty prayers were enjoined on me. I descended till I met Moses who asked me, 'What have you done?' I said, 'Fifty prayers have been enjoined on me.' He said, 'I know the people better than you, because I had the hardest experience to bring Bani Israel to obedience. Your followers cannot put up with such obligation. So, return to your Lord and request Him (to reduce the number of prayers.' I returned and requested Allah (for reduction) and He made it forty. I returned and (met Moses) and had a similar discussion, and then returned again to Allah for reduction and He made it thirty, then twenty, then ten, and then I came to Moses who repeated the same advice. Ultimately Allah reduced it to five. When I came to Moses again, he said, 'What have you done?' I said, 'Allah has made it five only.' He repeated the same advice but I said that I surrendered (to Allah's Final Order)' Allah's Apostle was addressed by Allah, I have decreed My obligation and have reduced the burden on My slaves, and I shall reward a single good deed as if it were ten good deeds. - Sahih Al-Bukhari 4:429 The Prophet (PBUH) has said: Whoever guides [another] to a good deed will get a reward similar to the one who performs it. [Saheeh Muslim]Saaiduna Anas Bin Malik Radiallahu Anhu narrates that the Prophet of Allah Sallallahu Alahi Wasalam said “Whosoever offers his fajr prayer in congregation, then remains seated making zikr of Allah until the sun rises and thereafter offers two rakats, they will receive the reward of performing a Hajj and Umrah”. (Sunan Tirmizi) “There is not one of you who perfects his wudu and prays two rakaat setting about them with his heart as well as his face except that Jannah would be mandatory for him.” [Abu Dawud]If the people knew the Reward for the Zuhr prayer in its early time, they would race for it. If they knew the reward for the 'Isha' and the Fajr prayers in congregation, they would join them even if they had to crawl. If they knew the re- ward for the first row, they would draw lots for it. Saheeh bukhari The two (sunnah) rak'ats of Fajr are more superior than the world and everything within it. (Sahih Muslims 1:251) Invite to the Way of your Lord (i.e. Islam) with wisdom (i.e. with the Divine Revelation and the Qur'an) and fair preaching, and argue with them in a way that is better. Truly, your Lord knows best who has gone astray from His Path, and He is the Best Aware of those who are guided.[Quran 16:125]“If Allah guides a person through you, it is better for you than all that is on the earth.” (Bukhari No. 2783 & Muslim No. 2406).Convey (my teachings) to the people even if it were a single sentence” (Sahih Bukhari, Vol.4, Hadith 667)“Therefore listen not to the Unbelievers, but strive against them with the utmost strenuousness, with the (Qur'an)”. 25.52 Quran.And let not the hatred of others make you avoid justice. Be just: that is nearer to piety (Quran, 5:8) The Prophet Muhammad said: {People, beware of injustice,for injustice shall be darkness on the Day of Judgment. Hadrat Abdullah Ibn Masud (may Allah be pleased with him) said that he enquired of the Prophet (may Allah's blessings and peace be upon him) what was the best deed in the sight of Allah. The Prophet (may Allah's blessings and peace be upon him) replied, To say prescribed prayers at stated hours. I asked what was the next best. He said, To be good to parents. I again asked what deed ranked next. He said, To do Jihad struggle in the way of Allah. (Bukhari, Muslim)

A Guide to Salat (Prayer) in Islam Muhammad Abdul Karim Saqib,2015-04-13 There are many books dealing with the Subject of Salat in both Arabic and Urdu. Many of these books are well written and provide an informative and comprehensive view of how Salat should be performed according to the teachings of Prophet Muhammad (S.W.S). Unfortunately, there are very few books in English which deal with the subject in the same informative and comprehensive way. Because of these weaknesses in existing literature in English we felt that the need existed to produce a medium sized book on Salat which would approach the subject according to the teachings of the Prophet Muhammad (S.W.S). The Prophet, himself, said, “Pray as you have seen me praying. During our research we sometimes found that differences occurred between established practices in various prayer books. In these circumstances we referred to authentic hadiths of the Prophet Muhammad (S.W.S) so that the points could be clarified as much as possible. This was, because, for a true Muslim there is no greater proof for settling arguments than authentic hadiths and practices of Prophet Muhammad (S.W.S). We hope that Allah will accept this humble attempt because without His support and help we would never have been able to do this work. Finally, we ask all our Muslim brothers and sisters to study the text and to strive to pray according to it. As you'll not aware that many sites are asking for money in \$. I have made this book free to all countries and in return I'm asking for you to remember me in your prayer. It was also mentioned by Dr. Zakir Naik in one of his speech that the best book to recommend is this book. watch in video: http://www.youtube.com/watch?v=L_xTrig2XEE Thanks to all for downloading and making better use of this book. Psychology and Mathematics Education Gila Hanna,Laura Macchi,Karin Binder,Laura Martignon,Katharina Loibl,2023-09-05 Modern Mathematics is constructed rigorously through proofs, based on truths, which are either axioms or previously proven theorems. Thus, it is par excellence a model of rational inquiry. Links between Cognitive Psychology and Mathematics Education have been particularly strong during the last decades. Indeed, the Enlightenment view of the rational human mind that reasons, makes decisions and solves problems based on logic and probabilities, was shaken during the second half of the twentieth century. Cognitive psychologists discovered that humans' thoughts and actions often deviate from rules imposed by strict normative theories of inference. Yet, these deviations should not be called errors: as Cognitive Psychologists have demonstrated, these deviations may be either valid heuristics that succeed in the environments in which humans have evolved, or biases that are caused by a lack of adaptation to abstract information formats. Humans, as the cognitive psychologist and economist Herbert Simon claimed, do not usually optimize, but rather satisfice, even when solving problem. This Research Topic aims at demonstrating that these insights have had a decisive impact on Mathematics Education. We want to stress that we are concerned with the view of bounded rationality that is different from the one espoused by the heuristics-and-biases program. In Simon’s bounded rationality and its direct descendant ecological rationality, rationality is understood in terms of cognitive success in the world (correspondence) rather than in terms of conformity to content-free norms of coherence (e.g., transitivity).

The Complete Guide to Islamic Prayer (Sal H) Sheikh Ramzy,2012 Salah is the second pillar of the Islamic faith, the foundations of a Muslim's life, and the key to Paradise. A subject so important must be treated with care and attention and this book aims to provide the reader with a comprehensive, detailed, and accessible guide to this important topic. In this ground-breaking book, all elements of Salāh are expounded chapter by chapter, with useful translations and transliterations of original Arabic terms and phrases. Beginning with the history of the prayer, we progress through an analysis of the types of Salāh, its spiritual and physical benefits, and a unique step-by-step guide on learning to pray for those new to the practice. With this book, there should no longer be any confusion or lack of knowledge regarding Salāh. It is hoped that this book, written with the intention of easing the performance of the five daily prayers, will help readers understand the beauty of this ritual and turn it into an enjoyable daily experience, such that it is spiritually enriching and accepted in the eyes of Almighty God.

Understanding Salat Rizwan Khan,2020-11 How ofter do you find yourself observing Salat and focusing on everything but God? With thoughts of grocery shopping, dinner, homework, and your phone going off, it is easy to be distracted during prayer. Yet, Salat is a time reserved for building a personal relationship with Allah. Spiritual growth necessitates removing distractions that keep us from the remembrance of God during Salat. A challenge in removing distractions is that many are unaware of the deep meanings behind every word of Salat. Take Allah’s attributes of Al-Kabir, invoked when we say Allahu Akbar, and Al-‘Azim which is said during Ruku. Both refer to Allah’s greatness, but Kabir refers to objective greatness, while Azim is a personal attestation to Allah’d grandeur. Through a word by word commentary, Understanding Salat seeks to help readers progress on the spiritual path towards God.
