The Small Business Millionaire Steve Chandler, Sam Beckford, 2010 This riveting story about heartbreak and prosperity holds plenty of drama and suspense. Frank Mills and his daughter Jennifer are deeply in debt and struggling to make ends meet when a robbery occurs at their little restaurant in the sleepy town of Royal Oak, Michigan. Fortunately a bright young millionaire named Jonathan Berkley is available to advise them. Jonathan shows them time and again that he is a powerful coach who knows how to empower people in business and give them the faith and strength they need to make it on their own. Frank and Jennifer's restaurant goes from being the cause of suicidal depression to a surprising success, using some of the same secrets revealed in Chandler and Beckford's bestselling non-fiction book: *9 Lies That Are Holding Your Business Back*. Chandler and Beckford draw on their experience in business consulting and the arts to craft an entertaining, enlightening, and informative business-related novel. Readers will gain insights and discover simple truths about how to be successful in business, and in all areas of life.

Entrepreneurial Small Business Jerome Katz, Richard P. Green, 2013-03-05 Entrepreneurial Small Business (ESB) provides students with a clear vision of small business as it really is today: Katz focuses on the distinctive nature of small businesses that students might actually start versus high growth firms. The goal of the companies described in this textbook is personal independence with financial security; not market dominance with extreme wealth. Traditional beliefs and models in small business are discussed, as well as the latest findings and best practices from academic and consulting arenas. Katz and Green recognize the distinction between entrepreneurs who aim to start the successor to Amazon.com or the pizza place around the corner. They discuss the challenges facing entrepreneurs, while keeping focused on the small businesses students plan to start.

We'll do this without putting you at risk financially and without the complexity many people associate with running a business. Alright--before we move on, let me address the three buts I hear most often... BUT starting a small business takes a lot of time, money, and financial risk! America used to be the land of opportunity; now, we have a world of opportunity! Technology has given us all an incredible gift. And yes, launching a small business takes time. But if you do this properly, you'll pick something you're excited to do! When you are brimming with excitement, you'll have no problem waking up a little earlier. You'll want to chase down your dreams and create a better life for yourself. In this book, you'll learn the tools and processes to make room for greatness. And best of all, I'll show you how to do this so your effort is up front, while your fruits last for years to come. BUT running a business is complicated! Many businesses are complicated. Complex processes, custom systems, layers of human resources, and teams of accountants abound! But who said businesses need to be complex? The best small businesses are simple! This is why I love the term money machine. It embodies simplicity. This book will help you avoid the complexities and find the simplest path possible. And finally...BUT it takes someone special to stand out, and I'm not special! If you pick up this book, I think there's a good chance you are special. You are striving for more. You're ready to take control. You're ready to level up your life. Most people won't turn their dreams into reality. But I can help. This book will help

you uncover your true drive. You will want to pour your passion into this. You will want to outthrust the competition. You will have the tools to stand out. No more BUTS! I've filled this book with exercises to help you find your passion, generate momentum, and stand out from the crowd. The concepts in this book won't put you at risk, and they won't be complicated. So, the only thing you stand to lose is opportunity. People are taking action every day...now it's your turn.
