The Small Business Millionaire Steve Chandler, Sam Beckford, 2010 This riveting story about heartbreak and prosperity holds plenty of drama and suspense. Frank Mills and his daughter Jennifer are deeply in debt and struggling to make ends meet when a robbery occurs at their little restaurant in the sleepy town of Royal Oak, Michigan. Fortunately a bright young millionaire named Jonathan Berkley is available to advise them. Jonathan shows them time and again that he is a powerful coach who knows how to empower people in business and give them the faith and strength they need to make it on their own. Frank and Jennifer's restaurant goes from being the cause of suicidal depression to a surprising success, using some of the same secrets revealed in Chandler and Beckford's bestselling non-fiction book: *9 Lies That Are Holding Your Business Back*. Chandler and Beckford draw on their experience in business consulting and the arts to craft an entertaining, enlightening, and informative business-related novel. Readers will gain insights and discover simple truths about how to be successful in business, and in all areas of life.

Entrepreneurial Small Business Jerome Katz, Richard P. Green, 2013-03-05 Entrepreneurial Small Business (ESB) provides students with a clear vision of small business as it really is today: Katz focuses on the distinctive nature of small businesses that students might actually start versus high growth firms. The goal of the companies described in this textbook is personal independence with financial security; not market dominance with extreme wealth. Traditional beliefs and models in small business are discussed, as well as the latest findings and best practices from academic and consulting arenas. Katz and Green recognize the distinction between entrepreneurs who aim to start the successor to Amazon.com or the pizza place around the corner. They discuss the challenges facing entrepreneurs, while keeping focused on the small businesses students plan to start.

Barreto, 2007-12-14 Winning business strategies from CEOs of 50 successful small businesses (some of which are now large corporations) who share their experiences to help those starting or growing their own business Small business is the engine that drives America's new economy. In *The Engine of America*, former administrator of the Small Business Administration (SBA), Hector Barreto and veteran journalist Bob Wagman reveal the winning business strategies of CEOs from 50 companies. For all those starting or growing their own small business, the wisdom, experience, and counsel of these successful leaders provides inspirational and thoughtful advice on making it as an entrepreneur. In this book, Barreto shares details of business success, and the insights he gained while administering the nation's largest small business loan, training, and counseling organization. Some of those sharing their stories in *The Engine of America* have grown their businesses from the most humble of beginnings into corporate giants whose brands are household

This book will help you avoid the complexities and find the simplest path possible. And finally...BUT it takes someone special to stand out, and I'm not special! If you pick up this book, I think there's a good chance you are special. You are striving for more. You're ready to take control. You're ready to level up your life. Most people won't turn their dreams into reality. But I can help. This book will help you uncover your true drive. You will want to pour your passion into this. You will want to out hustle the competition. You will have the tools to stand out. No more BUTS! I've filled this book with exercises to help you find your passion, generate momentum, and stand out from the crowd. The concepts in this book won't put you at risk, and they won't be complicated. So, the only thing you stand to lose is opportunity. People are taking action every day...now it's your turn.
