Food Saved Me Danielle Walker, 2021-09 - National Bestseller - You can live a full, happy, and healthy life without ever feeling excluded or deprived. When doctors told Danielle Walker that food didn't cause her autoimmune disease and couldn't help control it, she set out to prove them wrong. Diagnosed with an extreme form of ulcerative colitis at 22, Danielle was terrified she'd never be able to eat all the wonderful, great-tasting foods she loved growing up or host warm, welcoming gatherings with family and friends. So when the medicine she was prescribed became almost as debilitating as the disease itself, Danielle took matters into her own hands, turned her kitchen into a laboratory, and set to work creating gut-healthy versions of the foods she thought she'd never be able to enjoy again. Three New York Times bestselling cookbooks later, Danielle has become a beacon of hope for millions around the world suffering from autoimmune diseases, food allergies, and chronic ailments. Now for the first time, with stunning transparency about the personal toll her illness took on her physically, emotionally, and spiritually, Danielle reflects on everything she's learned during her decade-long journey toward healing--including the connection between gut health and overall well-being, the development of her favorite

recipes, and the keys for not simply surviving her autoimmune disease but thriving despite it. Through her resilience, Danielle tells a story that provides hope--hope that despite your ailments or hardships, you can live a full, happy, and healthy life without ever feeling excluded or deprived. Food saved Danielle Walker. And it can save you, too. Includes six fan-favorite recipes and the stories behind them!

All We Can Save Ayana Elizabeth Johnson, Katharine K. Wilkinson, 2021-07-20 NATIONAL BESTSELLER • Provocative and illuminating essays from women at the forefront of the climate movement who are harnessing truth, courage, and solutions to lead humanity forward. “A powerful read that fills one with, dare I say . . . hope?”—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SMITHSONIAN MAGAZINE There is a renaissance blooming in the climate

movement: leadership that is more characteristically feminine and more faithfully feminist, rooted in compassion, connection, creativity, and collaboration. While it's clear that women and girls are vital voices and agents of change for this planet, they are too often missing from the proverbial table. More than a problem of bias, it's a dynamic that sets us up for failure. To change everything, we need everyone. *All We Can Save* illuminates the expertise and insights of dozens of diverse women leading on climate in the United States—scientists, journalists, farmers, lawyers, teachers, activists, innovators, wonks, and designers, across generations, geographies, and race—and aims to advance a more representative, nuanced, and solution-oriented public conversation on the climate crisis. These women offer a spectrum of ideas and insights for how we can rapidly, radically reshape society. Intermixing essays with poetry and art, this book is both a balm and a guide for knowing and holding what has been done to the world, while bolstering our resolve never to give up on one another or our collective future. We must summon truth, courage, and solutions to turn away from the brink and toward life-giving possibility. Curated by two climate leaders, the book is a collection and celebration of visionaries who are leading us on a path toward all we can save. Saved by a Song Mary Gauthier, 2021-07-06 A handbook for compassion... a Must-Read Music Book." –Rolling Stone Country Generous and big-hearted, Gauthier has stories to tell and worthwhile advice to share. –Wally Lamb, author of I Know This Much Is True Gauthier has an uncanny ability to combine songwriting craft with a seeker's vulnerability and a sage's wisdom." –Amy Ray, Indigo Girls From the Grammy nominated folk singer and songwriter, an inspiring exploration of creativity and the redemptive power of song Mary Gauthier was twelve years old when she was given her Aunt Jenny's old guitar and taught herself to play with a Mel Bay basic guitar workbook. Music offered her a window to a world where others felt the way she did. Songs became lifelines to her, and she longed to write her own, one day. Then, for

a decade, while struggling with addiction, Gauthier put her dream away and her call to songwriting faded. It wasn't until she got sober and went to an open mic with a friend did she realize that she not only still wanted to write songs, she needed to. Today, Gauthier is a decorated musical artist, with numerous awards and recognition for her songwriting, including a Grammy nomination. In *Saved by a Song*, Mary Gauthier pulls the curtain back on the artistry of songwriting. Part memoir, part philosophy of art, part nuts and bolts of songwriting, her book celebrates the redemptive power of song to inspire and bring seemingly different kinds of people together.

Trying to Save Piggy Sneed John Irving, 2016-02-02 A commemorative hardcover edition of the only collection ever published of the celebrated novelist's shorter works. Here is a treat for devoted fans of John Irving. First published twenty years ago, Trying to Save Piggy Sneed contains a dozen short works by the author, beginning with three memoirs. The longest of the memoirs is The Imaginary Girlfriend, his candid account of his twin careers in writing and wrestling, which, as the Denver Post observed, is filled with anecdotes that are every bit as hilarious as the antics in his novels . . . [and] combines the lessons of both obsessions. The middle portion of the book is fiction. Over a career that spans thirteen novels, these are the six stories that Mr. Irving considers finished. Among them is Interior Space, for

which he won the O. Henry Award. In the third and final section are three homages: one to Günter Grass and two to Charles Dickens. To each of the twelve pieces, he has contributed author's notes, which provide some perspective on the circumstances surrounding the writing of each piece. For readers who prefer a hardcover, this commemorative edition is a book to treasure. For new readers, it is a perfect introduction to the author of works as moving and mischievous as *The World According to Garp*, *A Prayer for Owen Meany*, and *In One Person*. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Mya's Strategy to Save the World Tanya Lloyd Kyi, 2019-04-30 Twelve-year-old Mya Parsons could save the world and organize her family, if only she had her own cell phone. A Dork Diaries for today's socially conscious young readers. Mya Parsons runs her school's social justice club with her best friend, Cleo. Her lifelong desire is to work for the United Nations and change the world, and then bask in all the ensuing adulation. Her more immediate desire is to get a phone, preferably one like Cleo's, with a leopard-print case to match.

When her distracted dad and her long-distance mom (temporarily in Myanmar taking care of Mya's grandmother) both say no, no way, and possibly never, Mya launches a campaign to prove herself reliable and deserving. She advertises her babysitting services, takes on more responsibility around the house, and attempts to supervise her sister's skateboarding lessons. Her efforts leave her ego bruised and the kitchen slightly scorched. She's no closer to touch-screen victory, let alone the Nobel Peace Prize she deserves. But all that changes after an accident leaves Mya to take charge--an experience which helps her realize how much she's grown, with or without access to proper communications.

Saving Us Katharine Hayhoe, 2022-09-20 United Nations Champion of the Earth, climate scientist, and evangelical Christian Katharine Hayhoe changes the debate on how we can save our future in this nationally bestselling “optimistic view on why collective action is still possible—and how it can be realized” (The New York Times). Called “one of the nation’s most effective communicators on climate change” by The New York Times, Katharine Hayhoe knows how to navigate all sides of the conversation on our changing planet. A Canadian climate scientist living in Texas, she negotiates distrust of data, indifference to imminent threats, and resistance to proposed solutions with ease. Over the past fifteen years Hayhoe has found that the most important thing we can do to address climate change is talk about it—and she wants to teach you how. In *Saving Us*, Hayhoe argues that when it comes to changing

hearts and minds, facts are only one part of the equation. We need to find shared values in order to connect our unique identities to collective action. This is not another doomsday narrative about a planet on fire. It is a multilayered look at science, faith, and human psychology, from an icon in her field—recently named chief scientist at The Nature Conservancy. Drawing on interdisciplinary research and personal stories, Hayhoe shows that small conversations can have astonishing results. *Saving Us* leaves us with the tools to open a dialogue with your loved ones about how we all can play a role in pushing forward for change.
