Women are Scary Melanie Dale,2015-03-24 Let's see . . . this is the part where I convince you that you need this book. This book will massage your feet. This book will bring you a fuzzy blanket at the end of a long day of parenting your tiny little insanazoids. I promise to make you snort laugh at least once. After reading this book, you'll rock jazz hands, be able to sing on-key, and never, ever have to fold laundry again. Okay, they told me I'm actually supposed to tell you a little about the book. Um, right. Look. Here's the thing. Too many of us women are frazzled and lonely, isolated in our minivans while schlepping bags, strollers, and munchkins to and fro across town. It doesn't have to be this way. In this guide to momlationships, I use a dating analogy to take us around the bases to our home-run friendships, the ones that last a lifetime, not just a soccer season. This is our journey to each other, to finding our people and being other people's people, learning how to bless each other and not destroy each other. It's sometimes scary. And always awkward. Let's have some fun.

SEE & CONTROL DEMONS & PAINS Rizwan Qureshi,2013-01-28 Rizwan Qureshi is from Columbus, Texas, USA. He writes all his personal knowledge, experiences, and 100 percent true information about demons, pains, painless diseases, and cancer/infection insects. He writes pure truth and only those things in this book and in book 1, whatever he was dealing and experiencing by himself. His source of knowledge is purely his own experiences with dealing with supernatural, invisible demons, different kinds of invisible pains and painless diseases. According to him, cancer is a very easily treatable and curable disease. As he sees it, thousands of demons are residing in our houses around us. According to him, demons cannot perform any physical activity by themselves. He explains that, by nature, demons are very arrogant and extremely negative. The author suggested several practical ideas, procedures, and theories for common people and medical and modern science on how they can learn and handle demons, pains, painless diseases, and insects responsible for cancer by themselves. The author is 100 percent sure that after reading his books, everyone will be aware and will be able to control the invisible parallel world around them. In this book, he writes clear instructions for individuals on how they can communicate and interact with the demons around them, how to make demons around them their friends, and how to ask demons to do some stuff for them. Author describes in detail how much stuff we can expect our demon friends to do for us. Author writes very clear and very easy instructions for an individual once someone decides to learn how to communicate with demons. He advises everyone to start practicing.

Ameri-Scares Montana: Ghosts in the Dust Elizabeth Massie, 2020-02-05 Cascade County, Montana... Middle schoolers Johnel Walker, Tony Walker, and Elliot Green have formed a summer book club. They gather beneath a shady tree twice a week in the Walkers' backyard to read, discuss, and trade the books they've selected. Usually, the club members agree on the chosen books. But when Elliot shows them a crusty, dirt-coated, ancient book he discovered in an abandoned cabin and says it's one they should read next, Johnel and Tony aren't impressed. They want Elliot to put the book back. Yet the book—or what's inside it—has other ideas. It seems there are terrifying, red-eyed ghosts of people from the past anxious to get out of the book and into present day. Elliot, Johnel, and Tony find there is nothing they can do to stop them from emerging. And so, the club members must face the ghosts, figure out what they want, and try to stop the menace. Each Ameri-Scares novel is based on or inspired by an actual historical event, folktale, or legend specific to the state in which the story is set.

100+ Horror Collection. Scary Stories to Read in Bed Tonight. Illustrated Edgar Allan Poe, Bram Stoker, Mary Shelley, Joseph Sheridan Le Fanu, Robert Louis Stevenson, H.P. Lovecraft, Algernon Blackwood, Francis Marion Crawford, Robert W. Chambers, M. R. James, 2022-01-25 The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown. These facts few psychologists will dispute, and their admitted truth must establish for all time the genuineness and dignity of the weirdly horrible tale as a literary form... As may naturally be expected of a form so closely connected with primal emotion, the horror-tale is as old as human thought and speech themselves. H. P. Lovecraft Horror intends to create an eerie and frightening atmosphere for the reader. Prevalent elements include ghosts, demons, vampires, werewolves, ghouls, the Devil, witches, monsters, dystopian and apocalyptic worlds, serial killers, cannibalism, psychopaths, cults, dark magic, Satanism, the macabre, gore, and torture.
