Zodiac Rising - The Water Signs: Cancer - Scorpio - Pisces Margaret Lake,2014-08-12 Cancey (Cancer) Cancey Cangrejo has a habit of jumping from job to job until she finally lands her dream job. Flight attendant. But on her first day, she meets Marco, the dashing Latin who works business class and has a reputation for acquiring lovely ladies. Cancey falls hard, but she knows she doesn't stand a chance with a man who dates gorgeous supermodels and high-powered business women. But her good buddy, George Campion, big brother to all women, steps in to help Cancey attract Marco. The trouble is, after taking her for a makeover and spending the day with her, George wants Cancey for himself. Schuyler (Scorpio) Dr. Schuyler Scorponi, surgeon, researcher, recluse. Schuyler has never had much to do with people in general and men in particular. All she has is her work and she's convinced herself that's all she needs in her life. But she's about to meet a different kind of man. One who finds a way to break down her walls bit-by-bit. It's the excellence of her work that brings Schuyler to the attention of Dr. Cameron Jones, new chief of surgery at Midlands General. By the time he finishes offering Schuyler a job as his assistant, her cold responses have him regretting his offer. But then he mentions the new lab and Schuyler comes alive, showing Cam a side of her he finds all too attractive. Pixie (Pisces) Pixie is just about as big as her name implies, but that doesn't stop her from doing whatever she wants to do. Like being in tune with the universe, finding lost rings, talking to spirits (although that was a special occasion). Now, she has to use all her psychic powers to save the grandson of that spirit from being killed. Alan Maddin is a firefighter and a paramedic and he definitely does not believe that Pixie can tune into the universe. He doesn't even know what that means. But his mother insists on seeing Pixie because Sandy's dead mother came to warn her that Alan was going to die during a big fire. Sandy wants Pixie to convince Alan that he's in very real danger. But the only real danger as far as Alan can see, is getting involved with the petite psychic who has developed a habit of fainting in his arms.

Cosmic Navigator Gahl Eden Sasson,2008-07-01 Gahl Sasson's second book, Cosmic Navigator, is like a GPS for the soul. It combines Astrology, the map of where and who we are, with Kabbalah the navigation system that tells us how to get to our goal and avoid those traffic patterns and areas of gridlock in our lives. This three part text is the first book of its kind. Not only is it the first book to use Astrology as a resource for self help, it also weds the wisdom of ancient Kabbalistic truths with the powerful archetypes of the zodiac to help you improve and change your life. The first part of the book introduces the basic concepts of Kabbalah and Astrology and how they work together. The second part teaches you how to interpret your own astrological chart as the road map of your life. The third and final part of the book, which is based on Gahl's twelve week workshop, walks the reader through the twelve signs and teaches them how to use each one to bring balance and success into their lives. Is your love life in need of more passion?

Turn to the chapter on Scorpio and learn how to invoke that sexual mysterious energy. Do you need to be more assertive at work? Turn to the chapter on Aries and discover your inner warrior. Unlike other astrology books that simply offer stereotypical profiles, Cosmic Navigator teaches us how to take control of our astrological destinies.

Robin and Lucienne Day Lesley Jackson,2001-03 Hailed as the British counterparts to Charles and Ray Eames, Robin and Lucienne Day electrified the British design scene in the 1950s with their startling furniture and textile designs. Indeed, their influence over the next five decades has been so profound that their early products were recently reintroduced by Conran's Habitat. Lucienne Day pioneered the introduction of modern abstract pattern design in the textile industry. Her fabrics, which oscillate between bold geometric figures and more subtle abstract patterns, were produced by companies as diverse as Heal's and Liberty of London. Robin Day's influential furniture designs pioneered the use of materials such as plywood, steel, and plastic. His stacking polypropylene chair (right) is one of the best-selling chairs in the world. Robin and Lucienne Day, the first-ever full-length monograph on their designs, features never-before-seen archival material along with over 250 color images of the full range of their work, including furniture, ceramics, textiles, wallpaper, interiors, appliances, exhibit designs, and graphics.
