Ace of Hearts P. D. Scott,2019-01-12 James Hart is a twenty eight year old outstanding citizen of Los Angeles, California. He loves the law and became a detective to help uphold it. Working as a private detective, James and his team investigate cold cases. Bringing the truth to light and criminals to justice are part of his job, but the one case the detective hasn't been able to solve is the one that matters to him most. When his twin sister is mysteriously murdered, James struggles to unravel the details of what led to her untimely death. All the while, he struggles to find balance when his wife files for divorce. His life becomes even more unpredictable as he begins to develop romantic feelings for his work partner, Melanie Sims, which are further complicated by him being on the asexual spectrum. Melanie was recently abandoned by her husband and has grown closer to James however, she does not fully understand his sexuality. Just when he thinks things couldn't get more complex, James begins to get routine visits from the one person he never expected.

Index to Vital Data in Local Newspapers of Sonoma County, California, Volume

12: 1919-1921 Sonoma County Genealogical Society,2014-09-23 The indexing of Sonoma County newspapers was undertaken to help fill in the gaps in some of the early records in Sonoma County. The first volume, which covers the period from 1854 through 1875 was published early in 2001. Ten additional volumes have been published covering the period through 1918. The present volume contains an index of surnames found in those papers published in Sonoma County between 1919 and 1921 and contains more than 13,900 entries. Some of the entries include residents from the surrounding counties of Marin, Napa, Solano, Lake, and Mendocino.

The Dual State Dr Eric Wilson,2012-12-28 This volume presents a practical demonstration of the relevance of Carl Schmitt's thought to parapolitical studies, arguing that his constitutional theory is the one best suited to investing the 'deep state' with intellectual and doctrinal coherence. Critiquing Schmitt's work from a variety of intellectual perspectives, the chapters discuss current parapolitical reality within the domain of criminology, the parapolitical nature of both the dual state and the national security state corporate complex. Using the USA as a prime example of the world's current dual or 'deep political state', the criminogenic dimensions of the parapolitical systems of post 9/11 America are discussed. Using case studies, the dual state is examined as the causal factor of inexplicable parapolitical events within both the developed and developing world, including Sweden, Canada, Italy, Turkey, and Africa.
