How to Do Things with Books in Victorian Britain Leah Price, 2012-04-09 How to Do Things with Books in Victorian Britain asks how our culture came to frown on using books for any purpose other than reading. When did the coffee-table book become an object of scorn? Why did law courts forbid witnesses to kiss the Bible? What made Victorian cartoonists mock commuters who hid behind the newspaper, ladies who matched their books' binding to their dress, and servants who reduced newspapers to fish 'n' chips wrap? Shedding new light on novels by Thackeray, Dickens, the Brontës, Trollope, and Collins, as well as the urban sociology of Henry Mayhew, Leah Price also uncovers the lives and afterlives of anonymous religious tracts and household manuals. From knickknacks to wastepaper, books mattered to the Victorians in ways that cannot be explained by their printed content alone. And whether displayed, defaced, exchanged, or discarded, printed matter participated, and still participates, in a range of transactions that stretches far beyond reading. Supplementing close readings with a sensitive reconstruction of how Victorians thought and felt about books, Price offers a new model for integrating literary theory with cultural history. How to Do Things with Books in Victorian Britain reshapes our understanding of the interplay between words

and objects in the nineteenth century and beyond.

Rock Stars on the Record Eric Spitznagel, 2021-02-23 An all-star lineup of rock-n-rollers relay the uproariously wild, sentimental, and unexpected pre-stardom stories behind their favorite records. Rock Stars on the Record is a collection of first-hand tales by artists of all ages, backgrounds, and musical influences, remembering the meaning behind the records that mattered most to them. From Laura Jane Grace to Ian MacKaye, Don McLean to Cherie Currie, Alice Bag to Mac DeMarco, Perry Farrell to Suzi Quatro and Verdine White, and many more, bestselling author Eric Spitznagel talks to rock stars across the sonic spectrum about the albums that changed them in ways only music can change someone. Everyone's most cherished childhood record—be it a battered piece of vinyl, torn cassette tape, or scratched CD—has a story, and those stories can be more revealing about their owners than you might expect. Read about how “Weird Al” Yankovic refined his accordion skills by playing along to Elton John's Goodbye Yellow Brick Road, or how Fishbone's Angelo Moore saved his life with a boombox and a Bad Brains album. Or about how Wendy Melvoin and Lisa Coleman of Prince's longtime band, The Revolution, fell in love while trading mixtapes. Each profile is more emotional, fascinating, and hilarious than the last. So place that needle in the groove, and prepare to hear something revelatory from your favorite rockers past and present. “Absolutely fascinating. It's hard to believe that no one has done this before, but now that I've read it, it seems totally

obvious—except that most journalists wouldn't be able to get people to talk so openly and compellingly about something that, to an artist, may feel very private. I know these great musicians and their music better now. Thank you, Eric.” —Daniel J. Levitin, bestselling author of *This Is Your Brain on Music*, professor of Neuroscience and Music at McGill University in Montreal “In asking a slew of rock stars about the record that changed their lives, Eric Spitznagel also ferrets out fascinating backstories and unexpected anecdotes. Who knew that Tommy Roe’s granddaughter calls him ‘the Justin Bieber of the ‘60s’? Or that Perry Farrell entertained his older siblings’ friends’ by dancing the Hully Gully at their parties? *Rock Stars on the Record* is so much fun, and more illuminating that you’d expect.” —Caroline Sullivan, author of *Bye Bye Baby: My Tragic Love Affair with the Bay City Rollers*

This particular phoenix has risen from its ashes triumphant. — Strange Horizons Clockwork Phoenix 4, much like its predecessors, is a high quality, well-organized, engaging anthology. — Tor.com A first rate series of anthologies ... The book is stylistically of a piece with its predecessors — a set of well-written stories occupying multiple subgenres, usually in the same story, often ambiguously. — Locus The tone ranges from dark to heartwarming and simple. The overall quality is high ... Several of the pieces are quite challenging. Readers will do well to pick up a copy. — Locus Online What makes this fourth edition so special is that it belongs to an impassioned community of writers and readers who went above and beyond to make it happen. ... All

eighteen [stories] have the power to pull the reader out of his own reality and transport or transform them entirely. — Cabinet des Fées This 4th volume of Clockwork Phoenix contains an excellent diversity of speculative fiction ranging from cold and hopeless to harsh but victorious and warm and fulfilling. It was a pleasure to read. — Tangent Online What kind of stories will you find in Clockwork Phoenix 4? Only those that are magical, imaginative, heart-wrenching, just plain bizarre, forward-looking, backward-looking, biological, romantic, hopeful, darkly funny and openly frightening. All the words that describe the best speculative fiction you've ever read apply. In fact, if this isn't the epitome of speculative fiction, I don't know what is. — Little Red Reviewer

Levon Sandra B. Tooze, 2020-08-25 The life of the legendary drummer and singer is explored through extensive research and personal interviews with family, friends, and fellow musicians. In the Arkansas Delta, a young Levon Helm witnessed "blues, country, and gospel hit in a head-on collision," as he put it. The result was rock 'n' roll. As a teenager, he joined the raucous Ronnie Hawkins and the Hawks, then helped merge a hard-driving electric sound with Bob Dylan's folk roots, and revolutionized American rock with the Band. Helm not only provided perfect "in the pocket" rhythm and unforgettable vocals, he was the soul of The Band. Levon traces a rebellious life on the road, from being booed with Bob Dylan to the creative cauldron of Big Pink, the Woodstock Festival, world tours, The Last Waltz, and beyond with the man Dylan called "one of the last true great spirits of my or any other generation." Author Sandra B. Tooze digs deep into what Helm saw as a devastating betrayal by his closest friend, Band guitarist Robbie Robertson—and Levon's career collapse, his near bankruptcy, and the loss of his voice due to throat cancer in 1997. Yet Helm found success in an acting career that included roles in *Coal Miner's Daughter* and *The Right Stuff*. Regaining his singing voice, he made his last decade a triumph, opening his barn to the Midnight

Rambles and earning three Grammys.

NurtureShock Po Bronson, Ashley Merryman, 2009-09-03 In a world of modern, involved, caring parents, why are so many kids aggressive and cruel? Where is intelligence hidden in the brain, and why does that matter? Why do cross-racial friendships decrease in schools that are more integrated? If 98% of kids think lying is morally wrong, then why do 98% of kids lie? What's the single most important thing that helps infants learn language? NurtureShock is a groundbreaking collaboration between award-winning science journalists Po Bronson and Ashley Merryman. They argue that when it comes to children, we've mistaken good intentions for good ideas. With impeccable storytelling and razor-sharp analysis, they demonstrate that many of modern society's strategies for nurturing children are in fact backfiring--because key twists in the science have been overlooked. Nothing like a parenting manual, the authors' work is an insightful exploration of themes and issues that transcend children's (and adults') lives.

The Big Life of Little Richard Mark Ribowsky, 2020-08-25 "This entertaining, fast-paced biography" of the legendary singer-songwriter "will thrill fans of Little Richard and early rock and roll" (Publishers Weekly). Richard Wayne Penniman, known to the world as Little Richard, blazed the trail for generations of musicians: The Beatles, James Brown, the Everly Brothers, Jimi Hendrix, the Rolling Stones, Elton John, Prince . . . the list seems endless. He was "The Originator," "The Innovator," and the self-anointed "King and Queen of Rock 'n' Roll." In *The Big Life of Little Richard*, Mark Ribowsky shares the raucous story of his life from early childhood in Macon, Georgia, to his death in 2020. Ribowsky, acclaimed biographer of musical icons—including the Supremes, the Temptations, Stevie Wonder, and Otis Redding—takes readers through venues, gigs, and studios, conveying the sweaty energy of music sessions limited to a few tracks on an Ampex tape machine

and vocals sung along with a live band. He explores Little Richard's musicianship; his family life; his uphill battle against racism; his interactions with famous contemporaries and the media; and his lifelong inner conflict between his religion and his sexuality. By 2020, eighty-seven-year-old Little Richard's electrifying smile was still intact, as were his bona fides as rock's royal architect: the '50s defined his reign, and he extended elder statesmanship ever since. The Big Life of Little Richard not only explores a legendary stage persona, but also a complex life under the makeup and pomade

What is a Photograph? Carol Squiers, Geoffrey Batchen, George Baker, George Thomas Baker, Hito Steyerl, 2013 Organized by ICP Curator Carol Squiers, 'What Is a Photograph?' will explore the intense creative experimentation in photography that has occurred since the 1970s. Conceptual art introduced photography into contemporary art making, using the medium in ways that challenged it artistically, intellectually, and technically and broadened the notion of what a photograph could be in art. A new generation of artists began an equally rigorous but more aesthetically adventurous analysis, which probed photography itself - from the role of light, color, composition, to materiality and the subject. 'What Is a Photograph?' brings together these artists, who reinvented photography.

Ruffhouse Chris Schwartz, 2018-06-18 The Ruffhouse Records founder tells how he overcame poverty, abuse, and addiction to start a label that launched some of music's biggest stars: "Gripping."—Philadelphia Magazine As a struggling musician trying to catch a break in 1980s Philadelphia, Chris Schwartz navigated the crime-infested, morally bankrupt music industry to found and build one of the most successful hip-hop record labels in the world. That label was Ruffhouse, which launched the careers of Nas, The Fugees, Cypress Hill, and others, dominating the charts and generating global revenues of over a billion dollars. Schwartz and his partner, Joe Nicolo, built Ruffhouse from one desk and a phone to one of hip-hop's most revered record companies while simultaneously struggling with drug addiction and alcoholism. A story of money, greed, envy, betrayal, violence, addiction, loss, and redemption, not to mention a whole lot of music, Ruffhouse reveals the inside story of the record companies, recording studios, tour buses, private jets, mansions, radio stations, and concert halls at the height of hip-hop's 1990s heyday while also uncovering the darker side of the business, from police stations to rehab clinics, courtrooms to prisons. Told in Schwartz's own candid, searing prose, Ruffhouse is a portrayal of hip-hop culture at its tipping point, as it transitioned from urban curiosity to global phenomenon. "[A] story of adversity and perseverance...Fans of these artists will love the insider information on the recording process

and the trials and tribulations of getting this music out into the world.”—Library Journal “All respect to Chris Schwartz. He is a great visionary.”—Nas

Red Wave Joanna Stingray, Madison Stingray, 2020 A memoir by an American who almost single-handedly introduced Soviet rock to the free world, [...] Stingray, who wrote this memoir with her daughter, Madison, nicely captures her daring amid an atmosphere of liberation and fear, and she's a study in moxie and enthusiasm. --Kirkus Reviews As one of the first American musicians to break through the Soviet scene, and one of the few women to be seen as an equal amongst Leningrad's pantheon of rock superstars, Stingray's perspective on the development of late Soviet rock is probably the single most important source for those who want a birds-eye view of late Soviet youth culture, and Stingray's stories are as entertaining as they are relevant and illuminating. --Alexander Herbert, author of *What About Tomorrow?: An Oral History of Russian Punk from the Soviet Era to Pussy Riot* Wild and vivid -- a rollicking memoir of romance and rock 'n' roll in an era of upheaval and transition. From Los Angeles to Leningrad and back again, Joanna's story is borne along by her infectious, headlong enthusiasm. It's quite a ride. --Patrick Radden Keefe, creator of the *Wind of Change* podcast and author of *Say Nothing: A True Story of Murder and Memory in Northern Ireland* The history of Russian rock music could have been very different without Joanna Stingray. Joanna was friends with rock musicians, recorded songs with them, shot their videos and brought them clothes and instruments from the West. Her video footage, capturing young icons of Russian rock like Viktor Tsoi, Sergei Kuryokhin, Timur Novikov and Boris Grebenshchikov, is rare evidence of the golden era of the Soviet underground. --The Moscow Times *Red Wave* is a warm and conversational autobiography about a lost world, peopled with courageous artists risking their freedom for the ideas of expression, art, and rock 'n' roll. [...] We root for her and her friends to overcome

bureaucracy, oppression, isolation, deprivation, and the heavy footsteps of the KGB. [...] In a readable and personable way, Red Wave helps shine some light into this remarkable corner of rock history. --Tim Sommer, Guernica Joanna Stingray's appearance in St. Petersburg in the early 1980s must have been God's response to our unconscious prayers. Her naive bravery, curiosity and generosity created a kind of a lifeline for us rockers: she brought in things we needed to play our music, and took out not only our recordings but the very message of our existence. Had it not been for her and her Red Wave, it would have taken Aquarium many more years to have official records on Melodiya and Kino to start touring Europe. This fearless maiden broke through the siege that looked hopelessly unbreakable. She threw a life-saver into our waters and she changed everything. No matter how many times we thank her -- it's never enough. --Boris Grebenshchikov (Aquarium), 2018

Revolution in the Making Emily Rothrum, Elizabeth A. T. Smith, Anne Wagner, 2016 Half the World traces the ways in which women artists deftly transformed the language of sculpture to invent radically new forms and processes that privileged studio practice, tactility and the artist's hand. The volume seeks to identify the multiple strains of proto-feminist practices, characterized by abstraction and repetition, which rejected the singularity of the masterwork and rearranged sculptural form to be contingent upon the way the body moved around it in space. The catalogue begins in the immediate post-war era, with the first section spanning the late 1940s through the 1950s. Featuring historically important predecessors including Ruth Asawa, Lee Bontecou, Louise Bourgeois, Claire Falkenstein and Louise Nevelson, this section examines abstraction based on the human figure and the influence of the unconscious. The second section covers the decades of the 1960s and 1970s, and includes Magdalena Abakanowicz, Lynda Benglis, Heidi Bucher, Gego, François Grossen, Eva Hesse,

Sheila Hicks, Marisa Merz, Mira Schendel, Michelle Stuart, Hannah Wilke, and Jackie Winsor, a generation of post-minimalist artists who ignited a revolution in their use of process-oriented materials and methods. In the 1980s and 1990s, the period explored in the third section, artists Phyllida Barlow, Isa Genzken, Cristina Iglesias, Liz Larner, Anna Maria Maiolino, Senga Nengudi, and Ursula von Rydingsvard moved beyond singular, three-dimensional objects toward architectonic works characterized by repetition, structure, and design. The final section is comprised of post-2000 works by artists Karla Black, Abigail DeVille, Sonia Gomes, Rachel Khedoori, Lara Schnitger, Shinique Smith, and Jessica Stockholder, artists who create installation-based environments, embracing domestic materials and craft as an embedded discourse.
