Scribbles and Ink Ethan Long,2023-07 Two artists, two styles, and one book that may not be big enough for the both of them. See, Ink (the mouse) likes things to be clean and precise. Scribbles (the cat) is the opposite. But while there should be plenty of room for each of them to make their art without getting in each others way, or on each others nerves, THEY CAN'T MANAGE THAT! And from there paint splatters, ink goops, pencils get broken and brushes go wild until... it's not a work of art, IT'S A MESS! Discovering that they are no longer having any fun, the duo tentatively tries to collaborate instead of clobber, and, thus, a disaster-piece becomes a masterpiece. With this much creative friction, will this disaster-piece ever become a masterpiece?

Through in-depth examples, this book teaches you everything you need to create your first Android application in Python and publish on Google Play. Building Android Apps in Python Using Kivy with Android Studio takes you through the basics of Kivy by discussing its application structure, widgets, and event handling. The KV language is then introduced for separating the logic and GUI by adding widgets within a KV file. You will then learn how to utilize Android camera using Kivy, build the HTTP server using Flask, and create and manage multiple screens to help you design your own applications. Through detailed step-by-step instructions, you will create your first multi-level cross-platform game that includes animation and sound effects. The Savior of Souls Sylvain Gilbert,2021-01-06 Jack, a dark and sinister being whose terrifying face warped by an old scar, waited in the pouring rain. His mind, disturbed by painful memories of his violent childhood, tormented him. He stood motionless near a telephone booth on Boulevard Hamel in Quebec. Lightning ripped through the sky, reminding him of his mission, a promise of old that he now wanted to keep. He knew that the road to redemption would be strewn with pitfalls, but nothing would stop him. He had to do it, not only for himself, but to find inner peace. He would become the savior of souls to save those people who had sold their souls to the devil. He walked into the phone booth and dialed the pimp's number. He needed a girl, a very young girl.

The Google Story (2018 Updated Edition) David A. Vise,Mark Malseed,2005-11-15 The definitive,

bestselling account of the company that changed the way we work and live, updated for the twentieth anniversary of Google's founding with analysis of its most recent bold moves to redefine the world—and its even more ambitious plans for the future. Moscow-born Sergey Brin and Midwest-born Larry Page dropped out of graduate school at Stanford University to, as they said, “change the world” through a powerful search engine that would organize every bit of information on the Web for free. The Google Story takes you deep inside the company's wild ride from an idea that struggled for funding in 1998 to a firm that today rakes in billions in profits. Based on scrupulous research and extraordinary access to Google, this fast-moving narrative reveals how an unorthodox management style and a culture of innovation enabled a search-engine giant to shake up Madison Avenue, clash with governments that accuse it of being a monopoly, deploy self-driving cars to forever change how we travel, and launch high-flying Internet balloons. Unafraid of controversy, Google is surging ahead with artificial intelligence that could cure diseases but also displace millions of people from their jobs, testing the founders' guiding mantra: DON'T BE EVIL. Praise for The Google Story “[The authors] do a fine job of recounting Google's rapid rise and explaining its search business.”—The New York Times “An intriguing insider view of the Google culture.”—Harvard Business Review “An interesting read on a powerhouse company . . . If you haven't read anything about one of today's most influential companies, you should. If you don't read The Google Story, you're missing a few extra treats.”—USA Today “Fascinating . . . meticulous . . . never bogs down.”—Houston Chronicle
