### **The Dillon Place Mystery - A Sherlock Holmes Investigation** George Morrison, 2016-12-01

Join Baker Street's legendary detective Sherlock Holmes and his faithful sidekick John Watson in a thrilling conspiracy-filled adventure across Ireland. On the eve of the Queen's state visit to Ireland, Sherlock Holmes receives an unusual visit from Sir Richard Waltham, the Parliamentary Secretary to the Home Office. Soon he and Watson are steaming for the shores of Queenstown in Dublin, charged with exposing an audacious conspiracy to shake the very foundations of the Empire. 'I'd better start packing, Holmes. What do you suggest I take?' Stout travelling clothes and boots, heavy overcoats and oilskins, fishing tackle for sea-fishing as well as our trout rods, evening dress, and I think, perhaps, Watson, your old service revolver.' The game is afoot ... The Dillon Place Mystery is a brilliant new Sherlock Holmes adventure, set for the first time in Ireland, from the pen of critically acclaimed filmmaker and photographer George Morrison, for whom the reading and writing of Holmes has been a lifelong passion. George Morrison is one of Ireland's most distinguished filmmakers and photographic restorers. Now in his nineties, he was born in Tramore, Co. Waterford, and is best known for his films *Mise Éire* (1959) and *Saoirse?* (1961). He has also made many documentaries and produced a number of important photographic books on modern Irish history, including *The Irish Civil War* with Tim Pat Coogan. His wife was the legendary Irish Times cookery writer Theodora FitzGibbon.

*Under the Cathedral* Raúl Sánchez Quintana, 2021-06-22 Jaen, Spain. Early morning of July 11, 2006. A young man flees in a hurry from Plaza de Santa María. The corpse of an older man is left lying in front of the facade of the Cathedral, face down, naked, and covered in droppings and pigeon feathers. Something is hidden under Jaen's Cathedral, and only the members of a clandestine organization, as well as the highest authority of the Vatican, are aware of the secret. For centuries

everything has remained unchanged, but the appearance of a naked corpse in front of the Jaen Cathedral (real news published in 2006) triggered a succession of events that puzzled everyone in the police office. Private detective Carlos Moeckel has the task of finding out who is behind the series of murders that plague the city. Various events that occurred during the crucifixion of Yeshua the Nazarite intertwine with the novel, with the enigmatic figure of Joseph of Arimathea as a key participant. Under the Cathedral is a frenetic thriller in which fiction and reality continually cross the fine line that separates them.

*The Secret Life of Memorials: Through the Memory Lens of the Australian South Sea Islanders* Julie Mitchell, 2019-05-31 Focussing on the Australian South Sea Islander minority community this volume employs a variety of theoretical arguments in order to contribute a new method for comprehending the many interleaving aspects of memory spaces, and should be of interest to heritage professionals, local councils and governing bodies, and members of the general public.

**Marginalised and Endangered Worldviews** Lidia Guzy, James Kapaló, 2017 The study of worldviews marginalized by mainstream modernity is an eminently important undertaking. It helps us better recognise, cherish and keep the values of traditions and practices that exist. This is important, when the uniform vision of the world heaped on us from the medias, modernist political movements and ideologies, revealed itself as unreal and fake, rendering it evident that the modern utopia of enlightened rationality is just a delirious nightmare.--Arpad Szakolczai, Professor of Sociology, U. College Cork. \*\*\*This book fosters dialogue on critical problems faced by endangered indigenous cultures and marginalised communities. The ethos is collaborative and comparative describing the implications for global society of the destruction and impoverishment of human and ecological cultural diversity. The Secret History of the Mantle of Jesus Christ Mark F. Hobson, Ph.D.,2023-09-30 This fiction work is about “the cloth” that covered the head of Jesus in death, known as “The Mantle,” and those who possess it in history. The book is written in alternating chapters of the mantle’s past, and the present time. The heroic character in the past is the gospel writer, Saint John. The heroic character in the present is Dr. John Mark Hopkins, a college dean and professor who receives the mantle from his grandfather, who was a Free Mason. The central issue of the story is the mantle contains the Deoxyribonucleic Acid (DNA) of Jesus. Those who possess the mantle experience the power of Jesus. They complete miracles in the Name of Jesus. The heroic goal in history is to heal the sick and overcome evil. The heroic goal in the present is to overcome the scourge of drug addiction. The worthy adversary in history is the Roman Empire. The worthy adversary in the present is a Central American drug boss, and Lucifer, who possesses the soul of the drug boss. The action includes the mantle possessors to heal the sick, to be invisible, to fly and travel at will, to be in two places at the same time, and resurrect the dead. The ending is the healing of the drug boss and vanquishing of Lucifer. Dr. Hopkins decides to retire and bequeath the mantle to his son, John, who is also a college professor. **Beyond the Secret Elephants** Gareth Patterson,2023-09-05 Gareth Patterson rediscovered the most southerly elephants in the world, the highly endangered and secretive Knysna elephants of the southern Cape, South Africa. It was during this time that he also made the startling discovery of a being even more mysterious than the Knysna elephants – a relict hominoid known to the Knysna forest people as the 'Otang'. Gareth was at first reluctant to blur the remarkable story of the Knysna elephants with his findings about the otang, That is, until now. The possible existence of relict hominoids is today gaining momentum world-wide with ongoing research into the Sasquatch in North America, the Yeti in the Himalayas, the Yowie in Australia and the Orang Pendek in Sumatra. Eminent conservationists and scientists – among them Dr. Jane Goodall, Dr. George Schaller, Dr. Ian Redmond, Professor Jeff Meldrum and Professor Gregory Forth – have publicly stated that they are open-minded about the possible existence of these cryptid beings. In the course of his unannounced research into the otang Gareth heard many accounts – mostly spontaneous and unprompted – of otang sightings by others in the area over a number of years. These accounts, documented in this book, are astonishingly consistent both in the descriptions of the otang and in the shocked reactions of the individuals who saw them. Gareth Patterson's work supports the increasing realization that

humankind still has much to learn about the natural world and the mysteries it holds. The possibility that we may be sharing our world with other as yet unidentified hominoids is today being viewed as something that should not be discounted. And as humankind, we need to reassess our role and responsibility towards all forms of life that coexist with us on planet Earth. Beyond the Secret Elephants continues the story of Patterson's search for and eventual familiarity with the remaining Knysna elephants, while also revealing...the presence of an even more legendary creature, a relict hominoid known to the indigenous people as the otang. Dr. Jeff Meldrum. Professor of Anatomy and Anthropology, Idaho State University ...it is impressive when a renowned field researcher writes a book like Beyond the Secret Elephants – following in the erudite footsteps of the late Lyall Watson... **Beyond the Secret Elephants** Gareth Patterson, 2020-01-06 Beyond the Secret Elephants is Gareth Patterson's long-awaited sequel to The Secret Elephants, published in 2009. Beyond the Secret Elephants is the continuing story of Gareth Patterson's almost two decades of research into the secretive Knysna elephants. Significantly, however, it also reveals his startling discovery of a much more mysterious being than the elephants – a relict hominoid known to the indigenous forest people as the Otang. Gareth had long heard about the existence of the otang from the local people but he mentioned it only briefly in The Secret Elephants, focusing instead on his rediscovery of the Knysna elephants and their survival against the odds. He was reluctant to blur the story of the elephants with his findings about the otang. That is, until now. The possible existence of relict hominoids is today gaining momentum worldwide with ongoing research into Bigfoot in North America, the Yeti in the Himalayas and the Orang Pendek in Sumatra. Eminent conservationists and scientists – among them

Dr Jane Goodall, Dr George Schaller and Professor Jeff Meldrum – have publicly stated that they are open-minded about the possible existence of these cryptid beings. In the course of his unannounced research into the otang Gareth heard many accounts – mostly spontaneous and unprompted – of otang sightings by others in the area over a number of years. These accounts, documented in the book, are astonishingly consistent both in the descriptions of the otang and in the shocked reactions of the individuals who saw them. Gareth Patterson's work supports the increasing realisation that humankind still has much to learn about the natural world and the mysteries it holds. The possibility that we may be sharing our world with other as yet unidentified hominoids is today being viewed as something that should not be discounted. And as humankind, we need to reassess our role and our responsibility towards all forms of life that coexist with us on planet Earth. ... following in the erudite footsteps of the late Lyall Watson ... by exploring beyond the fringe of 'fringe science' ... - Ian Redmond OBE

**Relict** D. T. Neal, 2013-03-16 Four leisure travelers on an experimental boat find themselves a remote Pacific tropical paradise in the shape of Palmer Atoll, not realizing that they have stepped into the lair of an ancient and deadly predator from the sea that hunts them down, one by one. Who will survive the sinister, golden-eyed hunter that lurks beneath the waves?

**The General's Relic** Max Winterson, 2017 A mysterious Civil War rebel belt plate leads a group of modern day relic hunters on a quest to uncover the terrible secret of The General's Relic. The story begins tracing the history of a relic that has great power. The beginning of the novel provides insight into American Civil War battles that took place, along with the soldiers that fought in those battles.

This allows readers to understand the historical significance of the General's Relic, along with other relics that the main characters in the novel later discover. The novel then leads to modern times, following a team of treasure hunters through a worldwide adventure.

Dream Relic Velvet Davis, 2020-07-24 Back in Semadon with the forest's relic, Ceera Kestlyn is determined to find meaning within its cryptic text. But when High Service, led by the corrupt Draevik Warlyn, ends her study, she is devastated...and skeptical. Not only does it remain unclear why the strange woman from her dreams alerted her to the relic's existence, but the book emanates a mysterious power only a fool would deny. Influenced by an allusive dream, she views the relic in secret and realizes she misinterpreted a passage, one that urgently pertains to now. If she doesn't take the relic to its rightful place within the depths of a cave, she will die, and the Archaics-tricky, mischievous, yet useful demi-gods-will become mortal. Ceera must convince High Service to let her and Dassius Rucien-her lover on the Sci-Defense team-return the relic she worked so hard to collect. But standing up to Draevik will endanger her, for his plan to exploit the relic's power values progress over people...
