**How to Have an Enjoyable Safe Sex With a Preg Lady** Felix Chrisantos, 2020-12-17 I am of the opinion that taking a long break off sex, just because your woman is pregnant, is completely unnecessary. There is simply, no need to send sex on holiday for months, just because your woman is expecting a baby. It is important to know that ladies still retain the urge for sex even when they are pregnant. In some cases, they even become hornier. For this reason, if you are staying away from your woman just because she is pregnant, you will not only be sex-starving yourself unnecessarily, you will also be depriving your woman of the opportunity to have a rich and an enjoyable time of mind-blowing sex during this period. Yes, I understand you are only trying to be careful so you don't

hurt or negatively, affect her pregnancy. And that is the reason I have put this book together to help you and your woman enjoy a rich and an enjoyable pregnancy sex without causing any harm to her pregnancy. This book will reveal to you some nice techniques and sex positions that will guarantee a mind-blowing moment of sex for you both.

Guide to Having Great Sex with a Pregnant Woman Theo Williams, MD, 2021-02-06 Many couples ask if sex during pregnancy is safe, especially during the first and third trimesters, and they often worry about harming the baby. But if you have a healthy pregnancy, it's perfectly safe to have sex right up until your waters break. This is true even if you're having more than one baby. If you're in the right mood, having satisfying sex is good for your relationship and your sense of wellbeing, both now and after your baby has arrived. Don't feel pressured though. Many women find that their sex drive changes during pregnancy. This can happen because of changing emotions, pregnancy side-effects such as nausea, or simply being really tired - sometimes you might find yourself yearning more for a good night's sleep. The key is to keep communicating with your partner, and find a balanced way to stay close and feel happy as a couple. Talk to your partner if your sex drive is low to help them understand how you're feeling.
