History of a Pleasure Seeker Richard Mason, 2012-02-07 “Just try to resist.... A Continental Downton Abbey plus sex, with a dash of Dangerous Liaisons tossed in.” —Seattle Times Piet Barol has an instinctive appreciation for pleasure and a gift for finding it. When his mother dies, Piet applies for a job as tutor to the troubled son of Europe's leading hotelier—a child who refuses to leave his family's mansion on one of Amsterdam's grandest canals. As Piet enters this glittering world, he learns its secrets and finds his life transformed. A brilliantly written portrait of the senses, *History of a Pleasure Seeker* is an opulent, romantic coming-of-age drama set at the height of Europe's Belle Époque, written with a lightness of touch that is wholly modern and original.

NOVACARDIO Jason O'Neil, 2023-12-04 In this novel a couple in Annapolis, Maryland creates a new device to accurately predict heart attacks and provide seasoned medical advice in real-time. They create Novacardio after determining which companies can best help them. They enlist the aid of Dr. James Cox, the famous cardiologist from the Georgetown University Hospital who invented unique ways to keep cardiac patients alive. Dr. Cox is a consultant for the 3M Company

which provides an attachment strip which adheres a sensor patch to a smart phone, a NOVAFONE. The new patch is a small fiber pad which contains thousands of microscopic bullhorn-shaped sensors which serve as an advanced electrocardiogram reading the actions of a human heart. To manufacture the patch, the couple selects the Kimberly-Clark Company in Fox Crossing, Wisconsin. The smart phone supplier is Apple Computer. The patch with a two-sided strip is mounted on the back of an iPhone which uses a new ALERNA voice command to access IBM's Watson supercomputer which sends a diagnosis in seconds. A NOVAFONE saves the lives of both the U.S. President and the Chairman of the Chinese Communist Party. It becomes a seminal moment in history, as the Chinese leader realizes that his country can't attack Taiwan and depends upon American technology for its future while they create a peaceful world.

The Fame Lunches Daphne Merkin, 2014-09-02 A wide-ranging collection of essays by one of America's most perceptive critics of popular and literary culture From one of America's most insightful and independent-minded critics comes a remarkable new collection of essays, her first in more than fifteen years. Daphne Merkin brings her signature combination of wit, candor, and penetrating intelligence to a wide array of subjects that touch on every aspect of contemporary culture, from the high calling of the literary life to the poignant underside of celebrity to our collective fixation on fame. Sometimes it seems to me that the private life no longer suffices for many of us, she writes, that if we are not observed by others doing glamorous things, we might as well not exist. Merkin's elegant, widely admired profiles go beneath the glossy façades of neon-lit personalities to consider their

vulnerabilities and demons, as well as their enduring hold on us. As her title essay explains, she writes in order to save myself through saving wounded icons . . . Famous people . . . who required my intervention on their behalf because only I understood the desolation that drove them. Here one will encounter a gallery of complex, unforgettable women—Marilyn Monroe, Courtney Love, Diane Keaton, and Cate Blanchett, among others—as well as such intriguing male figures as Michael Jackson, Mike Tyson, Truman Capote, and Richard Burton. Merkin reflects with empathy and discernment on what makes them run—and what makes them stumble. Drawing upon her many years as a book critic, Merkin also offers reflections on writers as varied as Jean Rhys, W. G. Sebald, John Updike, and Alice Munro. She considers the vexed legacy of feminism after Betty Friedan, Bruno Bettelheim's tarnished reputation as a healer, and the reenvisioning of Freud by the elusive Adam Phillips. Most of all, though, Merkin is a writer who is not afraid to implicate herself as a participant in our consumerist and overstimulated culture. Whether ruminating upon the subtext of lip gloss, detailing the vicissitudes of a pre-Yom Kippur pedicure, or arguing against our obsession with household pets, Merkin helps makes sense of our collective impulses. From a brazenly honest and deeply empathic observer, *The Fame Lunches* shines a light on truths we often prefer to keep veiled—and in doing so opens up the conversation for all of us.
