S Marginson

Cats Can't Shoot Clea Simon,2012-04-01 When Pru Marlowe gets the call that there's been a cat shooting, she's furious. Animal brutality is the one thing that this tough animal psychic won't stand for, and in her role as a behaviorist she's determined to care for the traumatized pet. But when Pru finds out that the cat did the shooting – accidentally setting off a rare dueling pistol – she realizes something else is going on. Could the white Persian really have killed her owner – or did the whole bloody mess have something to do with that pricey collectible? With the white cat turning a deaf ear to her questions, Pru must tune in to Beauville's other pampered residents – from the dead man's elite social set to their equally spoiled pets – and learn the truth before her ex, a former New York cop, gets too close. In a world where value is determined by a price tag, only Pru Marlowe and her trusty tabby Wallis can figure out if this was a case of feline felony – or if some human has set the Persian up to be the ultimate cat's paw.

How to Talk to Your Cat About Gun Safety Zachary Auburn, 2016-10-04 The cats of America are under siege! Long gone are the good old days when a cat's biggest worries were mean dogs or a bath. Modern cats must confront satanists, online predators, the possibility of needing to survive in a post-apocalyptic wasteland, and countless other threats to their nine lives. For over four decades, the American Association of Patriots have stood at the vanguard of our country's defense by helping to prepare our nation's cat owners for the difficult conversations they dread having with their pets. Written in a simple Q&A format, How to Talk to Your Cat About Gun Safety answers crucial questions such as, "What is the right age to talk to my cat about the proper use of firearms?" and "What are the benefits of my cat living a lifestyle of abstinence?" and especially "Why does my cat need to use the internet? Can't he just play with yarn like cats used to do?" Our country—and our cats—stand at a precipice. It will take courage, and it will take hard work, but armed with the knowledge within these pages, we can make our cats—and

America—great again!
