Short Story Press Presents Dead Shot Clock Short Story Press,Blaise Marcoux,2012-05-06 Short Story Press Presents Dead Shot Clock by Blaise Marcoux. Years ago, Mayan demons invaded Earth, first with zombie foot soldiers, then in person, forcing humanity into submission. Without warning, the demons retreated to their realm, with most of humankind bewildered as to why. Little does the average person know that the government bartered a treaty with the demons. Every year, five teams of fourteen-year olds, each from a different continent, must play basketball with the demons in a game that will decide whether humanity stays safe... or another hellish invasion begins. This story follows one such team's game. • Jacob, the team's captain, has a violent fit alone in the team's practice gym's locker room. His skin grays, he has seizures, and his organs rot before he manages to stave off the symptoms with a self-administered injection of an unspecified solution. • He joins his impatiently waiting team and gets on the bus headed toward the annual game. The other players are introduced: Emma, Carlos, Daequan, Deandre and Dewayne, and Eric. • The team meets Colonel Rodriguez. He explains the treaty with the demons and the team's role in defending Earth along with a quick brush up on the demon's history with the Mayans. During his presentation, he lets slip that humanity has reclaimed some of the zombies from the demons using antidotes. Jacob uncomfortably stays silent. • The team is escorted to the court where they will play the demons. In the locker room, Jacob reencounters evidence of his earlier episode and starts changing into a zombie again. He antidotes himself just in time, but the team knows his secret now and decides not to let him play the game with them. They leave him alone in the locker room. • At halftime, the team returns battered and bruised from the first half. Humanity is losing by ten. Eric is dead, killed by a demonic flagrant foul. Jacob's teammates beg him to play, a request he quickly accepts. Jacob fights alongside his teammates to even the score. The clock ticks down, almost at zero. Humanity cannot tie without consequences. A demon eyes Jacob malevolently as the boy stares down the basket. Jacob's skin goes pale. Will he score the winning basket, saving humanity? Will the demon rip him to shreds like it did Eric? Worse yet, will Jacob succumb to the monster inside him and let down his team for good? What happens next when all the world has is a Dead Shot Clock? Short Story Press publishes short stories written by everyday writers.

Ed Pinckney's Tales from the Villanova Hardwood Bob Gordon,Ed Pinckney,2004 Take a bunch of nice kids, dump in gobs of fiery Italian seasoning, mix in copious measures of robust Augustinian teaching, and stir gently for four years. That's the winning recipe that transformed April Fool's Day 1985 into a feast for underdogs and everymen everywhere. March Madness maddened to the max that year with the crowning of perhaps the NCAA Tournament's most unlikely champion, the Villanova Wildcats. The most unlikely and perhaps the most liked team to ever win the championship, the Villanova kids won the nation over with courtesy and class more than jump shots and slam dunks. The NCAA final was supposed to be a slam dunk for Georgetown, the defending national champions. But 'Nova never buckled under Hoya Paranoia, the fear factor that paralyzed most Georgetown opponents in the John Thompson era. Paternal coach Rollie Massimino drilled commitment, loyalty, and honor into his family as much as Xs and Os. The result was a poised, disciplined, and undaunted quintet who played what some have called the perfect basketball game where they sizzled the cords with unprecedented 78.6 percent shooting accuracy. Wildcat icon Ed Pinckney, along with teammates and other members of Coach Mass's family, relate the tale of how Villa-nowhere, as the 'Cats were dubbed before April 1, fooled the whole world.

Shot Clock Blair Denholm,2021-04-13 With enough suspects to fill a stadium, Detective Jack Lisbon must race against time to find a cold and calculated killer. A popular sports coach lies shattered on the road. The brazen hit-and-run murder sends shock waves through Yorkville. After years of waiting, the struggling Scorpions basketball franchise is finally knocking on the door of its first ever championship title. The community of Yorkville is united behind the home team, spirits are high. But with the playoffs in sight, their coach Dale Collins is mowed down in broad daylight. The killers leave no trace - no DNA, no prints, no clues, nothing. Ex-boxer DS Jack Lisbon and his partner DC Claudia Taylor must unravel dark secrets and long-standing grudges to peel back the layers of this baffling mystery. If those obstacles aren't enough, Jack has to battle his own personal demons that threaten to cripple him at every turn. With the long list of suspects all harboring a motive, Detectives Lisbon and Taylor pull no punches to find the killers. Justice served with a side order of vengeance. Shot Clock is the second full-length novel in the stunning Fighting Detective thriller series. Perfect for fans of Jo Nesbo, Val McDermid and Ian Rankin. What readers are saying about Shot Clock Slam dunk. Another ripping yarn featuring Jack Lisbon. If you like action-packed, page-turning thrillers with an irreverent twist, then this will be right up your street. - Goodreads reviewer This crime thriller is action-packed and fast-paced with murder, multiple suspects, and mystery. - Booksprout reviewer Denholm always does a great job of blending the fun of sports with the best parts of vigilante detective thrillers. Lisbon is always such a great character, but this addition really adds a new shade of depth to his character that really drew me in. If you love gritty crime mysteries or sports, come dribble your way to the truth with Shot Clock! - Goodreads reviewer Setting, characters, story, pace and outcome - all worked well for me here. I enjoy Denholm's writing with the insertion of some humor at times into the situations Lisbon finds himself in. I think these characters have legs. Hopefully he has plenty more Lisbon tales to tell in the future. - Col's Criminal Library Another fabulous book from this talented author. I'm so glad that I discovered this series, Jack Lisbon is a legend. He has his own style of policing, and he's always on the verge of saying or doing the wrong thing. However, he's relentless and brilliant at what he does. Blair Denholm has put together a great group of characters, along with a very entertaining plot. Loved it. - Goodreads reviewer

Danny Biasone Donald B Davis,2022-08-26 The NBA today is a quick-moving game, where groups never come near a shot clock infringement. This was the specific inverse of how the game was played during the 1990s and mid-2000s. The groups took as much time as necessary, attempting to track down the most ideal matchup in the half-court. The shot clock quite often gave off an impression of being running down before a group made their effort during that period. The two styles of play are perfect, and everything relies upon which speed of play fits more, however, you would prefer. My inquiry is, do any of you out there know who the individual was that made the shot clock? On the off chance that you don't know, no issue, you've come to the perfect locations. The individual who made the shot clock in the NBA was a man by the name of Danny Biasone. The tradition of Danny Biasone and his effect on the sport of b-ball could best be estimated in 24 seconds. Biasone, the organizer and proprietor of the NBA's Syracuse Nationals, thought of the possibility of the 24-second shot clock in 1954 and immediately persuaded NBA metal that the clock was the way to accelerate the game. This Book was written with a lot of research and correct information gathered. A copy will give you a lot of correct insight about Danny Biasone. Get yourself a copy.

The Rise of the National Basketball Association David George Surdam,2012-10-23 Today's National Basketball Association commands millions of spectators worldwide, and its many franchises are worth hundreds of millions of dollars. But the league wasn't always so successful or glamorous: in the 1940s and 1950s, the NBA and its predecessor, the Basketball Association of America, were scrambling to attract fans. Teams frequently played in dingy gymnasiums, players traveled as best they could, and their paychecks could bounce higher than a basketball. How did the NBA evolve from an obscure organization facing financial losses to a successful fledgling sports enterprise by 1960? Drawing on information from numerous archives, newspaper and periodical articles, and Congressional hearings, *The Rise of the National Basketball Association* chronicles the league's growing pains from 1946 to 1961. David George Surdam describes how a handful of ambitious ice hockey arena owners created the league as a way to increase the use of their facilities, growing the organization by fits and starts. Rigorously analyzing financial data and league records, Surdam points to the innovations that helped the NBA thrive: regular experiments with rules changes to make the game more attractive to fans, and the emergence of televised sports coverage as a way of capturing a larger audience. Notably, the NBA integrated in 1950, opening the game to players who would dominate the game by the end of the 1950sdecade: Bill Russell, Elgin Baylor, Wilt Chamberlain, and Oscar Robertson. Long a game that players loved to play, basketball became a professional sport well supported by community leaders, business vendors, and an ever-growing number of fans.

Take a Shot! Jake Steinfeld,Dave Morrow,2012-08-15 *Take a Shot!* is the incredible true story of how three unlikely partners—world-famous fitness icon Jake Steinfeld, former Princeton University lacrosse star Dave Morrow, and son of a TV preacher Tim Robertson—broke all the rules and beat all the odds to create Major League Lacrosse. This book will take you on a roller-coaster ride through the ups and downs of starting a business—and not just any business, but a professional sports league built around America's oldest and most tradition-bound game. Today, Major League Lacrosse is entering its 12th season, and the sport has exploded

into the fastest-growing game in the U.S. But it wasn't always that way . . . not even close. For four crazy, chaotic years, from 1998 to 2001, Jake, Dave, and Tim faced enormous obstacles and endless challenges in their lonely battle to make their lacrosse dream come true. From the earliest inspiration—Jake's chance reading of a magazine article that got the ball rolling—to the wild search for investors and owners, to the insane setbacks that nearly derailed the league time and time again, to the emotional and triumphant debut of Major League Lacrosse, *Take a Shot!* is an action-packed, thrill-a-minute adventure story. But this book is also about friendship under fire. It tells the tale of three men from vastly different worlds—Jake, the brash Hollywood icon and driving force behind Major League Lacrosse; Dave, a shy Ivy Leaguer from blue-collar Detroit and the ultimate fish out of water; and Tim, the son of TV evangelist Pat Robertson and a multimedia mogul—who teamed up to try the impossible: start a professional sports league from scratch at a time when other leagues were crashing and burning around them. When Jake recruited Dave to be his partner, neither had any idea what was in store for them, nor what it took to start something like this (after all, who does?). But they had something more important: a gut instinct that, from day one, they could always trust each other. And so, with only a handshake, they ignored all the naysayers who warned them that they were doomed to fail and together built Major League Lacrosse, weathering every crisis and shrugging off each disaster along the way. And in the process, their partnership evolved into an enduring friendship, as Jake helped Dave blossom into a big-time entrepreneur, and Dave—at a crucial moment with everything on the line—came out of his shell and justified Jake's relentless faith in him.
