Tree Shaker Bill Keller, 2008 Without deifying its subject, this biography looks at the life of Nelson Mandela, placing his awe-inspiring political accomplishments into historical context for young readers.

Rose's Vintage Kayte Nunn, 2016-04-18 With her heart in tatters after a relationship break-up, Rose Bennett swaps her hometown of London for the sunny shores of Australia – but she arrives to find the Shingle Valley shrouded in winter. As the weather improves, Rose starts to unlock the secrets of the valley – from bonfire ceremonies and wine-making traditions to eccentric locals and their histories. Despite herself, Rose starts to fall in love: with the valley, the wines, the two children she's helping to look after – and with the handsome and brilliant Mark Cameron, owner of the troubled Kalkari Wines estate. What will happen when Mark's estranged wife, the tempestuous Isabella, returns? Will Rose find a future in the Shingle Valley, or will she be forced to leave? 'Some books, like wine can be sipped - but I had to gulp this novel down! It was delicious!' – Rachael Treasure

Macrocosm and Microcosm Rudolf Steiner, 1986-09

The human life alternates between the great,

external macrocosm and the invisible inner microcosm. Steiner discusses the various paths of self-development that lead across these two thresholds and to the transformation of human soul-forces into spiritual organs of perception. A brief synopsis: The world behind the tapestry of sensory perceptions; human life between macrocosm and microcosm. The planets and their connection with our sleeping and waking life; consciousness soul, mind soul, and sentient soul. The inner path of the mystic; the cycle of the year; the ability to see through matter; the greater guardian of the threshold. The nature and development of human soul faculties; the lesser guardian of the threshold; the sun at midnight; the results of sins of omission. The Egyptian mysteries of Osiris and Isis; initiation experiences; the Rosicrucian path; mystics of the Middle Ages. Initiation in the northern mysteries; the necessity of suppressing the ego; conscious assent into the macrocosm and the higher worlds; the world of archetypal images. The four spheres of the higher worlds; the threshold of the spirit world; forces for developing clairvoyant consciousness in the world of archetypal images. The macrocosm mirrored in the human being; the nervous system as an inner solar system; the image of purified blood and the conquest of our lower nature in the symbol of the Rose Cross. Spiritual organs of perception and the strengthening powers of sleep; the thinking of the heart; the ego viewed from twelve perspectives. Reading the akashic record; the transition from intellect to heart thinking; four-dimensional space; intellectual questions have no meaning in

relation to conditions before the intellect itself existed. Human and planetary evolution; adaptation to the different states of Earth's existence; the breathing process should not be influenced directly unless knowledge has become prayer.
