Skin Stealers A. S. Olsoune,2016-10-05 PART ONE OF THE FIRST INSTALLMENT OF THE DREAD WORLD QUARTET, SKIN STEALERS: In one night, Ebony Lyre's life is turned upside-down, shaken up, and stomped on. It all started as a grad party-and a pretty tame one at that, all things considered. A sophomore herself, Ebony only tagged along for the ride with her older sister; for the first few hours, she was glad she did. And then...instant regret. Suddenly, Ebony is thrust from college life into a world of monster hunters who have dedicated their lives to quietly killing the things that go bump in the night. But even though they've sworn to protect humanity, Ebony's not sure if she wants to trust these so-called heroes-especially the brooding Nathan Helsing, who insists the life of a monster hunter isn't for him. Still, it isn't as if she has much of a choice, because these hunters aren't tracking down werewolves with silver bullets or exorcising ghosts from haunted houses just now-they're fixed on the intrusive Skin Stealers, a parasitic race that will do anything to live another day. And apparently, Ebony has something they want...

King of Nod Scott Fad,2023-10-10 "Folks say evil can't cross water," she told the boy, "which is why islands is ripe with all kinds'a inbred nastiness." □Sweetpatch Island, South Carolina, 1971. For young Boo Taylor it's a land of lush salt marshes and sun-soaked beaches, rich in history and folklore-yet steeped in superstition and hiding a terrifying secret. After twenty years of self-imposed exile, Boo is summoned home to Sweetpatch upon news of his father's strange death to face the friends and enemies of his youth, including his long-forsaken love. It seems everything he ran away from-the bigotry, the violence, the betrayal-has been buried under a modern landscape of golf courses and luxury hotels. Yet his homecoming reawakens the ancient forces that haunt the island and seek to right a centuries-old crime. Scott Fad's Southern Gothic masterwork, King of Nod, layers time and secrets in an intricate pattern of half-truths and glimpses of redemption to unravel the island's great mystery-and its inexorable connection to Boo's own fate.

Her family is pestering her to visit. And she's struggling to fit in with the group of vampires that invited her to join their conclave. She hears it when her blood sings and feels it when her gut twists, fighting a losing battle against the monster inside. The monster she's doomed to become. And now bodies are turning up, sucked so dry they look like mummies. It's not the gargoyles: they leave a mangled, gnawed-on corpse...if they leave a corpse at all. Instead, a new evil stalks the night. The best clue to its identity are the dying words of a homeless man, raving about the reign of night, the death of light and a blade of darkness. Can Mina unravel the riddle, find this new evil and save her friend without releasing the monster inside?

Learning to Teach in Urban Schools Etta R. Hollins,2012-03-22 This book is about the transition from teacher preparation to teaching practice in urban school settings. It provides a clear presentation of the challenges, resources, and opportunities for learning to teach in urban schools; examples of the experiences, perceptions, and practices of teachers who are effective in urban schools and those who are not; a detailed account of the journey of a team of teachers who transformed their practice to improve learning in a low performing urban school; an approach that can be used by novice teachers in joining a teacher community and making the transition from preparation to practice; and perspective on leadership that can be used to create a context for transforming teacher professional development in an urban school district.
