**Addiction by Design** Natasha Dow Schüll, 2014-05-11 Recent decades have seen a dramatic shift away from social forms of gambling played around roulette wheels and card tables to solitary gambling at electronic terminals. Slot machines, revamped by ever more compelling digital and video technology, have unseated traditional casino games as the gambling industry's revenue mainstay. *Addiction by Design* takes readers into the intriguing world of machine gambling, an increasingly popular and absorbing form of play that blurs the line between human and machine, compulsion and control, risk and reward. Drawing on fifteen years of field research in Las Vegas, anthropologist Natasha Dow Schüll shows how the mechanical rhythm of electronic gambling pulls players into a trancelike state they call the machine zone, in which daily worries, social demands, and even bodily awareness fade away. Once in the zone, gambling addicts play not to win but simply to keep playing, for as long as possible--even at the cost of physical and economic exhaustion. In continuous machine play, gamblers seek to lose themselves while the gambling industry seeks profit. Schüll describes the strategic calculations behind game algorithms and machine ergonomics, casino architecture and ambience management, player tracking and cash access systems--all designed to meet the market's desire for maximum time on device. Her account moves from casino floors into gamblers' everyday lives, from gambling industry conventions and Gamblers Anonymous meetings to regulatory debates over whether addiction to gambling machines stems from the consumer, the product, or the interplay between the two. *Addiction by Design* is a compelling inquiry into the intensifying traffic between people and machines of chance, offering clues to some of the broader anxieties and predicaments of contemporary life. At stake in Schüll's account of the intensifying traffic between people and machines of chance is a blurring of the line between design and

experience, profit and loss, control and compulsion.

**Thanks for the Money** Joel McHale, 2016-10-25 From actor and comedian Joel McHale comes the most important celebrity-penned book of this, or any, generation. Part shocking tell-all memoir, part aspirational how-to guide, and mostly all book, this one-of-a-kind tome is required reading for anyone who enjoys Hollywood gossip, get-rich-gradually tips, and copious illustrations and charts. "...Thanks for the Money is a clever, much-needed antidote to the age of celebrity book deals. If the tide can't be stopped, at least it can be mocked."—EW.com Joel McHale pulls back the curtain on his personal journey to stardom! Here, for the first time, Joel reveals all that has molded him into the acclaimed comic actor he is today: a love of performance, a series of boyhood head injuries, and most importantly, a passion for financial compensation and free shoes. It's all here: Joel's career trials and tribulations, his criminal trials and tribulations, and an honest, unflinching list of all the people he's been paid money to make out with, on camera. But the book does not stop there! Because if you want wealth, fame, and cost-free footwear, Joel will share every vital tip he has learned: an insanely low-carb diet plan, how to escape from a certain pseudo-religious celebrity cult, and more! How can you unlock the power of the Joel McHale who lurks inside? What happened when Joel fought his *Community* co-star Chevy Chase? And hey, while we're at it, what's up with Joel's hair—really? All will be revealed, within the pages of *Thanks for the Money*. Buy now, and receive—as a special bonus—an email receipt that details your purchase!

**Double Down on Your Data** Clive J. Pearson, 2012-09-25 Gambling has been with us since ancient times and it is unquestionably here to stay. Although Poseidon, Zeus and Hades may no longer be dividing the world up in a game of dice, flocks of tourist still flood through the gates of Las Vegas' Caesars, Atlantic City's Taj Mahal and Macau's oddly named casino Greek Mythology. In Double Down On Your Data, author Clive Pearson reveals that we have entered a brave new world of gambling and entertainment, a world where casino executives can cull through their casino's in-house patron data and discover who are their most profitable patrons. Armed with this information, these casino executives can then market to their most valuable patrons in a highly personal way, thereby creating a long and lasting — and usually highly profitable — relationship. Double Down On Your Data teaches casino executives how best to manage their customer relations as today they are faced with a gambler who is much more sophisticated than the ancient Roman soldier who tossed a coin in the air and called Heads or Ships.

Trumped! John R. O'Donnell James Rutherford, 2016-03-23 ON TOP OF THE WORLD ... IN A HOUSE OF CARDS The tabloids tracked his every move. The business magazines predicted his demise. And the public couldn't get enough. But the only people privy to Donald Trump's real story were the members of his inner circle—men such as Jack O'Donnell, a top executive at Atlantic City's Trump Plaza Casino until April, 1990. For three years O'Donnell witnessed the goings-on in the House of Trump that the people only guessed at. Now he reveals what he saw. Here's the inside story of Trump's legendary tirades, his convenient forgetfulness, and the infamous Donald Trump ego. O'Donnell tells how the Plaza staff catered to Trump's personal whims, and to those of his mistress—and how the man who built the largest gambling hall in the world knew little about running a casino. From the hypocrisy, bad deals, and the monumental debt to the untold tales of Marla and Ivana, Trumped! rips the mask off the mighty Trump facade—revealing a man whose castle is about to collapse.

King of the Slots Jack Harpster, 2010-05-05 This book offers the first full-length biography of the man often described as one of the most influential and innovative people in the gaming industry over the past 50 years. **Digital Gambling** César Albarrán-Torres, 2018-03-28 This book develops the concept of gamble-play media, describing how some gambling and gambling-like practices are increasingly mediated by digital technologies. Digital gambling brings gambling closer to the practices and features of videogames, as audio-visual simulations structure users' experiences. By studying digital gambling from media studies, videogame and cultural studies approaches, this book offers a new critical perspective on the issues raised by computer-mediated gambling, while expanding our perspective on what media and gambling are. In particular, it critically analyses terrestrial, mobile and online slot machines, online poker and stock trading apps through a selection of case studies.
