Blindsight Peter Watts,2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Through the Eyes of the Lizard Steven James Smith,2012-01-24 *Through The Eyes Of The Lizard*, a book conceptualized and written by Steve Smith is the Ralph Waldo Emerson of the pool and billiard world. Steve Smith, affectionally known as sneaky Lizard explains and demonstrates the metaphysical-spiritual sense of competitive pool combat always knowing he will win and take down the money. Sneaky Lizard, writes from his heart, and soul and is completely truthful with respect to all the events and characterization throughout the book. Steve Smith is a genius, even as a pool hustler. As Emerson stated: Each of us has been born with a genius. There is something that each of us do very well. It has been assigned to us, and yet many of us every really pause in life to discover it deeply and then apply the other necessary ingredient. And that is drill. That is practice. That is taking that which is good and making it great. That is pursuing your niche. That is unveiling your uniqueness. That is finding your voice and learning how to vocalize -not like everybody else- but your way. that requires you to at times to swim upstream, to go against the flow, to stand out in the crowd declaring--Here I am, here is what I offer to create a much better world, -that is now better because I have not hidden my gift--and have risked rejection by bringing it forth in public. Smokescreen Kevin A. Sabet,2021-04-20 From the leading authority on marijuana—a man who has served as White House advisor on drugs to three different administrations and who NBC News once called “the prodigy of drug politics—comes the remarkable and shocking exposé about how 21st century pot, today’s new and highly potent form of the drug, is on the rise, spreading rapidly across America by an industry intent on putting rising profits over public health. *Smokescreen: What the Marijuana Industry Doesn't Want You to Know* examines the inside story behind the headlines, containing accounts from Sabet’s time in the Obama administration to stunning revelations from whistleblowers speaking out for the first time. What it finds is how the marijuana industry is running rampant without proper oversight, leaving Americans’ health seriously at risk. Included are interviews with industry insiders who reveal the hidden dangers of a product they had once worshipped. Also contained in these pages are insights from a major underground-market dealer who admits that legalization is hastening the growth of the illicit drug trade. And more to the heart of the issue are the tragic stories of those who have suffered and died as a result of marijuana use, and in many cases, as a result of its mischaracterization. Readers will learn how power brokers worked behind the scenes to market marijuana as a miracle plant in order to help it gain widespread acceptance and to set the stage for the lucrative expansion of recreational pot. The author of this compelling first-person narrative leading the national fight against the legalization of cannabis through his nonprofit, Smart Approaches to Marijuana (aka SAM) is Kevin Sabet. As a policy advisor to everyone from county health commissioners to Pope Francis, and a frequent public speaker on television, radio and through other media outlets, his analysis is consistently relied upon by those who recognize what’s at stake as marijuana lobbyists downplay the risks of massive commercialization. A book several years in the making, filled with vivid characters and informed by hundreds of interviews and scores of confidential documents, Sabet's *Smokescreen* lays bare the unvarnished truth about marijuana in America.
