25 1v1 Soccer Games Darren Laver,Gareth Long,2015-10-12

Welcome to 25 1v1 Soccer Games which contains coaching games to help you develop players' attacking and defensive skills in 1v1 situations. The games are designed to be flexible so you can adapt them to your players' needs and focus on different aspects of 1v1s, but they can also be easily extended to 2v2 or similar. The development of 1v1 skills is vital as all players must be able to be successful in these situations all over the pitch. Whether receiving the ball in tight midfield areas like Iniesta, taking on a defender like Ronaldo, or being the last defender like Sergio Ramos, players who can dominate in 1v1s are vital to their team. To be successful in 1v1s, players need to practice these situations regularly. Luckily players will enjoy practicing this aspect of football. Informal street games of 'Wembley/World Cup' have long contributed to the development of players' 1v1 skills, as have street versions of 'Panna competitions'. Alongside these we believe the coach can contribute to the development of these skills by including them within the coaching session. By influencing an environment in which players are encouraged to be creative, competitive and allowed to take risks, coaches are able to help players become confident in their 1v1 skills. This book gives you some great ideas by allowing players to create, experiment and perfect their 1v1 skills.

How To Improve Your Soccer Team Players - Elite Book For Elite Player Raed Thaher,

Rondo Soccer Drills Chest Dugger, 2021-06-12 Have you wondered how Pep Guardiola's teams have dominated European leagues for the last two decades? Not only is the answer simple; it's something that you can use to take your game and your team's game leagues above your opposition... The key to Pep's success at Barcelona and Manchester City is the Rondo. Rondos have transformed modern football. Not only have Rondos helped Pep dominate European football, they've helped turn the Spanish national team into the best in the world. The system behind Rondos was the beating heart of the brilliant Barcelona teams, which dominated Europe for a decade from 2005. They made soccer even more exciting to watch, improving players' technical ability and creating a proper, total football (in the European sense) game. Their approach was reminiscent of the fantastic Ajax team of the 1970s and the great Dutch teams of that era. They led to the excitement of the high press and the thrilling soccer, which follows when the press is defeated. They proved the benefit of

technique over physical prowess. So, what is this miracle of the training pitch which has so transformed the game of soccer? The beauty of the rondo is its simplicity. It is a drill where the objective is to retain possession. As rondo drills become more complex, this aim might develop. It might be about keeping possession in transition or maintaining possession to create a goal-scoring opportunity. However, at its heart is the objective of one side keeping hold of the ball. A second key element of a rondo is that the sides are uneven. One team has extra players. It can take a form as exaggerated as 10 v 1, or as close as 5 v 4. However, the point is that some pressure is applied, but not so much as to make the drill difficult to perfect. Thus, confidence grows, and in turn, touch and vision. A rondo is usually a drill that takes place in a limited space; typically a circle, square or rectangular grid. Thus first and second touches are perfected because there is not much time to take many touches. Finally, and crucially, rondos are drills that are fast and fun. They involve lots of touches for the players in possession and a real sense of achievement on the rare occasions that the smaller side actually wins back the ball. So simple. Yet so effective. This coaching book celebrates the rondo and offers drills, tactics, and coaching techniques to help soccer players at any level, from the unbounded enthusiasm of Under 6s to the worldly view of veteran teams. From the pub side who turn out on a Sunday morning, cooked breakfast weighing heavily on their hangover-infused stomachs to the champion youth team of the region. We can all improve as coaches and players. The rondo is the system that enables progress to happen more quickly and efficiently than any other soccer coaching strategy. Even if you haven't heard of Rondos before, you'll gain a lot from this book. Order Now.....

Soccer Book For Young Player Everything Kids Ages 8 To 12

Need To Know To Play Smarter, More Enjoyable Soccer Alden

Buschmann,2020-12-08 Soccer is the second most popular sport for kids in the United States (shhh, don't tell football fans). But in the '90s there were no movies or soccer books for kids. In the '90s, soccer was still scoffed at and spurned as a girl's sport. But NOW, after the U.S. women's team won the World Cup in 2015 and a gold medal in London, and international soccer games have become more accessible with the internet, soccer is cool, and there are books about soccer, and people proudly wear soccer jerseys, and go to professional soccer games, and it's awesome! If your kid loves soccer, and you're looking for something for them to read, don't worry this Soccer book is for you and your kids In this book the authors preps young players to be their best by sharing soccer secrets, exercises, and tricks for kids to develop their skills on the field, with: - Basic to advanced techniques so kids can move at their own pace - Player profiles highlighting six superstar soccer players (including Lionel Messi and Alex Morgan) - Playbook essentials featuring color photos and custom diagrams - Need-to-know terms to crack the code of fundamental soccer definitions Soccer fans will improve their game, play smarter, and have more fun with Soccer for Kids.

Intelligent Soccer Training Fabian Seeger,Andree

Fincke,2020-01-01 Intelligent Soccer Training is the follow-up book to The Soccer Games and Drills Compendium: 350 Smart and Practical Games to Form Intelligent Players. In this companion, you will find 150 training exercises that teach the basic tactical and technical skills of modern soccer, including running behavior (running, chasing, and catching); ball techniques (ball control, dribbling, first-touch control, passing, and shooting); group tactics; various games entries; as well as how to improve action speed and game intelligence. With its wide

range of information, the book is useful for all playing ages and performance levels. Intelligent Soccer Training veers from known training content and instead presents innovative and modern training forms of basic training, developing new forms and extending the range of exercise and play for the interested trainer. Ultimately, trainers should get to know new exercises and modern and additional forms of play to expand their repertoire to be able to offer varied and motivating training for their players, and this book helps them do that. The theory of intelligent training, which follows the practice-oriented section, further answers questions about training and competition. In this section, you will learn all there is to know about talent definition, talent development, management composition, teaching and learning techniques, game system, position specifics, and training atmosphere. With this book, all players and coaches will have the knowledge and skills needed to excel at the game of soccer.

Soccer Mastery Chest Dugger, 2019-05-24 What do Pearl Harbor, McDonald's, Graceland and a soccer game have in common? The mind thinks between 60,000 - 80,000 thoughts a day. That's an average of 2500 - 3,300 thoughts per hour. Yet most of those thoughts happen unconsciously and dictate your behavior. People act based on their unconscious habits and you end up... ..biting your nails while you wait for the next epiphany ...avoiding eye contact with the people next to you on the bus ...eating junk food to reward yourself for the hard work you have done Not all habits are bad, but a lot of them can be the reason why you are stuck in the same routine and making the same mistakes over and over again in your soccer game. Soccer is a game of habits. It's as simple as 1+1. The right habits create players who win. And the wrong habits get punished once your opponent intercepts the careless pass you continue to make over and over again.

Mastering your soccer game means stepping out of the hamster wheel you've been living in for years. If you want to instantly level up your game, all you need to do is follow the simple formula of strategies to improve your habits you never even notice. Being a winning soccer player requires more than kicking the ball on a green grass field. Soccer is a lifestyle and shows up in many unexpected areas of your life. You will be speechless once you discover how you can improve your soccer skills while at work, while brushing your teeth or while waiting for the bus. Mastering the most popular sport in the world requires more than using muscle strength and the right technique...a lot of people are not even aware of what part of their game they need to work on. Soccer is one of the fastest, most unpredictable and complex games in the world. Therefore, you have to make sure you always stay in control and think one step ahead of your opponent. In Soccer Mastery, you'll discover: How a happy meal turned into a horror meal for soccer players The magical hawk-eye of soccer to prevent failure How numbers rule the game Which tool your coach uses to predict the game (one hint: he doesn't need to be a soccer expert) How to be in the right place at the right time and turn a pass into a winning goal The most overlooked factors to help you reach the next league Why Sergio Ramos is the Real Madrid center back and how you can transfer this knowledge into your next game Exactly what scouts are looking in a future World Cup player How a mug and a toothpick can maximize your peripheral vision And much more. Even if you don't plan to make it to the UEFA Champions League, you still want to be the best player on the soccer field. If you are passionate enough about the game, you don't want to trust your gut when it comes to the next match and you want to ensure that you are taking the right steps to move your game to the next level...
