

Song Bobble Pop

Meghan McCarthy

POP! Kimberly Brubaker Bradley, 2001-09-04 Bubbles
What are bubbles made of? Why are they always round?
Read and find out about the science behind soap bubbles,
and learn why bubbles always go POP!

Soda Pop Head Julia Cook, 2011-09-01 There goes
Lester. Watch him fester. His ears start to fizz. He gets mad
as a griz. His face turns red. He's a Soda Pop Head. You just
never know when Lester will blow. His cap will go flying. If it
hits you, you'll be crying, so you'd better stay away from
Lester today! His real name is Lester, but everyone calls
him Soda Pop Head. Most of the time he's pretty happy, but
when things seem to be unfair his ears gets hot, his face
turns red and he blows his top! Lester's dad comes to his
rescue by teaching him a few techniques to loosen the top
and cool down before his fizz takes control. Soda Pop Head
will help your child control his/her anger while helping them
manage stress. It's a must for the home or classroom.

Bubblegum Music is the Naked Truth Kim Cooper, David
Smay, 2001 Essays look at the characteristics, development,
and artists of the bubblegum pop music genre, from the
Archies and the Cowsills in the 1960s to Tiffany in the 1980s
and Britney Spears in the 1990s.

Doing Dialectical Behavior Therapy Kelly
Koerner, 2012-02-01 Filled with vivid clinical vignettes and
step-by-step descriptions, this book demonstrates the nuts
and bolts of dialectical behavior therapy (DBT). DBT is
expressly designed for--and shown to be effective with--
clients with serious, multiple problems and a history of
treatment failure. The book provides an accessible
introduction to DBT while enabling therapists of any
orientation to integrate elements of this evidence-based
approach into their work with emotionally dysregulated
clients. Experienced DBT clinician and trainer Kelly Koerner

clearly explains how to formulate individual cases; prioritize treatment goals; and implement a skillfully orchestrated blend of behavioral change strategies, validation strategies, and dialectical strategies. See also *Dialectical Behavior Therapy in Clinical Practice, Second Edition: Applications across Disorders and Settings*, edited by Linda A. Dimeff, Shireen L. Rizvi, and Kelly Koerner, which presents exemplary DBT programs for specific clinical problems and populations.

Globalization and Popular Music in South Korea Michael Fuhr, 2015-06-12 This book offers an in-depth study of the globalization of contemporary South Korean idol pop music, or K-Pop, visiting K-Pop and its multiple intersections with political, economic, and cultural formations and transformations. It provides detailed insights into the transformative process in and around the field of Korean pop music since the 1990s, which paved the way for the recent international rise of K-Pop and the Korean Wave. Fuhr examines the conditions and effects of transnational flows, asymmetrical power relations, and the role of the imaginary other in K-Pop production and consumption, relating them to the specific aesthetic dimensions and material conditions of K-Pop stars, songs, and videos. Further, the book reveals how K-Pop is deployed for strategies of national identity construction in connection with Korean cultural politics, with transnational music production circuits, and with the transnational mobility of immigrant pop idols. The volume argues that K-Pop is a highly productive cultural arena in which South Korea's globalizing and nationalizing forces and imaginations coincide, intermingle, and counteract with each other and in which the tension between both of these poles is played out musically, visually, and discursively. This book examines a vibrant example of contemporary popular music from the

non-Anglophone world and provides deeper insight into the structure of popular music and the dynamics of cultural globalization through a combined set of ethnographic, musicological, and cultural analysis. Widening the regional scope of Western-dominated popular music studies and enhancing new areas of ethnomusicology, anthropology, and cultural studies, this book will also be of interest to those studying East Asian popular culture, music globalization, and popular music.

Focus On: 100 Most Popular Billboard Mainstream Top 40 (Pop Songs) Number-one Singles Wikipedia contributors,

The BIG Book of Stories, Songs, and Sing-Alongs

Beth Christina Maddigan, Roberta E. Thompson, Stefanie Drennan, 2003-06-30 Anyone who works with the very young will delight in this charming treasury of age-appropriate programming ideas for children from as young as 6 months through age 3. Unlike many other children's programming guides, this one takes a literature-based approach, offering a dynamic mix of stimulating activities that center around books and give young children a head start on literacy. Promote lifelong reading and library use with these exciting programs for infants, toddlers, and their families, and enhance children's capacity for learning with a myriad of stories, songs, and sing-alongs! Anyone who works with the very young will delight in this charming treasury of age-appropriate programming ideas for children from as young as 6 months through age 3. Unlike many other children's programming guides, this one takes a literature-based approach, offering a dynamic mix of stimulating activities that center around books and give young children a head start on literacy. PreK. You'll find everything you need to run magnificent literature-based children's programs. For each age level (6-11 months, 12-23 months, 24-36 months, 36-48 months), the authors present

eight complete programs and provide specific instructions and guidance for working with each group. Adults will have as much fun as the children with such programs as Wiggle, Jiggle, and Bounce, Oink, Cluck, Moo, 1, 2, 3 Count With Me, and Monster Mash. A chapter on Family Fun addresses working with diverse ages and features eight family programs. Whether you're a novice or an experienced children's programmer, this book will help you offer quality programming and foster lifelong literacy in your community. Ages: Infant-3

Pop the Bubble! Mary Eakin, 2016-06-01 Do you want to make a bubble? Just open this book and embark upon a magical bubble adventure! Each delightful page instructs the reader to blow, shake, tickle, and anything could happen. Children will love creating a bubble, playing with it and of course they'll want to pop the bubble! Encouraging imagination with exciting interactive elements will make this a wonderful read-aloud experience.

Discourse and Creativity Rodney Jones, 2014-06-11 Discourse and Creativity examines the way different approaches to discourse analysis conceptualize the notion of creativity and address it analytically. It includes examples of studies of creativity from a variety of traditions and examines the following key areas, how people interpret and use discourse, the processes and practices of discourse production, discourse in modes other than written and spoken language, and the relationship between discourse and the technologies used to produce it. Discourse and Creativity combines a forward-thinking and interdisciplinary approach to the topic of creativity; this collection will be of great value to students and scholars in applied linguistics, stylistics, and communication studies.

K-pop Dance Chuyun Oh, 2022-07-01 This book is about K-pop dance and the evolution and presence of its

dance fandom on social media. Based on five years of ethnographic fieldwork, interviews, choreography, and participation-observation with 40 amateur and professional K-pop dancers in New York, California, and Seoul, the book traces the evolution of K-pop dance from the 1980s to the 2020s and explains its distinctive feature called 'gestural point choreography' – front-driven, two-dimensional, decorative and charming movements of the upper body and face – as an example of what the author theorizes as 'social media dance.' It also explores K-pop cover dance as a form of intercultural performance, suggesting that, by imitating and idolizing K-pop dance, fans are eventually 'fandoming' themselves and their bodies. Presenting an ethnographic study of K-pop dance and its fandom, this book will be a valuable resource for students and scholars of Media Studies, Korean Studies, Performance Studies, and Dance.

School Days Pam Schiller, Pamela Byrne Schiller, 2006 Presents songs and activities to teach children about starting school, the alphabet, the months of the year, and more.

Snuggle Puppy! Sandra Boynton, 2003-05-22 A great big hug in book form, *Snuggle Puppy* is a year-round valentine from parent to child. It is bright, chunky, a pleasure to hold, and has a die-cut cover that reveals a glimpse of the joy inside before it's even opened. Best of all, it's packed, of course, with pure Boynton: her inimitable language, her inimitable illustrations, her inimitable sense of fun. OOO, *Snuggle Puppy* of mine! Everything about you is especially fine. I love what you are. I love what you do. Fuzzy little *Snuggle Puppy*, I love you. Featuring a sweet and cuddly doggie cast and rhyming verse, *Snuggle Puppy* is the perfect bedtime book to read last, because of an ending that kids will want again and again: I started with OOO. . . . Now we'll end like this: [BIG SMOOCH!] Oversized lap

edition also available—perfect for reading aloud!

The Routledge Handbook of Digital Media and Globalization Dal Yong Jin, 2021-05-12 In this comprehensive volume, leading scholars of media and communication examine the nexus of globalization, digital media, and popular culture in the early 21st century. The book begins by interrogating globalization as a critical and intensely contested concept, and proceeds to explore how digital media have influenced a complex set of globalization processes in broad international and comparative contexts. Contributors address a number of key political, economic, cultural, and technological issues relative to globalization, such as free trade agreements, cultural imperialism, heterogeneity, the increasing dominance of American digital media in global cultural markets, the powers of the nation-state, and global corporate media ownership. By extension, readers are introduced to core theoretical concepts and practical ideas, which they can apply to a broad range of contemporary media policies, practices, movements, and technologies in different geographic regions of the world—North America, Europe, Africa, the Middle East, Latin America, and Asia. Scholars of global media, international communication, media industries, globalization, and popular culture will find this to be a singular resource for understanding the interconnected relationship between digital media and globalization.

Pop! Meghan McCarthy, 2011-04-05 Gum. It's been around for centuries—from the ancient Greeks to the American Indians, everyone's chewed it. But the best kind of gum—bubble gum!—wasn't invented until 1928, when an enterprising young accountant at Fleer Gum and Candy used his spare time to experiment with different recipes. Bubble-blowing kids everywhere will be delighted with Megan McCarthy's entertaining pictures and engaging fun

facts as they learn the history behind the pink perfection of Dubble Bubble.

Discourse Studies Teun A Van Dijk, 2011-03-11 A landmark in the oeuvre of one of the founding fathers of discourse analysis. Van Dijk has managed to edit a volume of lasting significance, and some of the chapters in this book belong to the most widely read in the field. In its totality, Discourse Studies offers us a 360 degree tour of the field... Nothing in this volume is dated, everything remains mandatory reading for every student and advanced practitioner. - Jan Blommaert, Tilburg University This very welcome updated second edition will allow Teun van Dijk's very popular Discourse Studies to consolidate its already strong and central position in the area. Featuring chapters written by so many of the leading scholars it will continue to be a stimulating and wide-ranging introduction to the discipline of discourse studies for new generations of students. - Malcolm Coulthard, University of Birmingham This book is the largest, most complete, most diverse and only multidisciplinary introduction to the field. A combined Second Edition of two seminal texts in the field (the 1997 titles Discourse as Social Interaction and Discourse as Structure and Process) this essential handbook: Is fully updated from start to finish to cover contemporary debates and research literature. Covers everything from grammar, narrative, argumentation, cognition and pragmatics to social, political and critical approaches. Adds two new chapters on ideology and identity. Puts the student at the centre, offering brand new features such as worked examples, sample analyses and recommended further reading. Written and edited by world-class scholars in their fields, it is the essential, one-stop companion for any student of discourse analysis and discourse studies.

Bubble Pop Pop Pop with Chrissy Benita

Griffin,2020-11-13 Have fun with Chrissy as she and her brother play with bubbles! Based on the poem, Chrissy Plays with Bubbles by Dr. Benita C. Griffin, SLP.D., CCC-SLP. Written and Illustrated by Dr. Benita C. Griffin

Focus: Music in Contemporary Japan Jennifer Milioto Matsue,2015-07-16 Focus: Music in Contemporary Japan explores a diversity of musics performed in Japan today, ranging from folk song to classical music, the songs of geisha to the screaming of underground rock, with a specific look at the increasingly popular world of taiko (ensemble drumming). Discussion of contemporary musical practice is situated within broader frames of musical and sociopolitical history, processes of globalization and cosmopolitanism, and the continued search for Japanese identity through artistic expression. It explores how the Japanese have long negotiated cultural identity through musical practice in three parts: Part I, Japanese Music and Culture, provides an overview of the key characteristics of Japanese culture that inform musical performance, such as the attitude towards the natural environment, changes in ruling powers, dominant religious forms, and historical processes of cultural exchange. Part II, Sounding Japan, describes the elements that distinguish traditional Japanese music and then explores how music has changed in the modern era under the influence of Western music and ideology. Part III, Focusing In: Identity, Meaning and Japanese Drumming in Kyoto, is based on fieldwork with musicians and explores the position of Japanese drumming within Kyoto. It focuses on four case studies that paint a vivid picture of each respective site, the music that is practiced, and the pedagogy and creative processes of each group. The downloadable resources include examples of Japanese music that illustrate specific elements and key genres introduced in the text. A companion website

includes additional audio-visual sources discussed in detail in the text. Jennifer Milioto Matsue is an Associate Professor at Union College and specializes in modern Japanese music and culture.

Automate This Christopher Steiner, 2012-08-30 The rousing story of the last gasp of human agency and how today's best and brightest minds are endeavoring to put an end to it. It used to be that to diagnose an illness, interpret legal documents, analyze foreign policy, or write a newspaper article you needed a human being with specific skills—and maybe an advanced degree or two. These days, high-level tasks are increasingly being handled by algorithms that can do precise work not only with speed but also with nuance. These “bots” started with human programming and logic, but now their reach extends beyond what their creators ever expected. In this fascinating, frightening book, Christopher Steiner tells the story of how algorithms took over—and shows why the “bot revolution” is about to spill into every aspect of our lives, often silently, without our knowledge. The May 2010 “Flash Crash” exposed Wall Street’s reliance on trading bots to the tune of a 998-point market drop and \$1 trillion in vanished market value. But that was just the beginning. In *Automate This*, we meet bots that are driving cars, penning haiku, and writing music mistaken for Bach’s. They listen in on our customer service calls and figure out what Iran would do in the event of a nuclear standoff. There are algorithms that can pick out the most cohesive crew of astronauts for a space mission or identify the next Jeremy Lin. Some can even ingest statistics from baseball games and spit out pitch-perfect sports journalism indistinguishable from that produced by humans. The interaction of man and machine can make our lives easier. But what will the world look like when algorithms control our hospitals, our roads, our

culture, and our national security? What happens to businesses when we automate judgment and eliminate human instinct? And what role will be left for doctors, lawyers, writers, truck drivers, and many others? Who knows—maybe there's a bot learning to do your job this minute.

K-pop Beyond Asia Song Cheol-min, 2016-01-15 In its incipient stages, Korean pop music was strongly influenced by Western pop music, diversifying through many stages of copying, translation, and interpretation from the early 20th century. Those unique creations by experimental and creative Korean artists are now being received by international audiences in the form of “K-Pop,” an abbreviation for “Korean pop.” It is spreading beyond the regions of China, Japan, and Southeast Asia and into Europe and the United States. It is increasingly gaining recognition as something more than just a fad—as a phenomenon that has staying power with global audiences. K-Pop Beyond Asia Background of the Growth of Hallyu Growth of the Entertainment Agencies at the Center of Hallyu Ballads and Dance Music Hallyu's Expansion into Asian Markets The 100-Year History of Korean Pop Music The First Korean Pop Music Overseas: “Arirang” Unstable Beginning after 1945 The Rise of the Eighth US Army Show The Vietnam War and Expansion into Southeast Asia Stepping Stone of Korean Pop Music's Overseas Expansion The Beginning of Hallyu and K-Pop Contemporary Korean Pop Music 2000: Rise of the First Generation of Idol Groups 2001: From Emotional Ballads to Hip Hop 2002: Dance and Vocal Artists 2003: Hyori Syndrome 2004: Korea's Three Major Record Companies and Their Artists 2005: Chart-topping Ballads 2006: The New Generation of Idol Boy Groups 2007: The New Generation of Idol Girl Groups 2008: Wonder Girls and Other Top Female Singing Groups 2009: The Meteoric Rise
