Technology For Transformation Libbi R. Miller, Daniel Becker, Katherine Becker, 2016-04-01 This book serves as a platform for educators and researchers to unite educational technology and social justice. While educational technology is a rapidly changing and progressive field of research and practice, it remains largely separate from education for social justice. Current literature about educational technology is often approached from a technical, how-to perspective that emphasizes ways to implement technology into the classroom. Technology is often viewed as inevitable, yet neutral and value-free. Educational technology, however, is anything but neutral. The contributors collectively advance a hopeful discourse by exploring the potential of technology as a vehicle to transform and emancipate, while not forgoing a critically reflective measure of self-conscious critique of our own role as educators, students, or scholars in oppressive silences, constraints and conditions. This edited collection makes an important and unique contribution to the field, as it will be the first published volume to detail research, theory, and practice regarding student use of technology in achieving liberatory aims since IAP's 2009 publication, *ICT for Education, Development and Social Justice*. The fields of educational technology and social justice are vast and applicable in many domains, including teacher education, graduate programs, and K-12 education. This work is intended to appeal to a diverse academic and professional audience of K-12 teachers, teacher educators, educational technology and social justice scholars, and policy makers. Scholars and academics instructing graduate-level educational technology courses can reference this edited collection as the most current text on socially just educational technology. Educational practitioners from teacher education programs and the K-12 sector may use this book as a source of ideas and inspiration to incorporate student use of technology toward emancipatory aims. This title could be adopted as a course text for both undergraduate and graduate education courses in: media literacy, digital literacy, distance education, education for social justice, and teacher preparation, and educational technology courses. Readers will also be able to use the book as a guide when critically analyzing their own professional practice, whether it is in research, working with K-12 students, or preparing future educators or scholars.

Android для пользователя. Полезные программы и советы. 2 изд. Колисниченко Денис Николаевич, 2014

Рассмотрены самые интересные, полезные и наиболее популярные среди отечественных пользователей Android-приложения. Даны советы, как превратить Android-устройство в пульт дистанционного управления компьютером, организовать покадровую съемку, загружать торренты, избавиться от рекламы в приложениях, экономить трафик, продлить жизнь аккумулятора и многое другое. Некоторые приложения, описанные в книге, требуют полномочий root, получению которых посвящена отдельная глава. Особое внимание уделено созданию своих собственных Android-приложений без знания языков программирования и рассмотрен проект App Inventor, позволяющий создавать приложения исключительно визуальными средствами. Во втором издании описаны новинки последних версий Android и новые программы MX Player, Яндекс.Метро, ES Проводник, One Click Root, рассмотрена публикация видео на YouTube, печать на беспроводном принтере, активация безопасного режима, отладка приложений по USB и многое другое.

Desarrollo ético de los profesionales de la contaduría y la administración Enrique Zamorano García, 2017-04-20 Esta obra fundamenta y señala directrices sobre los conceptos y principios de ética para el desarrollo del profesionista, en diversos ámbitos: en las universidades, en la práctica independiente, en las firmas profesionales y otras instituciones en las que preste sus servicios, en las empresas que tienen un núcleo de valores que sirven de base a todas sus acciones para alcanzar el éxito y el “reverso de la medalla”, así como en empresas con problemas por falta de ética. Estos capítulos se ilustran con casos obtenidos de la realidad, para que los ejecutivos, alumnos y profesores puedan analizarlos y discutirlos en sus aspectos éticos. En el capítulo de temas de ética de este libro se mencionan cuatro fenómenos que se han manifestado y generalizado en el entorno actual y que, en nuestro país, particularmente en las universidades, se requiere hacer conciencia y participar de manera intensa en el encuentro de una solución: educación, desempleo, pobreza y migraciones. Precisamente, este círculo se inicia con la educación, o más bien, con la falta o deficiencias de la educación y, sobre todo, con la formación ética dentro de la familia y en las escuelas primarias y secundarias que, consideramos, serían los antecedentes de las conductas observadas en los alumnos de las instituciones de educación media y superior. Asimismo, se describe un fenómeno amenazante: ética y medio ambiente. El autor expresa que el desarrollo ético de los profesionales es semejante a un camino largo y ascendente, al cual estamos invitados a emprender para vernos, al final del mismo, en la “cima de la montaña”, convertidos en profesionistas brillantes, dinámicos, triunfantes, que reflexionan sobre los valores de la esencia humana y los proclaman como valores básicos de una profesión, constitutivos de su fundamento, sólidos con su propósito básico y su razón de existir.

The Wrong Boy Suzy Zail,2013-07-01 "Being kissed by Karl Jager was devastating. And beautiful. War makes you do dangerous

things.” Hanna Mendel liked to know what was going to happen next. She was going to be a famous concert pianist. She was going to wear her yellow dress to the dance on Saturday night. But she didn’t plan on her street being turned into a ghetto. She didn’t plan on being rounded up and thrown in a cattle truck. She didn’t plan on spending her sixteenth birthday in Auschwitz, in a wooden barrack with 200 other prisoners. Most of all, Hanna didn’t plan on falling in love with the wrong boy. What happens when a Jewish girl falls in love with the German son of the camp commander? Award-winning Australian author Suzy Zail’s young adult fiction book, *The Wrong Boy*, paints a story of identity, romance, hate and loyalty alongside the historical backdrop of the Holocaust. This gripping novel about a teenage girl coming to terms with first love amid the confronting realities of a war-torn world will leave readers wanting more. Short-listed in the Older Reader’s category of the 2013 Children’s Book Council of Australia Book of the Year Awards “A compelling picture of life in a prison camp from the point of view of a determined but naïve teenage girl. Recommended.” – Aussie Reviews “Four stars ... From its opening page, the reader will feel empathy and heartache for those who suffered during this violent era.” – Read Plus “A roller-coaster ride ... This is a must read for any teenager or adult interested in the past, the tragedy of war or what happens when humans believe they are superior.” – Kids Book Review “Compelling reading ... Zail uses a deft hand.” – Buzz Words magazine “An addictive read, well-written and, in spite of the horror, warm-hearted.” – Around the Bookshops

Bedah Tuntas Fitur Android Dendy Triadi,2013-01-01 Gadget berbasis Android belakangan kian bersaing ketat dengan Operating System lainnya. Inovasi aplikasi gratis dan berbayar yang serbacepat menjadi keunggulannya. Oleh karena itu, tak heran bila anak-anak muda yang berjiwa dinamis menjatuhkan pilihan pada Android. Makin populer penggunaannya, makin banyak pula rasa ingin tahu yang muncul dari pengguna Android khususnya para pemula. Permasalahan klasik seperti fasilitas, fitur, dan aplikasi Android yang selalu update setidaknya menjadi kebingungan tersendiri bagi pengguna karena tiap permasalahan benar-benar diuraikan dan solusinya dipaparkan secara gamblang sehingga pengguna dan calon pengguna Android dapat memaksimalkan kemampuan operating system yang berintegrasi dengan Google ini. Buku terbitan GalangPress (Galangpress Group).

Video Marketing Essentials Videowaver Marketing, Video Marketing Essentials is the most holistic road map for any marketer to implement video content in their marketing strategy. While video is the most effective marketing tool, it is also the most complex type of content to create. Video Marketing Essentials will teach you how to create engaging, high-quality video content, with direct response marketing strategies. This book is accessible to everyone, from beginners to advanced marketers and it teaches everything, from brainstorming ideas to creating the actual pieces of content. Our team analysed the evolution of video marketing strategies in the last several years, which content drives more conversions and how do large brands use video for promotional purposes. This book is the result of more than a year of continuously updating information, explained in a very comprehensive way, so that getting started with video marketing is easy even for people outside the videography/video editing sphere.

Бизнес-журнал, 2009/01 Бизнес-журнал, Редакция,2009-01-01 «Бизнес-журнал» (www.b-mag.ru) – самое массовое всероссийское деловое издание, адресованное предпринимателям, управляющим собственникам и топ-менеджерам компаний. Выходит ежемесячно в более чем 20 регионах России общим тиражом около 100 тысяч экземпляров. Supply Chain Management Ray R. Venkataraman,Ozgun C. Demirag,2022-01-12 Supply Chain Management: Securing a Superior Global Edge takes a holistic, integrated approach to managing supply chains by addressing the critically important areas of globalization, sustainability, and ethics in every chapter. Authors Ray Venkataraman and Ozgun C. Demirag use a wide variety of real-world cases and examples from the manufacturing and service sectors to illustrate innovative supply chain strategies and technologies. With a focus on decision-making and problem-solving, Supply Chain Management provides students with the tools they need to succeed in today’s fiercely competitive, interconnected global economy.

Operations Management Ray R. Venkataraman,Jeffrey K. Pinto,2018-11-29 Operations Management: Managing Global Supply Chains takes a holistic, integrated approach to managing operations and supply chains by exploring the strategic, tactical, and operational decisions and challenges facing organizations worldwide. Authors Ray R. Venkataraman and Jeffrey K. Pinto address sustainability in each chapter, showing that sustainable operations and supply chain practices are not only attainable, but are critical and often profitable practices for organizations to undertake. With a focus on critical thinking and problem solving, Operations Management provides students with a comprehensive introduction to the field and equips them with the tools necessary to thrive in today’s evolving global business environment.

The Winner Stands Alone Paulo Coelho,2009-04-07 “[Coelho’s] special talent seems to be his ability to speak to everyone at once. The kind of spirituality he espouses is to all comers. . . . His readers often say that they see their own lives in his own books.” —New Yorker From the bestselling author of *The Alchemist*, Paulo Coelho, comes an absorbing new novel that holds a mirror up to our culture’s obsession with fame, glamour, and celebrity.

Out of the Lab and On the Market Tetsu Natsume,Mario Tokoro,2017-07-14 Tetsu Natsume of Sony Computer Science Labs (Sony CSL) has been pioneering technology promotion for a decade. As he seeks marketplace opportunities for ground-breaking research, he plays the role of a Technology Producer -- a role that will be increasingly important as organizations seek optimally efficient and effective applications of basic research. Natsume's task has been greatly facilitated by his association with Sony CSL, a research lab founded by co-author Mario Tokoro. While CSL is owned by SONY, it nevertheless operates almost entirely independently. At CSL, a diverse, cosmopolitan group of talented researchers are free to explore any idea that might one day change the world. Natsume's task is to optimise that process by identifying the best path to the market for the new insights that pour out of CSL. Functioning somewhat like a movie producer, Natsume has blazed a trail for technology promoters the world over. He explains his techniques for overcoming challenges and embracing opportunities. His 10 core principles of technology promotion, which offer the reader an especially valuable framework for moving between the very different worlds of the lab and the marketplace, cover the importance of appropriate timing, speed, commitment and mindset, while being rigorously simple and boldly ambitious. This book is an eye-opening primer for anyone interested in realising and optimising the commercial value of basic research.

Decoding **Sony Ericsson Xperia St18i**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is

genuinely awe-inspiring.
